Key Findings

Becker Was Just Another Corrupt, Hypocritical Politician

Becker is a wealthy hypocrite who has lined her pockets with government benefits meant for struggling small businesses even as she tried to score political points by attacking that funding publicly. Becker is a multimillionaire who has shown she is more than willing to use her wealth to fund her political ambitions. But Becker is also a hypocrite who attacked critical relief funds that helped struggling small businesses and working families in Nevada even as she benefitted from that same funding. Becker criticized Biden’s COVID-19 relief policies, calling them “out of control socialist spending” that increased inflation. Meanwhile, Becker was cashing in. Becker’s family businesses, including those she claimed an executive position in – Becker Gaming, Becker Enterprises, and Weddington Management – received more than $800,000 in PPP loans.

Becker is asking voters to grant her the power to tax and spend their money, but the gaming company she has profited from has been hit with multiple IRS tax liens totaling over $1.3 million. In November 2009, Becker Gaming Group was subject to an IRS tax lien for unpaid 2005 taxes of over $1 million. Then, in December 2011, Becker Gaming was subject to another IRS tax lien, this time for unpaid 2008 taxes of over $300,000. How can we trust Becker with our tax dollars if her family company can’t be counted on to pay their taxes on time?

Becker Fashioned Herself After The Most Extreme Elements Of Her Party, Suing To Overturn The Election She Lost And Spreading Baseless Conspiracy Theories

Becker is part of a rising tide of extremist politicians across the country who have sought to overturn lawful elections when they don’t like the outcome. After her November defeat in a state senate election, Becker filed a frivolous lawsuit attempting to overturn the results. Becker withdrew her own suit after a judge found “no evidentiary support” for her claims of widespread fraud. But Becker wasn’t finished trying to topple Nevada’s election results. She was soon back in court with another evidence-free lawsuit. A county judge rejected Becker’s request for a new election, again finding Becker presented no proof of fraud or impropriety. Becker even reached out to Trump’s delusional election lawyer, Sidney Powell, to aid her election challenges. If Becker gets power in Washington, she will join a growing chorus of lawmakers and others who seek to undermine our free and fair elections. Will your vote still count with Becker in office?

Beyond Becker’s self-serving efforts to overturn the results of her own election, she also trafficked in lies and misinformation about the 2020 presidential election. Becker did not answer when asked if she believed that Biden legitimately won the election and claimed there was voter fraud as a result of mail-in voting during the 2020 election. She falsely claimed “more people voted than were registered” in several precincts in Nevada. Her lies about the 2020 presidential election are just more evidence Becker is a threat to our votes being counted in future elections.

In the wake of the January 6 attack on the Capitol, Becker pushed conspiracy theories linked to the dangerous QAnon movement and sought to connect with supporters on the same platforms extremists used to organize the Capitol insurrection. Becker posted a video on Twitter and Facebook about the Q-Anon-linked “Great Reset” conspiracy theory which posits that the Covid-19 pandemic is a plot orchestrated by global elites intent on seizing control. The Anti-Defamation League has called out the “Great Reset” theory for its anti-Semitic elements. And just two days after the January 6 Capitol riot, Becker urged supporters to follow her on Gab and Parler, social media sites which were used for insurrection planning. Ever the conspiracist, Becker even pushed misinformation in support of the use of hydroxychloroquine in treating Covid, despite known dangers associated with its use.

Becker’s Dangerous And Out Of Touch Policy Stances Would Be A Disaster For Nevada
When it comes to policy, April Becker in office would be a disaster for Nevada’s working families, as she opposed even commonsense, bipartisan infrastructure investments set to benefit Nevadans. Becker criticized the Infrastructure Investment & Jobs Act (IIJA), specifically citing a false claim that it included a “hidden” tax hike for small businesses. This, even as the law is projected to create 140,000 jobs in Nevada and provide billions for highway and bridge repairs in the state. Becker stuck with her partisan allies and said no to improvements in high-speed internet, airport infrastructure – even water infrastructure, at a time when Nevada is facing a water shortage crisis. Becker opposed the American Rescue Plan, even though it provided a lifeline to Nevada small businesses and working families, jump-started our economic recovery, and bridged a state budget deficit, allowing public services like K-12 education and emergency services to weather the pandemic.

Becker can’t be trusted to maintain critical benefits for our seniors like Medicare and is supported by the same Washington politicians who have sought to repel the Affordable Care Act. Becker has criticized Medicare and complained about health care that is “controlled by the state.” With the fate of programs like Medicare and Medicaid potentially under threat in a future Republican-controlled House of Representatives, Becker can’t be trusted to stand up against her party in defense of our health care.

Becker is a threat to a woman’s right to choose. Becker stated she was pro-life with “exceptions for rape, incest, and the life of the mother” and received an endorsement from Nevada Right To Life, a group which supported overturning Roe v. Wade.

Becker is a threat to the ability of middle-class Nevadans to educate their children. Becker backed “school choice” schemes to transfer tax dollars to expensive private schools like the one where she sent her own children and served on the board of trustees. Becker favored allowing parents to use tax-funded vouchers to educate their children in private or religious schools, hollowing out the public school system at the expense of working families that can’t afford to send their children to elite private schools. Becker ominously claimed that Nevada had a failing education system and argued schools should be run like businesses.

✓ February 2021: Becker withdrew an “election contest complaint” she had previously filed with the Nevada Legislature.

Becker Spread Misinformation About The 2020 Nevada Elections And The Presidential Election

**Becker Filed Numerous Lawsuits And Complaints Seeking To Overturn The Election She Lost**

**November 2020: Becker Filed A Lawsuit Against Her 2020 Opponent Attempting To Overturn The Results Of Her 2020 State Legislative Election, Claiming There Was “Widespread Voter Fraud”**

**Becker Filed A Lawsuit Demanding A Re-Vote Of Her State Senate Election**

**Becker Filed A Lawsuit That Demanded “Fast-Track Action” To Overturn The Certified Results For Her Losing 2020 State Legislative Election, As Well As A Re-Vote.** “Election-related lawsuits flew Tuesday in Nevada, where a voting watchdog group organized by a conservative Nevada activist claimed fraud and asked a judge to nullify the Nov. 3 statewide election and two Republicans who lost Las Vegas-area races to Democrats went to court to demand re-votes. […] Two lawsuits filed Monday in state court in Las Vegas seek fast-track action to invalidate the election on behalf of GOP candidates Jim Marchant, who lost a bid for Congress by nearly 5% to incumbent Democratic U.S. Rep. Steven Horsford, and April Becker, who lost a state legislative race by less than 1% to Democratic Senate Majority Leader Nicole Cannizzaro. Attorney Craig Mueller, representing Marchant and Becker, did not immediately respond to messages.” [Nevada Appeal, 11/17/20]
Becker Claimed Her 2020 Election Loss Was “Tainted By Widespread Voter Fraud.” “Atop the widening field of Republican hopefuls in District 3 is April Becker, a state Senate candidate in 2020 who lost by just 631 votes in a race she later said was tainted by widespread voter fraud.” [Nevada Independent, 10/19/21]

Becker Voluntarily Dismissed Her Own Lawsuit After Fellow Failed Republican Candidate Jim Marchant’s Nearly Identical Claim Was Denied By A Judge “Citing Numerous Issues.”

11/20/20: Becker Voluntarily Dismissed Her Lawsuit Seeking A New Election. “Pursuant to NRCP 41(a)(1), Plaintiff, APRIL BECKER, by and through her counsel of record, the law firm of MUELLER & ASSOCIATES, INC, hereby gives notice that the above-captioned action is voluntarily dismissed, without prejudice against Defendants.” [Eight Judicial District Court, April Becker, Candidate for Senate District 6, vs Nicole Cannizzaro, Candidate for Senate District 6, Case_A-20-825067-P, Notice of Voluntary Dismissal, 11/20/20]

Becker Dismissed Her Lawsuit After Jim Marchant’s Nearly Identical Claim Was Denied By A Judge “Citing Numerous Issues.” “Judge Gloria Sturman denied defeated congressional candidate Jim Marchant’s attempt to force the county into a new election in the state’s 4th Congressional District, citing numerous issues. […] Finally, the plaintiff in a fifth case — defeated Republican State Senator candidate April Becker — dismissed her case against the county and her opponent, Senate Majority Leader made nearly identical claims in her lawsuit. She lost the contest for the State Senate’s 6th District by just 631 votes.” [Las Vegas Review-Journal, 11/20/20]

- A Nevada Secretary Of State Investigation Found “No Evidentiary Support” For Claims Of Widespread Fraud. “A lawsuit filed by Becker asking for a new election was later dismissed, and an investigation by the secretary of state’s office found no ‘evidentiary support’ for claims of widespread fraud.’” [Nevada Independent, 10/19/21]

- The Nevada State Democratic Party Chair Condemned The Lawsuit And Said The Nevada Secretary Of State And Attorney General Had Stated There Was No Widespread Voter Fraud In The Election. “Nevada State Democratic Party Chair William McCurdy II condemned the recent legal challenges in a statement Tuesday afternoon. ‘Attempts to challenge (Clark County) results based on voter fraud lack standing and should be regarded as attempts to discredit the electoral process,’ McCurdy said. ‘As our Secretary of State and Attorney General have stated many times, there have been no instances of widespread voter fraud in this election.’” [Las Vegas Review-Journal, 11/17/20]

November-December 2020: Becker Filed A Second Lawsuit Against The Clark County Registrar To Overturn The Results Of Her 2020 State Legislative Election, Claiming Illegal Use Of “Un-Trackable Ballots”

Becker’s Lawsuit Against Clark County Claimed Widespread Voter Fraud In Her State Senate Race Via The Illegal Use Of Scanning Machines To Count Mail Ballots

Becker Filed A Lawsuit To Invalidate The 2020 Election Due To “Un-Trackable Ballots” And The Use Of Scanning Machines, Even Though Similar Federal And State Lawsuits Had Failed In The Prior Weeks. “Two lawsuits filed Monday in state court in Las Vegas seek fast-track action to invalidate the election on behalf of GOP candidates Jim Marchant, who lost a bid for Congress by nearly 5% to incumbent Democratic U.S. Rep. Steven Horsford, and April Becker, who lost a state legislative race by less than 1% to Democratic Senate Majority Leader Nicole Cannizzaro. Attorney Craig Mueller, representing Marchant and Becker, did not immediately respond to messages. His court filings allege that universal mail voting left Clark County awash with ‘un-trackable’ ballots and the use of an optical scanning machine to approve ballot signatures violated state law that the lawsuit maintains requires humans to validate votes. A statement on behalf of Clark County and Gloria noted that similar arguments in recent weeks in federal and state court cases failed to convince judges to stop the count of mailed ballots.” [Reno Gazette Journal, 11/17/20]
Becker’s Lawsuit Against Clark County Claimed The Use Of Agilis Signature Verification Machines Violated State Law. “Two nearly identical lawsuits were also filed Monday by Republican Congressional candidate Jim Marchant and State Senate candidate April Becker, both of whom are represented by attorney Craig Mueller. The lawsuits claim that the use of an Agilis signature verification machine violated the state law, an argument that Republicans have tried and failed to make in other recent lawsuits. […] The lawsuits are asking judges to force the county commission to order a new election for all races in Clark County, or alternatively to order special elections specifically in the races that Marchant and Becker lost. Marchant lost to incumbent Democratic Congressman Steven Horsford by more than 16,000 votes, or a margin of nearly five percentage points, in the race for Congressional District 4. Becker lost the race for state Senate District 6 to Senate Majority Leader Nicole Cannizzaro by 631 votes, a margin of about 1 percentage point. […] Mueller, the attorney for Marchant and Becker, criticized the county’s election process during the same meeting. ‘There were so many fundamental flaws here with this election that nobody could reasonably believe that these outcomes … reflect the will of the people,’ Mueller said.” [Las Vegas Review-Journal, 11/17/20]

Becker’s Court Filings Alleged That Universal Mail Voting Forced The Use Of An Optical Scanning Machine That Violated State Law, Which Required Humans To Validate Votes. “His court filings allege that universal mail voting left Clark County awash with ‘un-trackable’ ballots and the use of an optical scanning machine to approve ballot signatures violated state law that the lawsuit maintains requires humans to validate votes.” [Nevada Appeal, 11/17/20]

Becker’s Lawsuit Was Similar To The One Filed By Dan Rodimer’s Unsuccessful 2020 Contest Against Susie Lee In NV-03

Becker Filed A Similar Lawsuit To One That Republican Candidate Dan Rodimer Had Filed Against Susie Lee In NV-03. “Defeated Republican congressional candidate Dan Rodimer filed a lawsuit Thursday asking a Clark County judge to overturn the county’s certified election results and order a new contest due to what the lawsuit claims are ‘substantial irregularities, improprieties and fraud’ found in the mail balloting process. The lawsuit is nearly identical to two others filed Monday by congressional candidate Jim Marchant and State Senate candidate April Becker. All three were written by Las Vegas attorney Craig Mueller. Rodimer was defeated by Rep. Susie Lee by about 12,500 votes in Lee’s 3rd District, all of which is contained in Clark County. Like Marchant and Becker, Rodimer claims the county’s use of a machine to verify signatures and the practice of sending ballots to all active registered voters, as required by a newly enacted state law, led to widespread fraud and improper voting. These claims mirror those made by Republicans and President Donald Trump’s campaign in prior lawsuits, which have been rejected by both state and federal courts in Nevada up to this point. Election officials and state leaders have also rejected these claims.” [Las Vegas Review-Journal, 11/19/20]

A Clark County Judge Rejected Becker’s Request For A New Election, Finding Becker Was Unable To Prove Widespread Improper Voting And Failed To Follow Proper Procedure

The Eighth Judicial District Court Rejected Becker’s Request For A New Election. “Before the Court is Plaintiff April Becker’s Petition for Writ of Mandamus and Complaint for Declaratory and Injunctive Relief (the “Petition”). Plaintiff Becker seeks to void the election of State Senator Nicole Cannizzaro and requests a new election (or “revote”) for all elections in Clark County, or alternatively, a revote in Nevada Senate District 6. […] The Court DENIES the Petition and DISMISSES this case. In this action, Plaintiff seeks a writ of mandamus or injunctive relief requiring a new election for Clark County in its entirety, or in Senate District 6. The Court will not order such relief for the following reasons.” [Eighth Judicial District Court, April Becker, Candidate for Senate District 6, vs Joseph P. Gloria, Registrar of Voters for Clark County, Nevada, Case_A-20-824878-W, Order, 12/2/20]

Becker’s Request For A New Election Was Rejected By A Clark County Judge After Becker Was Unable To Prove That There Was Widespread, Improper Voting. “A Clark County judge has denied a request from a Republican state Senate candidate to toss the election and have a do-over, saying the candidate had not proven there
was improper voting widespread enough to reverse her 631-vote loss. District Court Judge Joe Hardy Jr. issued his ruling from the bench on Tuesday in a lawsuit brought by Republican April Becker, who lost a race against Democratic Senate Majority Leader Nicole Cannizzaro in a swingy Las Vegas-area district. It’s the latest setback in a series of attempts to scrap election results in Clark County.” [Nevada Independent, 11/24/20]

- **The Clark County Judge Determined That The Burden Of Proving Improperly Cast Or Not Counted Ballots Was On Becker.** “Becker has the burden of proving that ballots were improperly cast or not counted, and the candidate had not met a standard of providing a preponderance of evidence, clear and convincing evidence or evidence on its face through the supplied exhibits. […] Unlike with Commission District C, where the contest was decided by 10 votes, Becker had not provided evidence that ballot discrepancies in Senate District 6 outnumbered the 631-vote margin in her race. (Gloria identified 139 ballot discrepancies in the commission district where more than 153,000 votes were cast, and 936 discrepancies countywide, where nearly 1 million votes were cast.” [Nevada Independent, 11/24/20]

A Las Vegas Judge Denied, On Procedural Grounds, Becker’s Efforts To Overturn Election Results And Force A Revote. “A judge in Las Vegas refused Tuesday to order a new election for a Republican state Senate candidate who argued that ballot discrepancies reported by Clark County’s elections chief might have made a difference in her 631-vote loss to the Legislature’s top Democrat. Clark County District Court Judge Joe Hardy Jr. denied, on procedural grounds, the effort by GOP candidate April Becker to force a re-vote in the race won by incumbent state Senate Majority Leader Nicole Cannizzaro. Hardy noted that Cannizzaro wasn’t a named party in Becker’s court filing against county Registrar of Voters Joe Gloria over his handling of the election, and that the case is actually a contest-of-election action. […] But he told Becker’s attorney, Craig Mueller, that ordering a new election in state Senate District 6, where more than 67,000 votes were cast, could invalidate other elections and disenfranchise voters in the state’s most populous county. Becker could seek action by the state Legislature when it convenes, the judge said. ‘This is as I stated, an election contest,’ Hardy ruled. ‘Ms. Cannizzaro needs to be a named party and, here, has not been.’” [AP, 11/24/20]

A Clark County Judge Ruled Against “Defeated Nevada Senate Candidate” April Becker’s Attempt To Invalidate The Results Of The County’s Election, “The Latest In A Series Of Failed Endeavors By Conservative Groups To Challenge Various Outcomes.” “A Clark County district judge on Tuesday ruled against a defeated Nevada Senate candidate’s attempt to invalidate the results of the county’s Nov. 3 election, the latest in a series of failed endeavors by conservative groups to challenge various outcomes. After a two-hour hearing, Judge Joe Hardy ruled against April Becker, a Republican who lost to state Senate Majority Leader Nicole Cannizzaro, a Democrat, by just 631 votes. He ruled that the case was filed improperly, as it did not include Cannizzaro as a party. He also agreed with arguments made by the county and state and national Democrats, who intervened in the case, that the case was essentially an election contest, which must be filed with the state Senate by law.” [Las Vegas Review Journal, 11/25/20]

The Judge Refused To Grant Becker’s Request To “Essentially Nullify A County’s Election.” “The judge also expressed some doubt as to whether a ruling would even be possible, given that the Nevada Supreme Court certified the general election at an earlier hearing on Tuesday. Finally, Hardy said he refused to grant Becker’s request to essentially nullify a county’s election. ‘If I were to do that, the court would disenfranchise, whether it be for those who voted in Clark County or just the folks in District 6,’ Hardy said. Craig Mueller, Becker’s attorney who has filed a handful of similar challenges on behalf of GOP candidates, sought to compel Clark County into a ‘revote’ of District 6, citing various election fraud claims.” [Las Vegas Review Journal, 11/25/20]

Clark County Judge On Becker’s Lawsuit: “If I Were To Do That, The Court Would Disenfranchise, Whether It Be For Those Who Voted In Clark County Or Just The Folks In District 6.” “The judge also expressed some doubt as to whether a ruling would even be possible, given that the Nevada Supreme Court certified the general election at an earlier hearing on Tuesday. February 2021: Becker Withdrew An “Election Contest Complaint” She Filed With The Secretary Of State And Nevada Legislature

February 2021: Becker Withdrew The “Election Contest Complaint” She Filed With The Nevada Legislature. “Arrington filed an election contest lawsuit in Clark County District Court last November, but that case was dismissed because election contests for legislative races have to be filed with the Legislature, not in court. The secretary of state’s office said it had received another election contest from former state Senate candidate April Becker, but that request was withdrawn in early February.” [Nevada Independent, 3/29/21]

- Becker Followed A Similar Path To Republican Assembly Candidate Cheryl Arrington By Filing An Election Contest Complaint With The Nevada Legislature, However, She Later Withdrew Her Contest. “Members of the Assembly have appointed a committee to investigate an election contest complaint submitted by a losing Assembly candidate. Assembly Speaker Jason Frierson (D-Las Vegas) on Monday appointed three lawmakers — Democrats Steve Yeager and Sandra Jauregui and Republican Tom Roberts — to serve on an election contest committee to review a complaint submitted by former Republican Assembly candidate Cheryl Arrington. She lost her bid for an Assembly seat to current office-holder Elaine Marzola (D-Las Vegas) by 1,197 votes, or four percentage points. […] The complaint largely echoes past uncredited allegations of mass voter fraud in the 2020 election, including depositions and exhibits included in past unsuccessful legal challenges to 2020 election contests, as well as several dozen emails and text messages received by Arrington from voters concerned that their vote was not counted. Arrington filed an election contest lawsuit in Clark County District Court last November, but that case was dismissed because election contests for legislative races have to be filed with the Legislature, not in court. The secretary of state’s office said it had received another election contest from former state Senate candidate April Becker, but that request was withdrawn in early February.” [Nevada Independent, 3/29/21]

- Cheryl Arrington’s Election Contest Complaint Ended After She Failed As Her Attorney Never Responded To The Creation Of The Committee To Hear Her Complaint. “The final challenge to the legitimacy of Nevada's 2020 election ended not with the revelation of scandalous evidence, but with a thud in a quiet, nearly empty legislative committee room on Thursday. There, three Assembly members — Steve Yeager (D-Las Vegas), Sandra Jauregui (D-Las Vegas) and Tom Roberts (R-Las Vegas) — met as a somewhat rare election contest committee to hear and recommend dismissal of an official challenge by former Assembly Republican candidate Cherlyn Arrington, who lost her bid to Democrat Elaine Marzola by nearly 1,200 votes in the 2020 election. No fiery defenses, groundbreaking evidence or actual lawyering occurred on Thursday — Legislative Counsel Bureau General Counsel Kevin Powers informed the committee that Arrington's attorney never responded after the election contest committee was formed in late March. Bottom of Form That led the committee to vote to approve recommending that the contest be dismissed with prejudice — meaning it cannot be re-filed over any procedural issues.” [Nevada Independent, 5/24/21]

Becker Complained The Election Was “Stolen” From Her By “Ballot Harvesting,” Mail-In Voting And Same Day Registration

December 2020: Becker Claimed Her Election Was Stolen And That Her Request For A Recount Would Cost $80,000

Becker Said Her Election Was “Stolen.”
Becker Complained That Her Request For A Recount Would Cost Almost $80,000. Becker posted: “This is the breakdown of what Joe Gloria demanded I pay for a recount in my state senate district race (with less than a 1% difference). Almost $80k, including $2,400 a day for a Dominion Democracy Suite vendor...why? Is that who ‘found’ the 74 extra ballots in County Commission Dist C recount?”

Becker Complained That The Republican Party Told Her To “Be Quiet And Play Nice” Instead Of Fighting Her “Rigged” Election Results
AUDIO: Becker Suggested That The Republican Party Told Her To “Be Quiet And Play Nice” After Her 2020 Election Loss Rather Than Fight The “Rigged” Election Results. [48:00] “Host: ‘Kind of on your own. I guess that means the party too. But I won't. I won't. I won't make you go to war with the party, if that's what you're saying. But that's just awful to hear.’ Becker: ‘What I will say is, I was advertised as a fighter. That's what all of my materials said. That's what we told people in my district: that I was a fighter, I would fight for Nevadans. Everybody felt good about that when they were saying it. But when it came time to fight, I was told to be quiet and play nice. And what my response to that was, I will never run for office again, in a state that allows their elections to be rigged. And if I am unelectable after this, I'm perfectly okay with that.’” [Soundcloud, Quite Frankly Podcast, 12/1/20] (AUDIO)

AUDIO: Becker Said That She Reached Out To Trump’s Election Lawyer, Sidney Powell, For Legal Support In Her Efforts To Overturn Her 2020 Election Loss. [47:05] “Host: ‘So then, have you been in touch with any of the Trump team lawyers or, or anything like that? I know that the eyes of the Trump campaign have been shifting to Nevada. He tweeted about Nevada, I think a couple of times today. So the day that your state gets that kind of national spotlight is coming closer. Have you have you reached out in any meaningful way? They seem to be taking calls from people, citizens candidates from down-ballot votes. Everybody alike. Ever consider that?’” […] Becker: 'I've tried. I've tried, I've reached out to Sidney Powell. And I know, she's got to be incredibly busy. I've reached out but I'm kind of on my own out here.’” [Soundcloud, Quite Frankly Podcast, 12/1/20] (AUDIO)

Becker Claimed Mail-In Voting Caused Voter Fraud In 2020 Despite Mail-In Voting For Registered Voters Being Passed Due To COVID In The Run-Up To The 2020 Election

Becker Claimed Many Mail-In Ballots “Magically Voted” After Nevada’s 2020 Mail-Voting Law Sent Ballots To All Registered Voters To Enable Safe Voting During COVID

AUDIO: Becker Did Not Believe That Nevada Should Have Mail-In Ballots, Complained About A 2020 Law Expanding Their Use During The Pandemic. [1:23] “Kevin Wall: ‘Do you have any complaints about that race [2020 Nevada SD-6 Election]?’ Becker: ‘Yeah, I think that pushing through our election laws two months before an election was the wrong thing to do. I don’t think we should have mail-in ballots. And it worked for the Democrats so that’s why they are trying to make it permanent.’” [670 AM KMZQ Kevin Wall Radio, 3/19/21] (AUDIO)

Becker Claimed Many Mail-In Ballots “Magically Voted” In The 2020 Election After Mail-In Ballots Were Returned From Addresses That Were Previously Undeliverable. “Becker: We had all mail-in ballots, even people who received a ballot during the primary, or had been returned as undeliverable. Joe Gloria, our registrar, took it upon himself and again against the statutes to go ahead and mail those same addresses ballots. And many of them magically voted even though they don’t live in those homes anymore and we’ve sent out people to find that out.” [Soundcloud, Quite Frankly Podcast, 41:08, 12/1/20]

• August 2020: Nevada’s Legislature Passed A Bill To Revise Election Procedures To Enable Safe Voting During The COVID-19 Crisis, Including Sending Mail-In Ballots. “State lawmakers passed a bill Sunday that would add Nevada to a growing list of states that will mail all active voters ballots ahead of the November election amid the coronavirus pandemic. The bill now heads to Gov. Steve Sisolak. If he signs it as expected, Nevada will join seven states that plan on automatically sending voters mail ballots, including California and Vermont, which moved earlier this summer to adopt automatic mail ballot policies.” [CBS News, 8/3/20]

Becker Said Nevada’s 2020 Mail-Voting Law Allowed “Ballot Harvesting” By Sending Mail-In Ballots To Inactive Voters, However, Ballots Were Only Sent To Registered Voters; However Nevada’s Republican Secretary Of State Found “No Evidence” Of Voter Fraud After GOP Claims

VIDEO: Becker Attacked Mail-In Voting And Called Nevada’s Updated 2020 Voting Policies “Ballot Harvesting”, [0:38] “Becker: ‘What I have a huge problem with is all mail-in voting. [...] And now with AB 4, we have ballot harvesting. This bill, was a piece of midnight legislation passed secretly over the weekend, in an attempt to keep Nevadans in the dark. Now, last week ballot harvesting was a felony in Nevada. But now, for the 2020 election, ballot harvesting is allowed.’” [Facebook, April Becker, 8/4/20] (VIDEO)

Becker Claimed That Unaccounted-For Mail-In Ballots From Inactive Voters Were Being Fraudulently Submitted. Becker tweeted: “Mail ballots sent to inactive voters will be unaccounted for and can be submitted fraudulently. Check it out: https://t.co/GQUAPXYBr0.” [Twitter, @VoteAprilBecker, 5/15/20]

Becker Claimed That Clark County Sent Mail-In Ballots To Inactive Voters Because Of Pressure From The State And National Democrats. Becker tweeted: “More than 223k ballots returned to Clark Co as undeliverable during primary. Bc of COVID concern, officials opted for 1st all-mail election in NV history. Unlike other counties, Clark mailed ballots to all-not just active-voters, bc of legal pressure from state & national Dems” [Twitter, @VoteApril Becker, 8/15/20]

Becker Criticized Nevada’s Policy Of Sending Mail-In Ballots To Active, Registered Voters By Retweeting A Claim That Active, Registered Voters Receiving Mail-In Ballots Would Cause “Electoral Shenanigans.”
August 2020: Ahead Of The 2020 Election Nevada Approved A Plan To Send Absentee Ballots To All Active Voters. “The state of Nevada has approved a plan to send absentee ballots to all active voters this November, a major expansion of mail-in voting in the battleground state. Over the weekend, the Democratic-controlled Nevada state legislature passed a sweeping election bill along party lines. Gov. Steve Sisolak, a Democrat, signed the legislation Monday afternoon. That makes Nevada the eighth state, along with the District of Columbia, to adopt universal vote-by-mail for the presidential election in November, amid the ongoing coronavirus pandemic.” [CNN, 8/5/20]

Nevada’s Republican Secretary Of State Reported Finding “No Evidence” On Nevada Republican Party’s Claims Of Voter Fraud In The 2020 Election. “CARSON CITY — Nevada’s Republican Secretary of State Barbara Cegavske, whose pushback on her own party’s allegations of massive voter fraud in the November election prompted her official party censure, said Wednesday her office’s just-completed review of the election found no evidence for the state GOP’s claims.” [Las Vegas-Review Journal, 4/21/21]

June 2021: Gov. Sisolak Signed Into Law A Permanent Expansion Of Mail-In Voting That Required All Registered Voters To Receive Mail Ballots For Primary And General Elections. “Nevada governor signs bill permanently expanding mail-in voting to all registered voters. […] Nevada Gov. Steve Sisolak (D) on Wednesday signed a new bill that expands mail-in voting to all registered voters, requiring local election officials to send out mail ballots before a primary or general election.” [The Hill, 6/3/21]

Becker Questioned 2020 Voter Turnout, Suggested More People Voted Than Were Registered

Becker Suggested That More People Voted Than Were Registered. Becker tweeted: “Joe Gloria is demanding $80k to recount ballots in a race that the official statement shows 9 precincts that got over 100% of registered voter turnout. More people voted than were registered...” [Twitter, @VoteAprilBecker, 12/3/20]

Same-Day Registration Was Passed Into Law During Nevada’s 2019 Legislative Session, Prior To The COVID Pandemic. “AB 345 of the 2019 legislative session introduced same-day registration to the State of Nevada. Essentially, same-day registration allows a voter to register for the first time or update their existing registration on the same day they vote. While this process is convenient, there are some important details to understand.” [Nevada Secretary of State, accessed 1/21/22]
Becker Would Not Say If She Believed Biden Won The Election

Becker Did Not Answer When Asked If She Believed That Biden Legitimately Won The Election. “April Becker, an attorney who is the top fundraiser so far among potential GOP challengers of Ms. Lee, is already trying to link the incumbent to the liberal U.S. House speaker from the state next door. […] She didn’t directly answer a question about whether she thinks Mr. Biden legitimately won the election.” [Wall Street Journal, 11/8/21]

Becker Interacted On Gab, Parler, Facebook, And Twitter About Q-Anon In The Wake Of The January 6th Insurrection

Becker Posted A Video About The “Great Reset” Conspiracy Theory Four Days After The Capitol Insurrection

• BBC: The Great Reset Was A “Baseless Conspiracy Theory” Which Claimed “A Group Of World Leaders Orchestrated The Pandemic To Take Control Of The Global Economy.” “We start with the revival of the baseless conspiracy theory, known as the ‘Great Reset’, which claims a group of world leaders orchestrated the pandemic to take control of the global economy. The conspiracy theory has its origins in a genuine plan entitled ‘The Great Reset’, drawn up by the World Economic Forum (WEF), the organisers of an annual conference for high-profile figures from politics and business. The plan explores how countries might recover from the economic damage caused by the coronavirus pandemic.” [BBC, Reality Check, 11/22/20]

• The Anti-Defamation League Has Called Out The Anti-Semitic Elements Of The Great Reset Conspiracy Theory. “As is so often the case with conspiracy theories, one can find antisemitic sentiments in the Great Reset, with some believers going so far as to accuse Jews of orchestrating the plot or invoking George Soros and the Rothschild family. In a video posted on December 6 that has since been viewed more than 17,000 times, antisemitic conspiracy theorist Adam Green of Know More News asserts that the World Economic Forum is controlled by Jews who are using the Great Reset as part of a plan to ‘set up a Zionist, Noahide, One World Government according to the prophecies.’ He adds, ‘the Great Reset is totally tied in with all of this.’ Rick Wiles, the antisemitic host of the TruNews streaming media platform, also applied an antisemitic gloss to
the Great Reset conspiracy theory. In an October 30 stream that has been viewed on Facebook alone over 57,000 times, Wiles warned that the ‘Globalist Great Reset’ is a ‘plot to overthrow freedom and imprison Christians around the globe.’” [ADL.org, 12/29/20]

Political.tips: Becker Tweeted About The “QAnon-Centered ‘Great Reset’” In The Wake Of The January 6th Insurrection. “On January 10th, in the heady days after the Capitol Hill insurrection, April Becker was ready. Ready for the Qanon centered ‘Great Reset.’ According to Newsweek ‘The ‘great reset’ is a conspiracy...’ based ‘...around the belief that world leaders and global elites somehow planned the pandemic for their own personal gains.’ The date the reset was supposed to take place: January 20th. Inauguration day. And Ms. Becker prepared for the event by sharing a YouTube video entitled, 'THE GREAT RESET’.” [Political.tips, 11/18/21]

Becker Was Vocal In The Days Following January 6th And Attempted To Drum Up A Following On Gab And Parler. “While Becker wasn't the only Republican candidate interested in the unhinged contents of the Qanon cult, Sam Peters also liked her tweet, she was the most vocal in the days after January 6th, touting social media handles on 'Gab' and 'Parler' as a way to follow her fringe ideas.” [Political.tips, 11/18/21]

Becker’s Dangerous And Out Of Touch Policy Stances Would Be A Disaster For Nevadans

Significant Findings

Becker Opposed The Infrastructure Investment & Jobs Act Bill Despite Its Crucial Investments In Nevada’s Infrastructure And Creation Of An Estimated 140,000 Jobs

✓ Becker criticized the Infrastructure Investment & Jobs Act (IIJA), specifically citing a false claim that it included a “hidden” tax hike for small businesses.

✓ Becker’s claim resembled a viral Facebook post claiming the infrastructure bill hid a 3% property tax on its 2,385th page, a claim PolitiFact rated “pants on fire” false.

✓ Republicans who voted for IIJA noted that the bill did not raise taxes.

✓ Becker criticized the IIJA despite the multiple benefits it held for Nevada.

✓ IIJA was projected to create 140,000 jobs in Nevada.

✓ IIJA was set to provide Nevada $2.5 billion for highway improvement and $225 million for bridge repairs.

✓ IIJA was set to provide $459 million in funding to improve Nevada’s public transportation.

✓ IIJA was set to provide Nevada with at least $100 million to expand broadband coverage, with 26% of Nevadans also eligible for a benefit to make internet access cheaper.

✓ IIJA was set to provide Nevada $293 million to improve airport infrastructure.

✓ IIJA was set to provide Nevada $3.5 billion in weatherization to lower energy bills.

✓ IIJA was set to provide Nevada $403 million to improve water infrastructure; Nevada was facing a water crisis including the first-ever water shortage in Lake Mead.

✓ IIJA was set to provide Nevada $38 million to expand the EV charging network and the opportunity apply for $2.5 billion in further EV funding.

✓ IIJA was set to provide Nevada $8.6 million to protect against wildfires; the number of fires in Nevada have doubled since the 1970’s.

Becker Opposed The American Rescue Plan, Which Provided Stimulus Checks For Nevada Workers, Emergency Loans For Thousands Of Nevada Businesses, And A Child Tax Credit For 80 Percent Of Nevada’s Families

✓ Becker was against higher taxes to address the coronavirus budget crisis, but also opposed the American Rescue Plan that helped Nevada bridge that deficit with over $5 billion in state, local, and K-12 funding without raising taxes.
Becker Criticized Medicare And Attacked Health Care In Nevada For Being “Controlled By The State”

- Becker attacked Medicare and complained it caused health care to be “controlled by the state.”
- Becker argued Medicare reimbursement rates were too low, claiming that “Medicare has doctors working in an environment not unlike pro-bono work.”
  - Becker said low reimbursement rates under Medicare were replicated under private insurance, making it harder to “attract good doctors” to Nevada.
  - Becker said her main approach to improving Nevada’s health care system was to “attract good doctors.”
- 2020: Becker’s 2020 opponent accused Becker of supporting the repeal of the ACA, citing her support from pro-repeal politicians.

Becker Opposed The Infrastructure Investment & Jobs Act Bill Despite Its Investments In Nevada’s Infrastructure And Creation Of An Estimated 140,000 Jobs

Becker Criticized The Infrastructure Investment & Jobs Act Bill

Becker Criticized Democrats’ “TRILLION-Dollar Infrastructure Plan,” Claiming It Included A “Hidden Tax Hike On Small Business Owners.” “Joe and Nancy Pelosi are pushing for passage of their TRILLION-dollar infrastructure plan that includes a hidden tax hike on small business owners. This will be disastrous for many small businesses still recovering from the Covid shutdowns. Our country deserves better leadership. Becker’s Claim About A “Hidden Tax Hike” Resembled A False Facebook Post About A 3% Property Tax

PolitiFact Rated “Pants On Fire” A Viral Facebook Claim That The Infrastructure Bill Contained A 3% Property Tax On Residential And Commercial Property Hidden On Page 2,385 Of The Legislation. “Facebook posts claim that the ‘infrastructure bill’ on page 2385 presents a federal property tax of 3% on all homes and land - both residential and commercial.’ Three tax policy experts who have extensively reviewed the Biden infrastructure agenda said the claim was inaccurate. Pages 2,385 in both the Build Back Better Act and the Infrastructure Investment and Jobs Act don’t mention a federal property tax. A direct federal property tax as described in the post would be very difficult to make constitutional. We rate this claim Pants on Fire!” [PolitiFact, 10/4/21]

Sen. Rob Portman: IIJA Invested In Infrastructure “Without Raising Taxes.” “U.S. Senator Rob Portman (R-OH) issued the following statement today after the U.S. House of Representatives voted to approve the Infrastructure Investment & Jobs Act by a bipartisan vote of 228-206 […] ‘Nationwide, it represents a historic $542 billion investment in the roads, bridges, ports, waterways, railroads, electrical grids, broadband networks, and more. It will create hundreds of thousands of good paying jobs, and it does all of this without raising taxes.’” [Office of Sen. Rob Portman, Press Release, 11/5/21]

Sen. Mitt Romney: IIJA Was “Not Going To Raise Taxes.” “U.S. Senator Mitt Romney (R-UT) today spoke on the Senate floor ahead of the introduction of legislative text of the Infrastructure Investment and Jobs Act, bipartisan infrastructure legislation negotiated by U.S. Senator Mitt Romney (R-UT) and his colleagues. ‘They say that making law is like making sausage, but I have seen sausage made and it’s a prettier process and it’s a lot easier. But this has been a lot more rewarding. I have enjoyed the time we have had together. My good friend from West Virginia talked about how much money we are spending here, how big this is, but let me underscore something. This is paid for, this is not going to raise taxes on people. This is instead taking some money that was already
appropriated—not used—for COVID relief. We are going to bring that back and use it to help build infrastructure. This is a bill which is paid for and that gives the American people what they desperately need, and that is and upgrade in our infrastructure.” [Office of Sen. Mitt Romney, Press Release, 8/2/21]

Becker Complained Too Much Of Nevada’s Health Care System Was “Being Controlled By The State” Specifically Referencing Medicare. “Donald: ‘What is your approach to improve Nevada’s healthcare system?’ Becker: ‘We need to attract good doctors, that’s at the top of my lists of healthcare needs. Medicare has doctors working in an environment not unlike pro-bono work. Insurance companies want to pay doctors the lowest fee possible and they want to only pay the same rate Medicare is paying. This means the physicians have to see a huge number of patients in order to drive revenue. When people asked me about healthcare, I did not understand how much of it is being controlled by the state. There’s a joke in Nevada healthcare. If someone is asks where should I go to the doctor, the answer is ‘the airport.’ Nevada is not known for great healthcare but it should be and it can be. 2022: Nevada Right To Life Released A Statement That “Roe And Casey Must Be Overturned” In Support Of The Dobbs V. Jackson Supreme Court Case. “On December 1, 2021, the United States Supreme Court will hear the abortion case Dobbs v. Jackson Women’s Health Organization concerning Mississippi’s 2018 ‘Gestational Age Act’ which protects babies after 15-weeks gestation. The court is considering the question as to whether all pre-viability prohibitions on elective abortions are unconstitutional. Viability, the time when the child can ‘survive on its own’ apart from the mother, is considered to be about 21-22 weeks. Dobbs v Jackson could be a direct challenge to Roe v Wade and the subsequent Casey decision which dictate that ‘a State may not prohibit any woman from making the ultimate decision to terminate her pregnancy before viability.’ […] Please join us in praying that the Supreme Court finally recognizes the humanity of the unborn. The case is not expected to be settled until the spring. Until then, Nevada Right to Life will provide information and perspective from several different groups and their briefings as to why the Mississippi law should be upheld and why Roe and Casey must be overturned.” [Nevada Right To Life, 11/30/21]

Becker Voiced Support For Letting Parents Take Tax Dollars To Send Children To Private Schools

Becker Supported School Choice And Said Parents Should Be Able To Take Their Tax Dollars And Use It To Educate Their Children Wherever They Desire. “Education can fail and we keep funding it and empowering it to fail even more. There is very little accountability in the Nevada education system, it can continue to fail without recourse. I am a candidate that supports education choice because choice creates accountability at every level.” [IVoteNevada, 5/19/20]

Becker Said Nevada Needed To “Shake Things Up” And Give Parents “Choices” On Education. “We need to shake things up, rethink how we teach our kids and stop doing what they’ve done for decades – it isn’t working. Parents need choices, schools need accountability and our leaders need the courage to make real changes rather than just do what a few special interests tell them to do. There are innovators making real strides in education all across the country, but we need to elect leaders in Nevada who are willing to make changes and reject the status quo. We need lawmakers who will make education a priority – our current leadership fought to pay themselves
more before working to improve our schools. That is ridiculous, and it’s why we need a change.” [April Becker For State Senate, Values, 8/7/20]

Becker Opposed The Scaling Back Of Opportunity Scholarships Which Gave Businesses Tax Credits For Donating Scholarships To Families To Attend Private Schools. “Becker also criticized moves to scale back Opportunity Scholarships, which give businesses tax credits for donations to scholarships that families can use to attend private schools” [Nevada Independent, 10/18/20]

Becker Called For Running Schools Like A Business

Becker Claimed That Nevada Had A Failing Education System And Compared Running Schools To Running A Business. “Donald: ‘Your website lists education as one of your priorities…why is it Nevada has a failing education system and what’s your answer to it?’ Becker: ‘Nevada does have a failing education system. Our approach has been to dump more money into the system and to remove the accountability structure. If a business lacks accountability, has poor customer service it will eventually fail, but that’s not true with education. Education can fail and we keep funding it and empowering it to fail even more. There is very little accountability in the Nevada education system, it can continue to fail without recourse. Parents should be able to take their tax dollars and use it to educate their children wherever they desire. I am a candidate that supports education choice because choice creates accountability at every level.’” [IVoteNevada, 5/19/20]

Becker Said That Education Should Be Run Like A Business With Accountability Measures For Schools And Teachers. “Becker, who serves on the board of trustees at the private Meadows School in Las Vegas, said that education should be run like a business, with accountability measures in place for schools and teachers. ‘I don’t think throwing more money at it is the fix,’ Becker said.” [Las Vegas Review Journal, 9/27/20]

Becker Defended The Use Of Family Separation On The Border And Supported The Creation Of The Border Wall With Mexico

Becker Defended The Use Of Family Separation While Criticizing Biden For Losing Thousands Of Migrant Children At The Border

Becker Defended Family Separation On The Border With The Logic That When American Citizens Are Arrested For Committing A Crime, Children In Their Custody Are Placed In Police Custody. “If an American citizen is arrested for committing a crime while in custody of their child…the child goes into police (government) custody. The child doesn’t go to jail with the adult. This type of settlement sets a ridiculous precedent that reaches far beyond illegal border crossings.” [Facebook, April Becker, 11/9/21]
Becker Claimed A Potential Settlement Compensating Families That Were Unlawfully Separated At The Border “Sets A Ridiculous Precedent That Reaches Far Beyond Illegal Border Crossings,” Implying It Could Impact Prosecution Of Crimes By US Citizens. “If an American citizen is arrested for committing a crime while in custody of their child…the child goes into police (government) custody. The child doesn’t go to jail with the adult. This type of settlement sets a ridiculous precedent that reaches far beyond illegal border crossings.” [Facebook, April Becker, 11/9/21]

Becker Criticized The Biden Administration For “Losing Track” Of Thousands Of Migrant Children At The Border. “Thousand of migrant children are crossing our borders daily and the U.S. government is losing track of them! Joe Biden is failing America. Sign the petition to stand against Joe Biden's border policy!” [Facebook, April Becker, 9/14/21]

- An Advocate For Migrant Children Argued That Failing To Make Contact With Migrant Minors Did Not Mean That They Were In Danger Or The Government Did Not Know Where The Child Is.
  “According to Axios, the records show that during the first five months of 2021, ‘care providers made 14,600 required calls’ to migrant minors released from shelters run by the Department of Health and Human Services and 4,890 of the attempts failed to make contact. But ‘that doesn’t mean the child is lost or the child is necessarily in danger — it means no one picked up the phone,’ said Jennifer Podkul, vice president of policy and advocacy at Kids in Need of Defense, a nonprofit that provides legal services to migrant children. Podkul said the government does collect information, including addresses, on sponsors, who assume responsibility to care for migrant children as they go through deportation proceedings. Sponsors are also required to undergo background checks. While there are legitimate reasons to be concerned about migrant children given their vulnerability, Podkul said, ‘we don’t have any information to suggest these children were ‘taken.’ ‘Even if the sponsor didn’t answer or return a call, she said, that alone doesn’t mean the government doesn’t know where the child is or that the child isn’t still participating in court proceedings.” [AP, 9/9/21]

If you’re familiar or lived here in 2015, you know that we had a Republican majority in the State Senate and the State Assembly and we had a Republican governor. I’m sorry, voters, I should say.’ Becker: ‘Absolutely. It has. And we are just kinda fed up with the misinformation and the contradictions that are occurring with our government officials right now. We are open, we are happy, the restaurants are open, people are excited. And, you just see what’s going on with inflation and gas prices and grocery prices. That song was truth then and its truth now. That song isn’t bashing teachers or education. It’s a metaphor about the government trying to control the thoughts and actions of people. It was about fear and how arrogant people use fear as an instrument of control and domination over those who don’t have any power. And that’s exactly what the government is up to right now. Mandating that you get a vaccine or else. Telling you not to question your kids are learning in school. Just let the government control them.’” [Facebook, April Becker, 10/12/21] (VIDEO)

But that's just awful to hear.'” Becker: ‘What I will say is, I was advertised as a fighter. That's what all of my materials said. That's what we told people in my district: that I was a fighter, I would fight for Nevadans. Everybody felt good about that when they were saying it. But when it came time to fight, I was told to be quiet and play nice. And what my response to that was, I will never run for office again, in a state that allows their elections to be rigged. And if I am unelectable after this, I'm perfectly okay with that.’” [Soundcloud, Quite Frankly Podcast, 12/1/20] (AUDIO)

He tweeted about Nevada. I think a couple of times today. So the day that your state gets that kind of national spotlight is coming closer. Have you have you reached out in any meaningful way? They seem to be taking calls from people, citizens candidates from down-ballot votes. Everybody alike. Ever consider that?’” […] Becker: ‘I’ve tried. I’ve tried, I’ve reached out to Sidney Powell. And I know, she’s got to be incredibly busy. I’ve reached out but I’m kind of on my own out here.’’” [Soundcloud, Quite Frankly Podcast, 12/1/20] (AUDIO)

While In Law School Becker Helped Design A Bill That Eased The Regulations Allowing Additional Foreign Governments To Invest In Gaming Businesses Like Her Family’s Company

Becker Helped Craft A.B. 218, A Nevada Gaming Law, While She Was A Student At UNLV Law School. “Students from the gaming law legislative seminar that senator Richard Bryan and I teach will testify from Las Vegas today in support of their 2009 legislative project, A. B. 218. […] Control Board Chairman Dennis Neilander provided invaluable assistance to the students when A.B. 218 was considered by the Assembly Judiciary Committee and they are comforted by his presence today. You will hear shortly from the three members of the student Senate Judiciary Committee team, but all the students have played some role in creating or advancing their bill. I have submitted for the record a copy of my prepared remarks, which contains all their names. […] April Becker.” [Nevada Senate Judiciary Committee, Testimony of Bob Faiss, 5/11/09]

- A.B. 218 Confirmed That Government Funds Or Companies Owned By Governments Were Allowed To Invest In Nevada’s Gaming Industry. “As you will hear from student team leader James Conway, A.B. 218 confirms specific discretion that already is within the general discretion held by the gaming control agencies and which they already have skillfully exercised in the public interest. The precedent for it is found in a 1985 amendment that affirmed any stockholder of a foreign public company would be ‘subject to such finding of suitability as the commission may prescribe.’ Since then, the Control Board and the Gaming Commission have thoroughly investigated and approved a number of stockholders of Canadian, United Kingdom, Australian and Japanese public companies, companies that have been successful, reliable and valuable members of the Nevada gaming industry. A.B. 218 utilizes that same language for investments made with funds held by governments or by companies owned by governments. There is very reason to expect that the exercise of that same discretion with respect to those investments will also benefit Nevada.” [Nevada Senate Judiciary Committee, Testimony of Bob Faiss, 5/11/09]

✓ A.B. 218 Was Passed In 2019 And Eased Requirements For Allowing The Nevada Gaming Commission To Provide Licenses To Governmental Entities. “AN ACT relating to gaming; authorizing the Nevada Gaming Commission to prescribe the manner of regulating governmental entities that are involved in gaming; revising the definition of ‘sports pools’; revising the provisions relating to off-track pari-mutuel wagering; and providing other matters properly relating thereto.” The bill passed in the House 31 to 10. The bill passed in the Senate 17 to 2. Governor signed the bill into law. [AB 218: As Enrolled, 5/22/09; LegiScan, House Final Passage, 4/21/09; LegiScan, Senate Passage, 5/22/09; LegiScan, Approved By Governor, 6/3/09]

Marquis Aurbach Coffing Defended Becker Gaming’s Corporation Becker Steakhouse For Failing To Pay Rent And The Late Fees Subsequently Totaling $32,585.52. “SA GROUP PROPERTIES, INC., a Minnesota Corporation, Plaintiff, v. BECKER GAMING, INC. a Nevada Corporation dba BECKER STEAKHOUSE; BRUCE BECKER […] The Court finds that Defendants failed to pay late fees required under the Lease, and that
late fees are owed by Defendants to Plaintiff in the amount of $32,585.52 […] Submitted by: MARQUIS AURBACH COFFING […] April L. Becker Esq.” [Eighth Judicial District Court, SA Group Properties Inc vs Becker Gaming, Case_A-10-618421-C, Findings of Fact, Conclusions of Law and Order 2, 3/30/12]

The Court Found That Under The Terms Of The Lease Becker Gaming Owed The Plaintiff, SA Group Properties, $32,585.52 In Late Fees. “Therefore, the Court concludes that Defendants are not entitled to partial summary judgment to preclude Plaintiff from recovering under the Late Charges provision, and that late fees should be awarded to Plaintiff in the amount of $32,585.52. 1994: Missouri Gaming Commission Rejected Becker Gaming’s Application For A Casino Due To Its Failure To Disclose An Agreement With Lawyers And Lobbyists Connected To Mobsters

Becker Gaming Spent $12 Million On A Riverboat Casino Project In Jefferson City, MO…

Becker Gaming Was Chosen By Jefferson City To Operate A Riverboat Casino And Had Spent $12 Million On The Project. “Staff officials said the company failed to disclose in its license application its promise to pay $ 6 million in stock or cash to a group of lawyers and lobbyists, including Kansas City lawyer Byron Fox. The action came after the staff of the commission unanimously recommended denial. Jefferson City had picked Becker Gaming to operate a riverboat casino. The Las Vegas company already has spent about $ 12 million on the project. But after a public hearing, and then more than an hour of closed deliberations, the commission approved a resolution denying Becker Gaming’s application because of ‘misrepresentations’ and ‘false statements’ on its application. […] Earlier, Greg Omer, general counsel for the commission, told the panel the nearly $ 6 million
agreement for Fox and others for legal work and other assistance clearly should have been spelled out in the application. Even though questions on the application ‘are about as broad as possible’ Omer said officials of the Las Vegas company deliberately failed to describe the payment plan. Besides Fox, the group scheduled to share in the $6 million included Las Vegas lawyers Oscar Goodman and David Chesnoff, who are known nationwide for representing mobsters, and Kansas City political consultant Cathryn Simmons.” [Kansas City Star, 9/29/94]

**…Before The Missouri Gaming Commission Unanimously Rejected The Application From Becker Gaming And Recommended The Company Be Banned Permanently From Missouri’s Gaming Industry**

The Missouri Gaming Commission Unanimously Rejected An Application From Becker Gaming For A Casino, Decided The Company Could Not Reapply For Two Years, And Recommended A Permanent Ban From Gaming In Missouri. “The Missouri Gaming Commission on Wednesday night rejected a Las Vegas company's application to open a casino in Jefferson City. The commission voted 5-0 to turn down an application by Becker Gaming Inc., the first time the panel has turned down an applicant. […] The commission decided Becker officials cannot apply for a Missouri license for two years. The staff had recommended that the company be permanently banned from Missouri's gambling industry.” [Kansas City Star, 9/29/94]

**Becker Gaming Failed To Disclose An Agreement With Lobbyists Tied To The Missouri House Speaker And Lawyers Known For Representing Mobsters**

September 1994: Becker Gaming Was Banned From Missouri For Two Years After Failing To Disclose A $6 Million Deal With Lawyers And Lobbyists Including The Missouri House Speaker (Bob Griffin) And Lawyers (Byron Fox) Known For Representing Mob Figures. “In September 1994 the Gaming Commission banned Becker Gaming for two years, ruling it had failed to disclose a $6 million deal with a group of lawyers and lobbyists. They included a close friend of Bob Griffin, then the Missouri House speaker, and three attorneys known for representing mob figures, including Kansas City lawyer Byron Fox. Becker sued the commission, arguing that the state had to conduct a more thorough investigation before denying a license.” [Kansas City Star, 5/4/96]

- **The Missouri Gaming Commission Maintained Its Decision To Reject Becker Gaming’s Application For A Casino.** “The Missouri Gaming Commission was right when it threw Becker Gaming out of the state, the state appeals court has ruled. The court said the commission followed proper procedure when it banned the Las Vegas company, even though the commission did not first make an exhaustive investigation. What the commission already knew, the court said, was bad enough. The ruling overturned a decision last year by Cole County Circuit Judge Byron Kinder, who had ordered the commission to reconsider Becker's application to open a casino in Jefferson City. ‘A thorough investigation is a prerequisite only for granting a license, not denying it,’ the appeals court ruled in a unanimous opinion.” [Kansas City Star, 5/4/96]

If Becker Gaming Was Awarded A Casino License, Byron Fox, Becker’s Las Vegas Lawyers, And A Political Consulting Company Closely Tied To Bob Griffin Would Have Each Earned Millions. “The $6 million deal at issue would have paid off only if state regulators awarded Becker Gaming a casino license. The arrangement would have paid roughly $2.3 million to Fox, his wife and his law firm. An additional $1.3 million was earmarked for the law firm of Las Vegas lawyers Oscar Goodman and David Chesnoff, who introduced Becker to Fox. Finally, the deal would have paid about $2.3 million to Public Issue Management, a Kansas City political consulting company run by Cathryn Simmons. She is a close friend and fund-raiser for Griffin. Griffin resigned his state post after the deal became public. He remains the subject of a federal criminal investigation. Griffin, Becker and others linked to the deal have denied any wrongdoing.” [Kansas City Star, 5/4/96]

Becker Gaming’s Request For A Casino Was Rejected For Failing To Disclose Its Agreement With Lobbyists And Lawyers Known For Representing Mobsters. “Staff officials said the company failed to disclose in its license application its promise to pay $6 million in stock or cash to a group of lawyers and lobbyists, including Kansas City lawyer Byron Fox. The action came after the staff of the commission unanimously
recommended denial. Jefferson City had picked Becker Gaming to operate a riverboat casino. The Las Vegas company already has spent about $12 million on the project. But after a public hearing, and then more than an hour of closed deliberations, the commission approved a resolution denying Becker Gaming's application because of 'misrepresentations' and 'false statements' on its application. [...] Earlier, Greg Omer, general counsel for the commission, told the panel the nearly $6 million agreement for Fox and others for legal work and other assistance clearly should have been spelled out in the application. Even though questions on the application 'are about as broad as possible' Omer said officials of the Las Vegas company deliberately failed to describe the payment plan. Besides Fox, the group scheduled to share in the $6 million included Las Vegas lawyers Oscar Goodman and David Chesnoff, who are known nationwide for representing mobsters, and Kansas City political consultant Cathryn Simmons.” [Kansas City Star, 9/29/94]

**Becker Gaming Was Represented By Oscar Goodman And David Chesnoff.** “Omer said officials of the Las Vegas company deliberately failed to describe the payment plan. Besides Fox, the group scheduled to share in the $6 million included Las Vegas lawyers Oscar Goodman and David Chesnoff, who are known nationwide for representing mobsters, and Kansas City political consultant Cathryn Simmons.” [Kansas City Star, 9/29/94]

- **Oscar Goodman Was Las Vegas’s Mayor From 1999 To 2011 And Was A High-Profile Defense Attorney Known For Representing Mobsters.** “That’s our quirky Las Vegas Mayor Oscar Goodman. [...] Every time Goodman ran for the mayoral post he won big. In 1999 Goodman defeated then-City Councilman Arnie Adamsen, garnering 64 percent of the vote. In 2003 he was reelected to a second four-year term, defeating five opponents in the primary and collecting 86 percent of the vote. In 2007 he was reelected to a third and final term with 84 percent of the vote, again defeating five people in the primary. A public office limitation law prohibits him from serving additional terms. [...] During his career as a high-profile defense attorney he represented mobsters including organized crime kingpin Meyer Lansky, former Stardust hotel boss Frank ‘Lefty’ Rosenthal and Chicago Mafia enforcer Tony ‘The Ant’ Spilotro.’ [Las Vegas Sun, 5/15/08]

- **David Chesnoff Was Oscar Goodman’s Law Partner.** “Chesnoff speculated today that Green ‘may be mad that Oscar Goodman beat him up recently in the (money laundering) case of Manny Baker.’ Goodman is Chesnoff's law partner.” [Las Vegas Sun, 12/19/96]

- **1995: Bruce Becker Was Charged With 18 Misdemeanors For Allegedly Misleading Regulators On An Application For Becker Gaming’s Gaming License.** “Bruce Becker owns Becker Gaming Inc., which donated to the sheriff. In 1995, Becker was charged with 18 misdemeanors for allegedly misleading regulators on an application for his gaming license, according to published reports. The charges were dismissed because the one-year statute of limitations had expired.” [Orange County Register, 11/28/05]

- **The Charges Against Bruce Becker Were Later Dismissed After The One-Year Statute Of Limitations Expired.** “Bruce Becker owns Becker Gaming Inc., which donated to the sheriff. **Bruce Becker Was Charged With A Misdemeanor For Lying On A State Gaming License Application.** “The reason: Missouri Attorney General Jay Nixon has charged Becker and one of his subsidiaries with criminal counts of lying on a state Gaming license application. Those misdemeanor charges also contend that Becker Gaming hid its financial ties to Fox and Griffin's friends. Tom Irwin, executive director of the commission, said this week that he had not yet seen the appeals court ruling in the civil case.” [Kansas City Star, 5/4/96]

**Becker Gaming Owned 60 Acres In Jefferson City Even After The Casino Project Failed.** “As if the city's casino situation wasn't murky enough, prominent people are having second thoughts about the site that the city had approved for Becker, the 60 acres that Becker still owns.” [St. Louis Post-Dispatch, 3/27/95]

**December 1994: Aztar Corp. Backed Out Of Its Acquisition Of Becker Gaming Subsidiary Created For Its Riverboat Casino In Jefferson City.** “Casino and hotel operator Aztar Corp. has decided against its planned acquisition of riverboat gambling company Capitol Queen and Casino Inc. Capitol Queen, a subsidiary of privately held Becker Gaming Inc., was formed to develop a casino riverboat operation in Jefferson City, Mo. Aztar said Thursday it terminated the purchase for business reasons and didn't elaborate further.” [AP, 12/2/94]

**May 1997: Becker Gaming’s Stated That There Was “Substantial Doubt” About Its “Ability To Continue” Due To Its Failure In Missouri And Other Losses.** “The company's Capitol Queen subsidiary is still trying to sell its land in Jefferson City and a completed boat that never left the shipyard. Together the assets are valued at $7.8 million. In an SEC filing, Becker said it's spent $21.7 million on the aborted Missouri project. Capitol Queen still owes $20 million on the bonds, which are in default, and $4.8 million in past-due interest. To make matters worse, the debt is guaranteed by another Becker entity, Arizona Charlie's. That's a Las Vegas casino that caters to the 'locals' business. Arizona Charlie's also issued bonds, $55 million worth, that are in default. For the nine months ending March 31, 1997, Arizona Charlie's lost $5 million on revenue of $46 million. Becker has another subsidiary called Sunset Coin, which operates slot machine routes in Las Vegas. For the nine months ending March 31, Sunset Coin earned $446,000 on revenue of $1.98 million. But Sunset also guaranteed the Arizona Charlie's bonds. In a May 16 SEC filing, Becker Gaming said there is 'substantial doubt' about its 'ability to continue as a going concern.'” [St. Louis Post-Dispatch, 9/1/97]

**September 1997: Carl Icahn Bought Debt Of Two Becker Subsidiaries Including the Jefferson City Casino Project And Applied For A Nevada Gaming Distributor’s License.** “Icahn, the former owner of Trans World Airlines [...] the big question we have is what Icahn wants with Becker Gaming Inc. That's the Las Vegas company that tried to develop a riverboat casino in Jefferson City. The Review-Journal reported recently that Icahn has purchased debt of two Becker subsidiaries. One of those subsidiaries, Capitol Queen and Casino, sold $40 million worth of bonds to finance the Jefferson City project. In September 1994, however, the Missouri Gaming Commission voted to reject Becker's application for a license. [...] So what would Icahn do with what looks like a house of cards, so to speak? We couldn't reach him for comment last week. Gerry Heetland, a lawyer in Las Vegas who represents Becker, has no idea what Icahn's up to, either. [...] Stock in Becker Gaming is privately held, but its debt is public. Stock in Stratosphere is publicly traded; it's now a penny stock. In May, according to the Review-Journal, Icahn applied for a Nevada Gaming distributor's license.” [St. Louis Post-Dispatch, 9/1/97]
**1994: Becker Gaming Invested In A Riverboat Casino Business In Mississippi**

Becker Gaming Purchased A $10 Million Stake In A Riverboat Dockside Casino In Biloxi, Mississippi. “The Company had initiated, and subsequently halted (due to financial constraints), construction of a dockside casino, similar to the Southern Belle, to replace the riverboat at the Biloxi site. [...] The proposed financing would involve the sale of $5.0 million of Convertible Preferred Stock (the ‘Convertible Preferred Stock’) to Becker Gaming, Inc. (‘Becker Gaming’), and the sale by the Company of $5.0 million of seven-year 9 percent Convertible Subordinated Notes.” [Southwest Newswire, 8/19/94]

- **Becker Gaming Earned A 3% Commission And Other Incentives.** “Under the management agreement with the Company, Becker Gaming will manage the Biloxi Belle and Southern Belle for a five-year term in exchange for a quarterly management fee equal to 3 percent (3.5 percent prior to completion of the Biloxi Project) of monthly gross revenues, plus, upon completion of the Biloxi Project, an incentive management fee equal to 100 percent of ‘Adjusted EBITDA’ (as defined) each year in excess of $27 million and up to $30 million, plus 25 percent of Adjusted EBITDA for each year in excess of $30 million. Under certain circumstances, the Company will have the option to terminate the Management Agreement, which may require the payment of a termination fee.” [Southwest Newswire, 8/19/94]

- **Becker Gaming Provided Management Services And Gained Two Directors.** “Becker Gaming will provide management services including supervision of the Company’s Biloxi and Tunica facilities, recruiting, hiring, training and supervision of employees and assisting in the recruiting and training of the Company’s executive staff, supervision of marketing, financial, accounting, legal, development and construction services, internal control and reporting systems and compliance with regulatory and licensure requirements. Pursuant to a stockholders’ agreement between Becker Gaming and the Company’s current stockholder to be entered into concurrently with the Management Agreement, Becker Gaming will be entitled to designate up to two directors of the Company.” [Southwest Newswire, 8/19/94]

- **Becker Gaming Had The Opportunity To Purchase The Company.** “It is also proposed that the Company and its equity holders would grant to Becker Gaming an option, exercisable subject to certain conditions during the period Oct. 1, 1995 to Dec. 31, 1996, to acquire the Company for a fixed valuation price. The acquisition consideration will be cash or, if Becker Gaming is or is about to be a public Company and the holders of the Company’s stock so elect, Becker Gaming common stock in an amount equal to $50 million less the amount of accrued and unpaid management fees due Becker Gaming, if any, plus the appraised value of any business operations then conducted by the Company (other than the Southern Belle and the Biloxi Belle) and any other approved Gaming sites then owned by the Company.” [Southwest Newswire, 8/19/94]

2014: Becker Enterprises Was Sued Over A Noncompete Tobacco Clause For One Of The Tenants On Their Land

April Becker Served As Becker Enterprises’ Attorney When 7-Eleven Sued Them As The Landlord Of A Business Selling E-Cigarettes And Therefore Breaking The Noncompete Tobacco Clause In The Lease. “7-Eleven insists it is and wants Becker Enterprises to boot a local e-cigarette operation out of the shopping center the two share based on a noncompete clause in the lease. To achieve that goal, 7-Eleven is suing Becker Enterprises, the landlord. Matt Becker and his wife, April Becker, a lawyer who represents Becker Enterprises, take the position that Sky Vapors doesn’t sell tobacco products. […] ‘Statutes define a cigarette as having a tobacco leaf somewhere inside it or wrapped around it,’ April Becker said, revealing her legal defense. It would be easier not to defend the lawsuit, but the Beckers are going to challenge it. ‘The judge has to define if it's tobacco,’ said Matt Becker, an ex-smoker who has never used e-cigarettes but disputed that they are a tobacco product. ‘I would not go against any exclusivity agreement.” [Las Vegas Review-Journal, 4/21/14]

Becker Successfully Defended Becker Enterprises Over A Tobacco Exclusivity Clause For One Of Their Tenants, Sky Vapors, Businesses Ruling That E-Cigarettes Are Not Tobacco Products. “But at least in this single lawsuit, District Judge Michelle Leavitt came down on the side of Becker Enterprises, which was sued under the name of its related company, Durango Sahara. Leavitt concluded e-cigarettes are not tobacco products. In February, she laid out her rationale, a decision that allows Sky Vapors, which sells e-cigarettes, to remain at 8643 W. Sahara Ave., in a shopping center on the southwest corner of Sahara Avenue and Durango Drive. Leavitt tossed the case and granted the summary judgment sought by Becker Enterprises. She said exclusivity clauses in commercial leases ‘are considered a restraint of trade, and as such, are strictly construed against the person seeking the enforcement.’ […] So, Leavitt said, e-cigarettes are not tobacco products. The nicotine in e-cigarettes, which have gained popularity in the past three years and are now a $2.5 billion industry, is not in a tobacco leaf form. It’s in a liquid form. The timing on the Feb. 2 hearing was perfect, according to Becker Enterprises attorneys April Becker and Jessica Goodey. Two weeks later, the Southern Nevada Health District said e-cigarettes are harmful to people’s health and should be regulated.” [Las Vegas Review-Journal, 4/1/15]

- Becker Successfully Defended Becker Enterprises Against A Lawsuit From 7-Eleven Over A Tobacco Exclusivity Clause In One Of Becker Enterprises’ Properties. “Because products derived from tobacco, “vapor products” and e-cigarettes are not “tobacco products,” the Landlord did not breach the Lease and Defendants are entitled, as a matter of law, to summary judgement in their favor. 23. In addition, Becker Enterprises, LLC’s is not a party to the Lease, and therefore Becker Enterprises, LLC’s is entitled to summary judgement in its favor.” [Eighth Judicial District Court, 7-Eleven, Inc. vs Durango Sahara, LLC, Becker Enterprises LLC, Case_A-14-698018-C, Findings of Fact, Conclusions of Law and Order, 2/2/15]

### 2017 Recall Election Of Nicole Cannizzaro

The Republican State Leadership Committee Funded The Effort To Recall Cannizzaro And Replace Her With Becker. “The decision marks the end of the drawn-out effort by Republican groups — funded by the Republican State Leadership Committee and championed by former Republican Senate Leader Michael Roberson — to remove two Democratic senators and one nonpartisan lawmaker and reverse the balance of power in the state Senate, where Democrats now enjoy a 13-8 advantage.” [Nevada Independent, 4/19/19]

Republicans Chose Becker To Replace Nicole Cannizzaro Through A Recall Election. “A petition seeking to recall a third Nevada state senator in a competitive district was filed Wednesday. The notice of intent for the recall targets Democrat Nicole Cannizzaro, who represents Senate District 6 in the northwest Las Vegas Valley. The effort seeks to replace Cannizzaro with April Becker, a Republican. It was filed by Neil Roth, CEO of Xtreme Green Electric Vehicles; his wife, Claire Roth; and a Kathryn McKenzie. None of the signers of the notice immediately returned phone calls seeking comment. Cannizzaro did not return phone calls Wednesday, but issued a statement in which she lambasted the effort to remove her, and added that she is ‘confident the voters of District 6 will have my back.’ ‘Nevada Republicans have stooped to a new low by filing this baseless petition, but I’m not surprised by their secretive political games,’ Cannizzaro said. ‘The shady special interests and cowardly legislators behind this subversion of the recall process don’t intimidate me one bit.’ Senate Majority Leader Aaron Ford, D-Las Vegas, piled on the criticism of Republicans. ‘Nevadans are sick and tired of the dirty political games and the dangerous path that Republicans are trying to lead us down,’ he said in a statement.” [Las Vegas Review-Journal, 8/16/17]

Becker Was One Of Three Nominees To Replace Democratic Nevada State Senators In The 2017 Republican Effort To Take Back Control Of The State Senate. “Republicans would gain control of the state Senate if three recalls of senators are successful. Although Glover, Becker and Buck are nominated, anyone can file to run against a recalled official. According to the Nevada Secretary of State, a nominating petition must contain signatures equal to 25 percent of the number of registered voters who voted in the state, or in the county, district or municipality holding the election of the recalled official. That petition must be filed at least 20 days before a special election. Paperwork has been filed for three recall committees targeting Democratic Sens. Joyce Woodhouse of Henderson and Nicole Cannizzaro of Las Vegas, as well as Sen. Patricia Farley of Las Vegas, an independent. Farley, who caucused with Democrats during the 2017 Legislature after leaving the GOP, is not running for reelection in 2018.” [Las Vegas Sun, 8/28/17]

The Republican Petition To Replace Cannizzaro With Becker Failed In 2017. “For Cannizzaro, it’s the first election since Republicans attempted an expensive recall effort that targeted her and two other senators 2017 that eventually fell short of triggering a recall election. During those efforts, Republicans hoped to replace Cannizzaro with Becker.” [Las Vegas Review-Journal, 9/29/20]
The Petition Aiming To Replace Cannizzaro With Becker Failed To Reach The Threshold Which Would Have Initiated A Recall Election. “In a unanimous decision published Friday, the seven members of the court rejected an argument from backers of the recalls that Clark County District Court Judge Jerry Wiese erred in ordering a full recount of signatures on recall petitions targeting Democratic Sens. Joyce Woodhouse and Nicole Cannizzaro. […] Under Nevada law, a successful recall petition requires signatures from 25 percent of voters who cast a ballot in the last election of the targeted office-holder, gathered within a 90-day period. Signatures are reviewed by local and state election officials, who take out invalid signatures in order to determine whether or not the petition hits the required threshold.” [Nevada Independent, 4/19/19]

Las Vegas Sun Editorial: 2017 Recall Effort Was A Partisan Power Grab. “An effort by Nevada Republicans to recall two Democratic state senators and replace them with GOP candidates is despicable in so many respects, it’s hard to know where to start criticizing it. So in no particular order, here are some of the key problems with it: It’s an abuse of the recall provision, an attempt to hijack the democratic process, an affront to voters, a possible step toward nonstop elections and a potential form of political bullying that will only add to the corrosiveness of partisanship in the Legislature. […] Update: Shortly after this editorial was written, Democrat Nicole Cannizzaro, who represents Senate District 6 in the northwest Las Vegas Valley, was targeted for recall. The petition aims to replace her with April Becker, a Republican.” [Las Vegas Sun, Editorial, 8/17/17]

2020: Nevada Democrats Cast Becker As A Candidate Who Had Previously Tried To Steal Cannizzaro’s Seat Through A Recall Election. “April Becker, who also previously tried and failed to steal a Senate seat, is back. Wonder how she’ll try and earn the trust of Nevadans in SD6 with this record.” [Nevada Democrats, press release, 3/13/20]

March 2020: Becker Filed To Run Against Nicole Cannizzaro For The 6th State Senate District. “Democratic leadership did not seem concerned when asked about the impact the presidential race may have on down-ballot races, however. Both Cannizzaro and Frierson said Democratic legislative candidates had been active in making their presence known. ‘I think we’re all very invested in each of our districts,’ Cannizzarro said. ‘We spend a lot of time getting out, knocking on doors (and) getting to know our constituents.’ […] First-day filers Here is a list of candidates in Clark County that filed Monday for election to the 2021 Nevada Legislature. […] District 6: Nicole Cannizzaro*, Democrat; April Becker, Republican” [Las Vegas Sun, 3/3/20]

The Las Vegas Review Journal Endorsed Becker Over Cannizzaro, Contrasting Cannizzaro’s Job As A Clark County Prosecutor And Pro-Union Stances With What It Said Was Becker’s Pro-Business And Pro-Economic Development Outlook. “Ms. Cannizzaro, who didn’t return phone calls, is a Clark County prosecutor serving in defiance of the state constitution’s separation of powers clause, making laws and enforcing laws at the same time. She oversaw the illegal passage of two tax hikes last session, since overturned, when they were enacted without the required two-thirds support in the upper chamber. Ms. Cannizzaro has shown a propensity for siding with public-sector unions over state taxpayers. Ms. Becker, an attorney, calls the 2019 Legislature the ‘most anti-business session in the history of the state’ and argues that higher taxes are no answer for the coronavirus budget hole. ‘I don’t think at this time,’ she said, ‘we can tax people who have been devastated.’ She vows a commitment to transparency and pledges to be a friend of economic development. ‘We were a very business-friendly state,’ Ms. Becker notes, ‘but if we continue on the road we’re on … why would anyone want to move their business here?’” [Las Vegas Review-Journal, Editorial, 9/26/20]

Victor Joecks Op-Ed: Governor Sisolak Hurt Cannizzaro And Aided Becker By Shifting Blame For A Budget Cut To The Unemployment Office ThatDelayed Unemployment Payments. “Sisolak’s blame shifting has political implications as well. Cannizzaro is facing a competitive re-election campaign. Now her opponent, April Becker, can tell voters that Sisolak blamed Cannizzaro for passing a budget that cut staffing in the unemployment office. Without those budget cuts, thousands of Nevadans would have received their unemployment payments sooner.” [Las Vegas Review-Journal, Victor Joecks Op-Ed, 4/18/20]
Becker Campaigned On An Ice-Cream Truck She Bought, Handing Out Treats While Meeting Voters. “But Cannizzaro still has a battle on her hands in the person of April Becker. A fellow lawyer, Becker is campaigning on typical Republican themes, but in an unusual way. She bought an old ice cream truck, for example, and meets would-be constituents while handing out frozen treats.” [Las Vegas Review-Journal, 10/17/20]

- **On Election Day, Becker Gave Out Popsicles From Her Ice-Cream Truck As Well As Coffee And Donuts.** “April Becker, the Republican candidate for District 6 of the Nevada state Senate, distributed popsicles to voters at the Rainbow Library during the early-morning rush. Becker handed out red, white and blue popsicles to voters from a blue ice cream truck. Becker’s husband was driving the truck, which had an enlarged photo of Becker on it. They also distributed popsicles in the weeks leading up to the election. ‘When COVID happened, we couldn’t knock on doors anymore. It’s been a lot of fun and kind of takes the edge off politics,’ she said. Also, her campaign workers had two tables set up with donuts and coffee for voters.” [Las Vegas Sun, 11/3/20]

2020: Becker Lost To Cannizzaro By 631 Votes. “April Becker, a Las Vegas attorney and Republican who narrowly lost a bid to unseat Nevada state Senate Majority Leader Nicole Cannizzaro in 2020, has filed paperwork to challenge Democratic Rep. Susie Lee for the state’s 3rd Congressional District in 2022 […] In November, Becker lost to the state senate’s top Democrat by 631 votes.” [Las Vegas Review-Journal, 2/22/21]

Becker’s 2020 State Senate Campaign Was Bankrolled By Koch-Backed Groups

Nevada Independent HEADLINE: “Koch-Backed Groups Targeting Key Legislative Races, Congressional Seat In Final Weeks Of Election” [Nevada Independent, 10/14/20]

Americans For Prosperity Action and LIBRE Initiative Action, Two Koch-Backed Super PACs, Announced A Six-Figure Investment Into Four Competitive Legislative Races Including April Becker’s Race. “Americans for Prosperity Action and the LIBRE Initiative Action, two political advocacy organizations backed by billionaire Charles Koch, announced on Wednesday a six-figure investment this cycle into four competitive legislative races and a key congressional seat in Nevada. The two libertarian advocacy groups will focus their efforts on boosting state Sen. Heidi Gansert's re-election campaign in Senate District 15 — a key seat in Democrats' quest to secure a supermajority in the Senate — and flipping three legislative seats held by Democrats. The candidates in those races are April Becker in Senate District 6, Andy Matthews in Assembly District 37 and Steven DeLisle in Assembly District 29.” [Nevada Independent, 10/14/20]

**February 2021: Becker Filed To Run In Nevada’s 3rd Congressional District Against Susie Lee.** “April Becker, a Las Vegas attorney and Republican who narrowly lost a bid to unseat Nevada state Senate Majority Leader Nicole Cannizzaro in 2020, has filed paperwork to challenge Democratic Rep. Susie Lee for the state’s 3rd Congressional District in 2022. Becker submitted her statement of candidacy to the Federal Election Commission on Feb. 15 and has updated her campaign website for the new race, asking visitors to ‘help Republicans take back the House’ and ‘stop the socialist agenda.’ ‘I look forward to highlighting the differences between myself and Susie Lee over the course of the next 21 months,’ Becker said in a statement. ‘Nevadans will have a clear choice when it comes to picking their next representative.’ In November, Becker lost to the state senate’s top Democrat by 631 votes. She then joined a flurry of Republican-led legal challenges against local election officials, joining Lee’s 2020 challenger, Dan Rodimer, and a handful of other local candidates. None were successful. Becker is the second Republican to file against Lee. Mark Robertson, who according to a Linkedin page is a retired U.S. Army colonel and financial planner from Henderson, filed on Jan. 8.” [Las Vegas Review-Journal, 2/22/21]

**October 2021: During The Third Quarter Of 2021, Becker Spent More Than Any Other Nevada House Candidate With $25,000 In Digital Ads And $187,000 Paid To Half A Dozen Consulting Firms.** “Of the more than $219,000 Becker spent during the quarter — which was more than any other House candidate in Nevada — roughly $25,000 went to a handful of digital advertising campaigns, including one campaign with a price tag of $14,500. Becker’s cash outflow otherwise went to a half-dozen consulting firms — covering a range of expenses from email list rentals to fees — to the tune of more than $187,000.” [Nevada Independent, 10/19/21]

Mark Robertson, Another 2022 Candidate For Nevada’s 3rd Congressional District, Said Becker Should Run In Her Own District 4. [28:00] “Robertson: “The one that has gotten name recognition is April Becker. April does not live in the district. April is a neighbor of Susie Lee. She does not live in the district, she does not understand the people of this district. She should be running in District 4. I like April Becker. I told Sharelle I went to her office when she filed a month after I did, I told her we shouldn’t fight, we shouldn’t do anything. I promised her I won’t do anything to hurt you and she said I can’t make the same promise. She should run in her district.” [Sharelle Mendenhall hosts Meet the Candidates, 9/12/21]

**Becker Did Not Report The Vendors Or Payees For 26 Of Her 29 In-Kind Expenditures.** [FEC, Becker for Congress, October Quarterly 2021, 10/15/21; FEC, Becker for Congress, July Quarterly 2021 Amendment, 10/15/21]

- **Candidates Who Use In-Kind Contributions Over $200 Or Exceed $200 In Aggregate Must Report The Ultimate Payee, Or Vendor For The Expenditure.** “Candidates can pay for campaign expenditures with personal funds. When these expenditures are not to be reimbursed, the committee reports them as in-kind contributions from the candidate. The committee also reports ultimate payee (i.e., the vendor) for the expenditure. Reporting on candidate forms House and Senate committees report in-kind contributions on Form 3, Lines 11(d) and 17. When determining whether to itemize an in-kind contribution, treat it the same as a monetary contribution. An in-kind contribution from the candidate is itemized on Schedule A, supporting Line 11(d) when it: Exceeds $200 or Aggregates over $200 when added to other contributions received from the candidate during the election cycle.” [FEC, accessed 1/24/22]

Honey Badgers Are Women Who Believe That Men Have Been Marginalized And Rally Against Feminism.

“You've seen the video, right? The one with the vicious, weasel-skunk-fox hybrid sticking its nose into bee-filled holes, gnawing on mice, tearing the heads off snakes, and shaking off venomous cobra bites, waking up after a few minutes to return to eating its attacker’? You know, the one that ends with, ‘Honey badger don't care. Honey badger don't give a shit’? If you're one the nearly 75 million people who've watched the YouTube sensation since it was posted in 2011, you may think you're familiar with this whole Honey Badger thing. You have no idea. The women scattered across the U.S. and Canada who call themselves Honey Badgers have no true affiliation with the ferocious carnivorous mammals, nor with the viral nature mockumentary meme. They are, in fact, a group of concerned individuals who have banded together to stand up to a society that unfairly targets a segment of the population vulnerable simply because of its gender. That marginalized group? Men. […] The women of the men's rights movement (AKA Honey Badgers, or, at their most organized, the Honey Badger Brigade) don't do so much picketing in the streets as much as they post on Reddit (/r/MensRights), tweet (#DontMancriminate), upload podcasts (Honey Badger Radio), and generally raise hell. Sample posts, headlines, and tweets by Honey Badgers include: ‘You weren't raped. You're a whore. Join the club’; ‘Going Mental: She Might Be a Crazy Bitch If … Red Flags!’; ‘The feminist draft is fully operational. If you have a vagina or mangina youre [sic] forced to obey. #WomenAgainstFeminism.’” [Marie Claire, 9/18/15]

No wonder they want to erase history, now I understand!” [Twitter, @VoteAprilBecker, 12/15/21]

Adam Laxalt Endorsed April Becker. “April is a small business owner and working mom that would be a strong voice for Las Vegas in the US House,” said Laxalt. “April will fight back against Speaker Pelosi’s radical leftist Democrat controlled Congress, she will stand up to the defund police movement and she will fight for American workers and job creators. Electing her to Congress will help retire Nancy Pelosi and put America back on the right track.”” [voteaprilbecker.com, accessed 12/1/21]

• The Basque Fry Was A Conservative Event In Nevada Hosted By Laxalt In Which The Specialty Dish Is Fried Lamb Testicles. “Nevada’s top Basque elected official, Attorney General Adam Laxalt, on Saturday is hosting his third annual Basque Fry, a jamboree that draws some of the country’s most well-known conservative politicians to a ranch in Gardnerville, about an hour south of Reno. The event is modeled off of the Basque lamb fry that Laxalt’s grandfather Paul Laxalt, a former Nevada governor and U.S. senator, held throughout his career both in Nevada and Washington D.C. Though it’s quickly become one of the must-attend events for conservatives across the nation — Republican presidential hopefuls Ted Cruz, Scott Walker and Ben Carson attended in 2015 — it’s also an unmistakably Basque event that speaks to both Laxalt’s and the state’s Basque heritage. The featured dish at the event is a Basque speciality, lamb fries: sliced, breaded and fried lamb testicles. Laxalt told the Reno Gazette-Journal that his grandfather served the testicles stewed but that he likes them fried best.” [Nevada Independent, 8/26/17]

Keystone’s goal is to find, support and develop the next generation of Nevada leadership that will move the Silver State in that direction. […] What they then organized was a Nevada non-profit corporation, known at the time as the Keystone Corporation. Its mission then, as now, was to promote more responsible government and a business-friendly environment. Its means would be to participate in the election process and send to Carson City men and women who share those same values.” [Keystone Corporation Nevada, accessed 1/12/22]

## Significant Findings

**Becker Filed Multiple Unsuccessful Lawsuits To Invalidate Her Election Loss**

- November 2020: Becker filed a lawsuit against her 2020 opponent attempting to overturn the results of her 2020 state legislative election claiming there was “widespread voter fraud.”

- Becker voluntarily dismissed her own lawsuit after fellow failed Republican candidate Jim Marchant’s nearly identical claim was denied by a judge who found “no evidentiary support” for claims of widespread fraud.

- November - December 2020: Becker filed a second lawsuit against the Clark County Registrar attempting to overturn the results of her state legislative election, claiming illegal use of “un-trackable ballots.”

  - Becker’s lawsuit against Clark County claimed widespread voter fraud in her state senate race via the illegal use of scanning machines to count mail ballots.

  - Becker’s lawsuit was similar to the one filed by Dan Rodimer over his unsuccessful 2020 contest against Susie Lee in NV-03.

  - A county judge rejected Becker’s request for a new election, finding Becker was unable to prove there was widespread, improper voting and failed to follow proper procedure.

- December 2020: Becker claimed her election was stolen and complained about the $80,000 estimated cost of a recount.

- February 2021: Becker withdrew an “election contest complaint” she had previously filed with the Nevada Legislature.

- Becker complained the Republican Party told her to “be quiet and play nice” instead of fighting her “rigged” election results but defended her lawsuits: “If I am unelectable after this, I’m perfectly okay with that.”

  - Becker said she reached out to Trump’s election lawyer Sidney Powell to aid her election challenges but did not receive a response from the “incredibly busy” Powell.

**Becker Spread Misinformation About The 2020 Nevada Elections And The Presidential Election**

- Becker did not answer when asked if she believed that Biden legitimately won the election.

- Becker claimed that there was voter fraud as a result of mail-in voting during the 2020 election and condemned the law Nevada passed to mail all voters absentee ballots amid the pandemic.

  - Becker claimed many ballots “magically voted” in the 2020 election after mail-in ballots were returned from addresses that were previously undeliverable.

- Becker called into question the level of turnout in Nevada’s 2020 election, claiming “More people voted than were registered” in several precincts.
November 2020: Becker Filed A Lawsuit Against Her 2020 Opponent Attempting To Overturn The Results Of Her 2020 State Legislative Election, Claiming There Was “Widespread Voter Fraud”

Becker Filed A Lawsuit Demanding A Re-Vote Of Her State Senate Election

Becker Filed A Lawsuit That Demanded “Fast-Track Action” To Overturn The Certified Results For Her Losing 2020 State Legislative Election, As Well As A Re-Vote. “Election-related lawsuits flew Tuesday in Nevada, where a voting watchdog group organized by a conservative Nevada activist claimed fraud and asked a judge to nullify the Nov. 3 statewide election and two Republicans who lost Las Vegas-area races to Democrats went to court to demand re-votes. […] Two lawsuits filed Monday in state court in Las Vegas seek fast-track action to invalidate the election on behalf of GOP candidates Jim Marchant, who lost a bid for Congress by nearly 5% to incumbent Democratic U.S. Rep. Steven Horsford, and April Becker, who lost a state legislative race by less than 1% to Democratic Senate Majority Leader Nicole Cannizzaro. Attorney Craig Mueller, representing Marchant and Becker, did not immediately respond to messages.” [Nevada Appeal, 11/17/20]

Becker Claimed Her 2020 Election Loss Was “Tainted By Widespread Voter Fraud.” “Atop the widening field of Republican hopefuls in District 3 is April Becker, a state Senate candidate in 2020 who lost by just 631 votes in a race she later said was tainted by widespread voter fraud.” [Nevada Independent, 10/19/21]

Becker Voluntarily Dismissed Her Own Lawsuit After Fellow Failed Republican Candidate Jim Marchant’s Nearly Identical Claim Was Denied By A Judge “Citing Numerous Issues.”

11/20/20: Becker Voluntarily Dismissed Her Lawsuit Seeking A New Election. “Pursuant to NRCP 41(a)(1), Plaintiff, APRIL BECKER, by and through her counsel of record, the law firm of MUELLER & ASSOCIATES, INC, hereby gives notice that the above-captioned action is voluntarily dismissed, without prejudice against Defendants.” [Eight Judicial District Court, April Becker, Candidate for Senate District 6, vs Nicole Cannizzaro, Candidate for Senate District 6, Case_A-20-825067-P, Notice of Voluntary Dismissal, 11/20/20]

Becker Dismissed Her Lawsuit After Jim Marchant’s Nearly Identical Claim Was Denied By A Judge “Citing Numerous Issues.” “Judge Gloria Sturman denied defeated congressional candidate Jim Marchant’s attempt to force the county into a new election in the state’s 4th Congressional District, citing numerous issues. […] Finally, the plaintiff in a fifth case — defeated Republican State Senator candidate April Becker — dismissed her case against the county and her opponent, Senate Majority Leader made nearly identical claims in her lawsuit. She lost the contest for the State Senate’s 6th District by just 631 votes.” [Las Vegas Review-Journal, 11/20/20]

- A Nevada Secretary Of State Investigation Found “No Evidentiary Support” For Claims Of Widespread Fraud. “A lawsuit filed by Becker asking for a new election was later dismissed, and an investigation by the
secretary of state’s office found no ‘evidentiary support’ for claims of widespread fraud.’” [Nevada Independent, 10/19/21]

- The Nevada State Democratic Party Chair Condemned The Lawsuit And Said The Nevada Secretary Of State And Attorney General Had Stated There Was No Widespread Voter Fraud In The Election.

“Nevada State Democratic Party Chair William McCurdy II condemned the recent legal challenges in a statement Tuesday afternoon. ‘Attempts to challenge (Clark County) results based on voter fraud lack standing and should be regarded as attempts to discredit the electoral process,’ McCurdy said. ‘As our Secretary of State and Attorney General have stated many times, there have been no instances of widespread voter fraud in this election.’” [Las Vegas Review-Journal, 11/17/20]

**November-December 2020: Becker Filed A Second Lawsuit Against The Clark County Registrar To Overturn The Results Of Her 2020 State Legislative Election, Claiming Illegal Use Of “Un-Trackable Ballots”**

Becker Filed A Lawsuit To Invalidate The 2020 Election Due To “Un-Trackable Ballots” And The Use Of Scanning Machines, Even Though Similar Federal And State Lawsuits Had Failed In The Prior Weeks.

“Two lawsuits filed Monday in state court in Las Vegas seek fast-track action to invalidate the election on behalf of GOP candidates Jim Marchant, who lost a bid for Congress by nearly 5% to incumbent Democratic U.S. Rep. Steven Horsford, and April Becker, who lost a state legislative race by less than 1% to Democratic Senate Majority Leader Nicole Cannizzaro. Attorney Craig Mueller, representing Marchant and Becker, did not immediately respond to messages. His court filings allege that universal mail voting left Clark County awash with ‘un-trackable’ ballots and the use of an optical scanning machine to approve ballot signatures violated state law that the lawsuit maintains requires humans to validate votes. A statement on behalf of Clark County and Gloria noted that similar arguments in recent weeks in federal and state court cases failed to convince judges to stop the count of mailed ballots.” [Reno Gazette Journal, 11/17/20]

Becker’s Lawsuit Against Clark County Claimed The Use Of Agilis Signature Verification Machines Violated State Law.

“Two nearly identical lawsuits were also filed Monday by Republican Congressional candidate Jim Marchant and State Senate candidate April Becker, both of whom are represented by attorney Craig Mueller. The lawsuits claim that the use of an Agilis signature verification machine violated the state law, an argument that Republicans have tried and failed to make in other recent lawsuits. […] The lawsuits are asking judges to force the county commission to order a new election for all races in Clark County, or alternatively to order special elections specifically in the races that Marchant and Becker lost. Marchant lost to incumbent Democratic Congressman Steven Horsford by more than 16,000 votes, or a margin of nearly five percentage points, in the race for Congressional District 4. Becker lost the race for state Senate District 6 to Senate Majority Leader Nicole Cannizzaro by 631 votes, a margin of about 1 percentage point. […] Mueller, the attorney for Marchant and Becker, criticized the county’s election process during the same meeting. ‘There were so many fundamental flaws here with this election that nobody could reasonably believe that these outcomes … reflect the will of the people,’ Mueller said.” [Las Vegas Review-Journal, 11/17/20]

Becker’s Court Filings Alleged That Universal Mail Voting Forced The Use Of An Optical Scanning Machine That Violated State Law, Which Required Humans To Validate Votes.

“His court filings allege that universal mail voting left Clark County awash with ‘un-trackable’ ballots and the use of an optical scanning machine to approve ballot signatures violated state law that the lawsuit maintains requires humans to validate votes.” [Nevada Appeal, 11/17/20]
Becker’s lawsuit was similar to the one filed by Dan Rodimer’s unsuccessful 2020 contest against Susie Lee in NV-03.

Becker filed a similar lawsuit to one that Republican candidate Dan Rodimer had filed against Susie Lee in NV-03. “Defeated Republican congressional candidate Dan Rodimer filed a lawsuit Thursday asking a Clark County judge to overturn the county’s certified election results and order a new contest due to what the lawsuit claims are ‘substantial irregularities, improprieties and fraud’ found in the mail balloting process. The lawsuit is nearly identical to two others filed Monday by congressional candidate Jim Marchant and State Senate candidate April Becker. All three were written by Las Vegas attorney Craig Mueller. Rodimer was defeated by Rep. Susie Lee by about 12,500 votes in Lee’s 3rd District, all of which is contained in Clark County. Like Marchant and Becker, Rodimer claims the county’s use of a machine to verify signatures and the practice of sending ballots to all active registered voters, as required by a newly enacted state law, led to widespread fraud and improper voting. These claims mirror those made by Republicans and President Donald Trump’s campaign in prior lawsuits, which have been rejected by both state and federal courts in Nevada up to this point. Election officials and state leaders have also rejected these claims.” [Las Vegas Review-Journal, 11/19/20]

A Clark County JudgeRejected Becker’s Request For A New Election, Finding Becker Was Unable To Prove Widespread Improper Voting And Failed To Follow Proper Procedure

The Eighth Judicial District Court Rejected Becker’s Request For A New Election. “Before the Court is Plaintiff April Becker’s Petition for Writ of Mandamus and Complaint for Declaratory and Injunctive Relief (the “Petition”). Plaintiff Becker seeks to void the election of State Senator Nicole Cannizzaro and requests a new election (or “revote”) for all elections in Clark County, or alternatively, a revote in Nevada Senate District 6. […] The Court DENIES the Petition and DISMISSES this case. In this action, Plaintiff seeks a writ of mandamus or injunctive relief requiring a new election for Clark County in its entirety, or in Senate District 6. The Court will not order such relief for the following reasons.” [Eighth Judicial District Court, April Becker, Candidate for Senate District 6, vs Joseph P. Gloria, Registrar of Voters for Clark County, Nevada, Case_A-20-824878-W, Order, 12/2/20]

Becker’s Request For A New Election Was Rejected By A Clark County Judge After Becker Was Unable To Prove That There Was Widespread, Improper Voting. “A Clark County judge has denied a request from a Republican state Senate candidate to toss the election and have a do-over, saying the candidate had not proven there was improper voting widespread enough to reverse her 631-vote loss. District Court Judge Joe Hardy Jr. issued his ruling from the bench on Tuesday in a lawsuit brought by Republican April Becker, who lost a race against Democratic Senate Majority Leader Nicole Cannizzaro in a swingy Las Vegas-area district. It’s the latest setback in a series of attempts to scrap election results in Clark County.” [Nevada Independent, 11/24/20]

- The Clark County Judge Determined That The Burden Of Proving Improperly Cast Or Not Counted Ballots Was On Becker. “Becker has the burden of proving that ballots were improperly cast or not counted, and the candidate had not met a standard of providing a preponderance of evidence, clear and convincing evidence or evidence on its face through the supplied exhibits. […] Unlike with Commission District C, where the contest was decided by 10 votes, Becker had not provided evidence that ballot discrepancies in Senate District 6 outnumbered the 631-vote margin in her race. (Gloria identified 139 ballot discrepancies in the commission district where more than 153,000 votes were cast, and 936 discrepancies countywide, where nearly 1 million votes were cast.” [Nevada Independent, 11/24/20]

A Las Vegas Judge Denied, On Procedural Grounds, Becker’s Efforts To Overturn Election Results And Force A Revote. “A judge in Las Vegas refused Tuesday to order a new election for a Republican state Senate candidate who argued that ballot discrepancies reported by Clark County’s elections chief might have made a difference in her 631-vote loss to the Legislature’s top Democrat. Clark County District Court Judge Joe Hardy Jr. denied, on procedural grounds, the effort by GOP candidate April Becker to force a re-vote in the race won by incumbent state Senate Majority Leader Nicole Cannizzaro. Hardy noted that Cannizzaro wasn’t a named party in Becker’s court filing against county Registrar of Voters Joe Gloria over his handling of the election, and that the
case is actually a contest-of-election action. [...] But he told Becker’s attorney, Craig Mueller, that ordering a new election in state Senate District 6, where more than 67,000 votes were cast, could invalidate other elections and disenfranchise voters in the state’s most populous county. Becker could seek action by the state Legislature when it convenes, the judge said. ‘This is as I stated, an election contest,’ Hardy ruled. ‘Ms. Cannizzaro needs to be a named party and, here, has not been.’” [AP, 11/24/20]

December 2020: Becker Claimed Her Election Was Stolen And That Her Request For A Recount Would Cost $80,000

Becker Said Her Election Was “Stolen.”

[Facebook, 12/12/20]

Becker Complained That Her Request For A Recount Would Cost Almost $80,000. Becker posted: “This is the breakdown of what Joe Gloria demanded I pay for a recount in my state senate district race (with less than a 1% difference). Almost $80k, including $2,400 a day for a Dominion Democracy Suite vendor...why? Is that who ‘found’ the 74 extra ballots in County Commission Dist C recount?”
February 2021: Becker Withdrew An “Election Contest Complaint” She Filed With The Secretary Of State And Nevada Legislature

February 2021: Becker Withdrew The “Election Contest Complaint” She Filed With The Nevada Legislature. “Arrington filed an election contest lawsuit in Clark County District Court last November, but that case was dismissed because election contests for legislative races have to be filed with the Legislature, not in court. The secretary of state’s office said it had received another election contest from former state Senate candidate April Becker, but that request was withdrawn in early February.” [Nevada Independent, 3/29/21]

- Becker Followed A Similar Path To Republican Assembly Candidate Cheryl Arrington By Filing An Election Contest Complaint With The Nevada Legislature, However, She Later Withdrew Her Contest. “Members of the Assembly have appointed a committee to investigate an election contest complaint submitted by a losing Assembly candidate. Assembly Speaker Jason Frierson (D-Las Vegas) on Monday appointed three lawmakers — Democrats Steve Yeager and Sandra Jauregui and Republican Tom Roberts — to serve on an election contest committee to review a complaint submitted by former Republican Assembly candidate Cheryl Arrington. She lost her bid for an Assembly seat to current office-holder Elaine Marzola (D-Las Vegas) by 1,197 votes, or four percentage points. […] The complaint largely echoes past uncredited allegations of mass voter fraud in the 2020 election, including depositions and exhibits included in past unsuccessful legal challenges to 2020 election contests, as well as several dozen emails and text messages received by Arrington from voters concerned that their vote was not counted. Arrington filed an election contest lawsuit in Clark County District Court last November, but that case was dismissed because election contests for legislative races have to be filed with the Legislature, not in court. The secretary of state’s office said it had received another election contest from former state Senate candidate April Becker, but that request was withdrawn in early February.” [Nevada Independent, 3/29/21]

- Cheryl Arrington’s Election Contest Complaint Ended After She Failed As Her Attorney Never Responded To The Creation Of The Committee To Hear Her Complaint. “The final challenge to the legitimacy of Nevada's 2020 election ended not with the revelation of scandalous evidence, but with a thud in a quiet, nearly empty legislative committee room on Thursday. There, three Assembly members — Steve Yeager (D-Las Vegas), Sandra Jauregui (D-Las Vegas) and Tom Roberts (R-Las Vegas) — met as a somewhat rare election contest committee to hear and recommend dismissal of an official challenge by former Assembly Republican candidate Cherlyn Arrington, who lost her bid to Democrat Elaine Marzola by nearly 1,200 votes in
the 2020 election. No fiery defenses, groundbreaking evidence or actual lawyering occurred on Thursday — Legislative Counsel Bureau General Counsel Kevin Powers informed the committee that Arrington's attorney never responded after the election contest committee was formed in late March. Bottom of Form That led the committee to vote to approve recommending that the contest be dismissed with prejudice — meaning it cannot be re-filed over any procedural issues.” [Nevada Independent, 5/24/21]

Becker Complained That The Republican Party Told Her To “Be Quiet And Play Nice” Instead Of Fighting Her “Rigged” Election Results

AUDIO: Becker Suggested That The Republican Party Told Her To “Be Quiet And Play Nice” After Her 2020 Election Loss Rather Than Fight The “Rigged” Election Results. [48:00] “Host: ‘Kind of on your own. I guess that means the party too. But I won't. I won't. I won't make you go to war with the party, if that's what you're saying. But that's just awful to hear.” Becker: ‘What I will say is, I was advertised as a fighter. That's what all of my materials said. That's what we told people in my district: that I was a fighter, I would fight for Nevadans. Everybody felt good about that when they were saying it. But when it came time to fight, I was told to be quiet and play nice. And what my response to that was, I will never run for office again, in a state that allows their elections to be rigged. And if I am unelectable after this, I'm perfectly okay with that.’” [Soundcloud, Quite Frankly Podcast, 12/1/20] (AUDIO)

AUDIO: Becker Said Her Response To Being Told Not To Challenge Her 2020 Election Loss Was: “I Will Never Run For Office Again, In A State That Allows Their Elections To Be Rigged. And If I Am Unelectable After This, I'm Perfectly Okay With That.” [48:05] “Becker: ‘What I will say is, I was advertised as a fighter. That's what all of my materials said. Becker Said She Reached Out To Trump’s Election Lawyer Sidney Powell But “She’s Got To Be Incredibly Busy. I’ve Reached Out But I’m Kind Of On My Own Out Here.”

AUDIO: Becker Said That She Reached Out To Trump’s Election Lawyer, Sidney Powell, For Legal Support In Her Efforts To Overturn Her 2020 Election Loss. [47:05] “Host: ‘So then, have you been in touch with any of the Trump team lawyers or, or anything like that? I know that the eyes of the Trump campaign have been shifting to Nevada. He tweeted about Nevada, I think a couple of times today. So the day that your state gets that kind of national spotlight is coming closer. Have you have you reached out in any meaningful way? They seem to be taking calls from people, citizens candidates from down-ballot votes. Everybody alike. Ever consider that?’” […] Becker: ‘I've tried. I've tried, I've reached out to Sidney Powell. And I know, she's got to be incredibly busy. I've reached out but I'm kind of on my own out here.’” [Soundcloud, Quite Frankly Podcast, 12/1/20] (AUDIO)

2020 Election Disinformation

Becker Would Not Say If She Believed Biden Won The Election

Becker Did Not Answer When Asked If She Believed That Biden Legitimately Won The Election. “April Becker, an attorney who is the top fundraiser so far among potential GOP challengers of Ms. Lee, is already trying to link the incumbent to the liberal U.S. House speaker from the state next door. […] She didn’t directly answer a question about whether she thinks Mr. Biden legitimately won the election.” [Wall Street Journal, 11/8/21]
Becker Claimed Mail-In Voting Caused Voter Fraud In 2020

**AUDIO:** Becker Did Not Believe That Nevada Should Have Mail-In Ballots, Complained About A 2020 Law Expanding Their Use During The Pandemic. [1:23] “Kevin Wall: ‘Do you have any complaints about that race [2020 Nevada SD-6 Election]?’ Becker: ‘Yeah, I think that pushing through our election laws two months before an election was the wrong thing to do. I don’t think we should have mail-in ballots. And it worked for the Democrats so that’s why they are trying to make it permanent.’” [670 AM KMZQ Kevin Wall Radio, 3/19/21] (AUDIO)

Becker Claimed Many Mail-in Ballots “Magically Voted” In The 2020 Election After Mail-In Ballots Were Returned From Addresses That Were Previously Undeliverable. “Becker: We had all mail-in ballots, even people who received a ballot during the primary, or had been returned as undeliverable. Joe Gloria, our registrar, took it upon himself and again against the statutes to go ahead and mail those same addresses ballots. And many of them magically voted even though they don’t live in those homes anymore and we’ve sent out people to find that out.” [Soundcloud, Quite Frankly Podcast, 41:08, 12/1/20]

Becker Claimed That Clark County Sent Mail-In Ballots To Inactive Voters Because Of Pressure From The State And National Democrats. Becker tweeted: “More than 223k ballots returned to Clark Co as undeliverable during primary. Bc of COVID concern, officials opted for 1st all-mail election in NV history. Unlike other counties, Clark mailed ballots to all-not just active-voters, bc of legal pressure from state & national Dems” [Twitter, @VoteApril Becker, 8/15/20]

Becker Claimed That Unaccounted-For Mail-In Ballots From Inactive Voters Were Being Fraudulently Submitted. Becker tweeted: “Mail ballots sent to inactive voters will be unaccounted for and can be submitted fraudulently. Check it out: https://t.co/GQUAPXYBr0.” [Twitter, @VoteAprilBecker, 5/15/20]

**VIDEO:** Becker Attacked Mail-In Voting And Called Nevada’s Updated 2020 Voting Policies “Ballot Harvesting”, [0:38] “Becker: ‘What I have a huge problem with is all mail-in voting. […] And now with AB 4, we have ballot harvesting. This bill, was a piece of midnight legislation passed secretly over the weekend, in an attempt to keep Nevadans in the dark. Now, last week ballot harvesting was a felony in Nevada. But now, for the 2020 election, ballot harvesting is allowed.’” [Facebook, April Becker, 8/4/20] (VIDEO)

Becker Questioned 2020 Voter Turnout, Suggested More People Voted Than Were Registered

**Becker Suggested That More People Voted Than Were Registered.** Becker tweeted: “Joe Gloria is demanding $80k to recount ballots in a race that the official statement shows 9 precincts that got over 100% of registered voter turnout. More people voted than were registered...” [Twitter, @VoteAprilBecker, 12/3/20]

- **Same-Day Registration Was Passed Into Law During Nevada’s 2019 Legislative Session, Prior To The COVID Pandemic.** “AB 345 of the 2019 legislative session introduced same-day registration to the State of Nevada. Essentially, same-day registration allows a voter to register for the first time or update their existing registration on the same day they vote. While this process is convenient, there are some important details to understand.” [Nevada Secretary of State, accessed 1/21/22]

Becker Was Endorsed By Senate Candidate Adam Laxalt, Who Promoted False Claims About Election Fraud

Laxalt’s Own Relatives Wrote An Op-Ed Explaining He Shouldn’t Be Governor Because He Is Faking His Nevada Roots For Political Ends. “A dozen relatives of Nevada’s current attorney general and Republican candidate for governor, Adam Laxalt, penned an op-ed in the Reno Gazette Journal this week explaining why they think Laxalt should not be governor. Laxalt’s family, including an aunt and cousins, addressed their reasons for the
writing the op-ed, saying they ‘feel compelled to protect our family name from being leveraged and exploited.’ They wrote about their family’s rich history in Nevada and how Laxalt has ‘falsely’ claimed he was raised in the state, pointing out that although Laxalt was born in Reno, he was raised out of state. ‘Adam never knew the state or its people,’ the family wrote. They went on to suggest his motives for moving back to the state were purely political: ‘He left as an infant and was raised on the East Coast, 3,000 miles away, in Washington, D.C., and moved here only in 2013, only one year later launching his political career.’ The family went on to ridicule Laxalt, calling into question his authenticity. They cited as an example a ‘Basque Fry’ fundraiser he held recently and said, ‘This event perfectly captures the Adam Laxalt candidacy: the phoniness of the setting and costumes, the pretense of folksiness used as a prop for Washington power players like Kellyanne Conway and Devin Nunes.’” [Rolling Stone, 10/27/18]

**Laxalt Was Endorsed By Trump And Has Promoted Theories About Dead People Voting And Illegally Cast Ballots.** “Among Trump’s other endorsements: […] Nevada Senate candidate Adam Laxalt has promoted multiple debunked theories, including about dead people voting and voters illegally casting ballots after moving.” [Washington Post, 9/22/21]

**Adam Laxalt Endorsed April Becker.** “‘April is a small business owner and working mom that would be a strong voice for Las Vegas in the US House,’ said Laxalt. ‘April will fight back against Speaker Pelosi’s radical leftist Democrat controlled Congress, she will stand up to the defund police movement and she will fight for American workers and job creators. Electing her to Congress will help retire Nancy Pelosi and put America back on the right track.’” [voteaprilbecker.com, accessed 12/1/21]

**Conspiracy Theories & January 6th Insurrection**

**Becker Posted A Video About The “Great Reset” Conspiracy Theory Four Days After The Capitol Insurrection**

[Facebook, 1/10/21]
• BBC: The Great Reset Was A “Baseless Conspiracy Theory” Which Claimed “A Group Of World Leaders Orchestrated The Pandemic To Take Control Of The Global Economy.” “We start with the revival of the baseless conspiracy theory, known as the ‘Great Reset’, which claims a group of world leaders orchestrated the pandemic to take control of the global economy. The conspiracy theory has its origins in a genuine plan entitled ‘The Great Reset’, drawn up by the World Economic Forum (WEF), the organisers of an annual conference for high-profile figures from politics and business. The plan explores how countries might recover from the economic damage caused by the coronavirus pandemic.” [BBC, Reality Check, 11/22/20]

Political.tips: Becker Tweeted About The “QAnon-Centered ‘Great Reset’” In The Wake Of The January 6th Insurrection. “On January 10th, in the heady days after the Capitol Hill insurrection, April Becker was ready. Ready for the Qanon centered ‘Great Reset.’ According to Newsweek ‘The ‘great reset’ is a conspiracy...’ based ‘...around the belief that world leaders and global elites somehow planned the pandemic for their own personal gains.’ The date the reset was supposed to take place: January 20th. Inauguration day. And Ms. Becker prepared for the event by sharing a YouTube video entitled, ‘THE GREAT RESET’.” [Political.tips, 11/18/21]

**Becker Urged Supporters To Interact With And Follow Her On Gab And Parler, Just After They Were Used For Insurrection Planning And Tactics**

Becker Was Vocal In The Days Following January 6th And Attempted To Drum Up A Following On Gab And Parler. “While Becker wasn't the only Republican candidate interested in the unhinged contents of the Qanon cult, Sam Peters also liked her tweet, she was the most vocal in the days after January 6th, touting social media handles on 'Gab' and 'Parler' as a way to follow her fringe ideas.” [Political.tips, 11/18/21]

Jan. 6 Insurrectionists Used Gab And Parler To Make Tactical Plans Before And During The Capitol Assault And To Boast About Carrying Guns Into The Capitol. “Just after 1 p.m., when President Trump ended his speech to protesters in Washington by calling for them to march on Congress, hundreds of echoing calls to storm the building were made by his supporters online. On social media sites used by the far-right, such as Gab and Parler, directions on which streets to take to avoid the police and which tools to bring to help pry open doors were exchanged in comments. At least a dozen people posted about carrying guns into the halls of Congress.” [New York Times, 1/6/21]
Budget Issues

### Significant Findings

- Becker repeatedly attacked the Build Back Better Act (BBB) despite its myriad benefits and cost savings for Nevada families.

- Becker claimed the “reckless and socialist Build Back Better bill” would increase the deficit, spiking inflation and threatening Medicare and Social Security.

- However, BBB projected to add only $158 billion to the deficit over ten years, whereas the 2017 Republican Tax Cuts added $1.9 trillion to the deficit over ten years.

- Becker claimed BBB would increase the chance of audits from the IRS, though that would only be the case for individuals making over $400,000 and large corporations that avoided paying taxes they owed.

- Becker claimed BBB would give tax breaks to millionaires and billionaires, but the top 0.1% would face a 5.9% reduction in after-tax income whereas households making under $500,000 would have more after-tax income.

- Becker criticized Democrats for their vote to raise the debt ceiling as a short-term fix for their “out of control spending spree,” but the debt ceiling being raised simply allowed the government to pay back money it borrowed including from the Trump administration.

- Becker has consistently used inflation to criticize Democrats for their response to the pandemic with “out of control socialist spending.”

### Build Back Better Act (BBBA)

**Becker Criticized Lee For Supporting The 2021 Reconciliation Package.** “Hey @SusieLeeNV, do you plan on reading all 2,468 pages of the ‘social spending’ bill Nancy Pelosi is trying to ram through Congress last minute, or will you just blindly vote with her like you do 99% of the time? I cannot take that risk’ - Joe Manchin” [Twitter, @VoteAprilBecker, 12/19/21]

**Becker Criticized The BBBA Because Of Its Projected Increase To The Deficit, Which She Said Would Worsen Inflation And Threaten Social Security And Medicare – Though BBBA’s Deficit Impact Paled Compared To Republican Tax Cuts**
Becker Criticized Lee’s Vote For The BBBA Because Of Its Projected Increase To The Deficit. “Hey @RepSusieLee what do you say now? ‘Lee also reminded folks that the bill is paid for ‘with increased taxes on corporations and wealthy Americans who have not paid their fair share.’” [Twitter, @VoteAprilBecker, 11/18/21]

November 2021: Becker Criticized Susie Lee’s Vote For The Build Back Better Act, Claimed It “Added To Our Inflation Problem.” “Susie Lee’s $1.8 trillion plan just added to our inflation problem with more reckless spending that adds $367 billion to our deficit. This bill includes a natural gas tax that will increase the price of home heating costs, electricity rates, and the price you pay at the pump.” [Twitter, @VoteAprilBecker, 11/19/21]

Becker Criticized Susie Lee’s Vote For The BBBA As It Threatened Social Security And Medicare Through An Increased Deficit. “April Becker, Republican Candidate for Congress NV-03, released the following statement on Susie Lee’s vote for the reckless and socialist Build Back Better bill. […] It will increase our deficit and jeopardize the promises we’ve made to seniors, as it puts a strain on Social Security and Medicare.” [Twitter, @VoteAprilBecker, 11/19/21]

The BBBA Projected To Add $158 Billion To The Deficit Over Ten Years, Though Democrats Stated That This Itself Would Be Covered Through IRS Crackdowns On Tax Evaders. “‘The Congressional Budget Office says it's not paid for,’ Graham said Dec. 12. ‘It's $3 trillion of deficit spending.’ Graham is incorrect. The bill passed by the House and now in the Senate’s hands costs about $1.75 trillion, and, according to CBO figures, would add $158 billion to the deficit over 10 years, not $3 trillion. (President Joe Biden and other Democrats say even that smaller deficit would evaporate thanks to IRS crackdowns on tax evaders.)” [Austin American-Statesman, 12/15/21]

- HEADLINE: GOP Tax Law Will Add $1.9 Trillion To Debt: CBO. [The Hill, 4/9/18]

- CBO Estimated The Tax Cuts And Jobs Act Would Increase The Deficit By $1.9 Trillion Over 10 Years. “The GOP's signature tax law is projected to increase the national debt by $1.9 trillion between 2018 and 2028, according to a new report by the Congressional Budget Office (CBO). According to the report, the tax law would cost the government $2.3 trillion in revenues, but economic growth would offset that figure by about $461 billion.” [The Hill, 4/9/18]

Becker Criticized The BBBA Because It Would Increase IRS Audits, Though Those Audits Would Target Individuals Earning More Than $400,000 And Large Corporations Not Paying What They Owe In Taxes

Becker Criticized Susie Lee’s Vote For The BBBA Due To Its Funding The IRS. “April Becker, Republican Candidate for Congress NV-03, released the following statement on Susie Lee’s vote for the reckless and socialist Build Back Better bill. […] It funds nearly 100,000 new IRS agents that will increases the chances for everyone to face an audit.” [Twitter, @VoteAprilBecker, 11/19/21]

Becker Retweeted Representative Kevin McCarthy’s Tweet Criticizing IRS Funding. “Washington Democrats not only want you to pay more in taxes—they also want to spy on what you spend your money on. This bill hires an army of 87,000 new IRS agents—doubling the size of the agency. That’s larger than the population of the President’s hometown of Scranton.” [Twitter, @GOPLeader, 11/19/21]

The IRS Funding In The BBBA Would Crack Down On Tax Evasion By High-Earners And Large Corporations, With Individuals Earning More Than $400,000 A Year Facing A Higher Likelihood Of An Audit. “President Biden, looking to pay for his ambitious economic agenda and shift more of the nation’s tax burden to the wealthy, will propose giving the Internal Revenue Service an extra $80 billion and more authority over the next 10 years to help crack down on tax evasion by high-earners and large corporations. […] If the president is successful, individuals who earn more than $400,000 a year would face a higher likelihood of a tax audit, regardless of how much income they report on their tax forms, a person familiar with the plan said.” [New York Times, 4/27/21]
Becker Claimed The BBBA Would Give Tax Breaks To Millionaires And Billionaires, Though Households Making Less Than $500,000 Would Have More After-Tax Income Whereas The Top 0.1% Would Face A 5.9% Reduction In After-Tax Income

Becker Criticized Susie Lee’s Vote For The BBBA Due To Its Tax Breaks For Millionaires And Billionaires. - PolitiFact: The BBBA Will Result In More After-Tax Income For Most Households Making Under $500,000 And The Top 0.1% Would Face A 5.9% Reduction In After-Tax Income. “While there could be some small costs to some lower- and middle-income households, most households making under $500,000 would have more after-tax income in 2022. The top 0.1% of the nation’s taxpayers would face a 5.9% reduction in after-tax income.” [PolitiFact, 11/23/21]

Becker Criticized Parts Of The Build Back Better Act That Gave Money To Minority Farmers, Museums, And Language Studies Programs

- Becker Criticized Parts Of The Build Back Better Act That Gave Money To Minority Farmers, Museums, And Language Studies Programs. “Becker: ‘I don’t agree with forcing people to pay basically [for] socialist programs. I don’t agree with it.’ Host: ‘For example?’ Becker: ‘Well, the last bill, there were millions of dollars, that were put into programs for farmers. And if you start going through it, its not something that is going to help. You have to be a certain, it was racially motivated, ethnic farmers got subsidies and money. It’s just, it was 2,000 some-odd pages of ridiculous pages for museums, to send, language studies, I don’t see how that has anything to do with COVID.’” [Nevada Newsmakers Podcast, 1/11/22]

- The Build Back Better Act Aimed To Provide $1 Billion In Competitive Grants For Agricultural Research Facilities At Historically Black And Tribal Land Grant Institutions. “The BBBA would provide $1 billion for competitive grants for the construction or improvement of agricultural research facilities at 1890 (historically Black) and 1994 (tribal) landgrant institutions, as well as certain other minority-serving colleges and universities.” [Congressional Research Service, 12/7/21]

The Build Back Better Act Would Provide Thousands Of Dollars Per Year In Savings For Nevada Families, Lowering Their Taxes, Health Care And Energy Costs

- Lee: The Build Back Better Act Would Save The Median Nevada Family At Least $8,000 A Year. “Lee, representing the state’s third district, said just four cost-cutting provisions of the legislation alone, will save the median Nevada family with two parents and two children at least $8,000 each year and save the median single-parent family with two children at least $14,150.” [Pahrump Valley Times, 12/17/21]

- Center For American Progress: Build Back Better Act Would Invest In Clean Electricity And Energy Efficiency, Reducing Energy Costs By $500 Per Year For The Average Household. “Build Back Better helps break the United States’ dependence on fossil fuels—an industry that’s particularly vulnerable to extreme weather, which has and will continue to be exacerbated by climate change—consumer energy costs will be reduced. Specifically, proposed investments in clean electricity and energy efficiency will make energy costs more affordable, saving the average household approximately $500 a year in reduced energy costs. This much-needed investment in clean energy would come at a time when energy prices have pushed up inflation for consecutive months.” [Center for American Progress, 11/16/21]

- **The Build Back Better Deal Lowered Drug Prices For Seniors By Reducing Co-Pays And Establishing A $2,000 Out-Of-Pocket Limit in Medicare Part D.** “Pelosi celebrated the drug-pricing agreement: ‘For a generation, House Democrats have been fighting to deliver real drug price negotiations that will lower costs. With today’s agreement on strong lower drug price provisions for the Build Back Better Act, Democrats have a path forward to make good on this transformational agenda for our seniors.’ She said the deal will lower drug prices for seniors, reduce their out-of-pocket co-pays and establish a $2,000 out-of-pocket limit for seniors’ expenses in Medicare Part D. The bill would also halt price hikes above inflation, which would affect all Americans, she said.” [NBC News, 11/2/21]

| The Build Back Better Act Would Provide Child Care For 196,800 Young Children In Nevada |

Roosevelt Institute: Build Back Better Act Would Invest In Child Care, Creating Jobs And Allowing Parents To Get Back To Work. “Convenient, affordable childcare is a major obstacle for working parents, illuminated even more so by school and daycare closures during the COVID-19 pandemic, which has disproportionately impacted women’s labor force participation. Increasing the capacity of industries in order to curb inflation of specific prices requires increasing the supply of labor. The Build Back Better Act invests in existing and new childcare facilities in underserved areas and provides subsidies to make childcare more affordable for qualifying households. Together, these investments would increase the supply of childcare, create new jobs, and allow parents to get back to work. [Roosevelt Institute, Fact Sheet, 9/28/21]

The Build Back Better Bill Would Enable Nevada To Provide Access To 196,800 Young Children. “Access to affordable child care was one of the several direct benefits for Nevadans specifically highlighted in the statement from Titus’s office. The legislation ‘will enable Nevada to provide access to child care for 196,800 young children (ages 0-5) per year from families earning under 2.5 times the state median income (about $196,846 for a family of 4), and ensure these families pay no more than 7% of their income on high-quality child care,’ the statement said.” [Nevada Current, 11/19/21]

The Build Back Better Bill Included An Extension Of The Child Tax Credit Which Has Added $600 Million Into Nevada’s Economy With An Average Per-Household Payment Of $434. “Among the provisions featured in the statement from Horsford’s office was the provision extending the expanded child tax credit program, which established monthly direct payments for most families with children. Currently set to expire at the end of this year, the House version of the Build Back Better bill extends it through 2022. Horsford’s statement noted that since July, the tax credit ‘has pumped more than $600 million into Nevada’s economy, with an average per-household payment of $434. In Nevada’s Fourth District, 97 percent of families are eligible for this key tax cut.’” [Nevada Current, 11/19/21]

Debt Limit

Becker Falsely Suggested The Debt Ceiling Increase Was A “Short-Term Fix” To Address Government Spending

Becker Criticized Congress For Voting To Raise The Debt Ceiling, Called It “A Short-Term Fix To The Democrat's Out Of Control Spending Spree.” “The House voted to raise the debt ceiling as a short-term fix to the Democrat’s out of control spending spree. Taxpayers, who are already burdened with higher costs of living, will be responsible for paying this debt. We need to flip the House RED in 2022 if we are going to save our country from the Democrat’s disastrous control. Will you support my campaign with a $10 donation?” [Facebook, @VoteAprilBecker, 10/19/21]

- PolitiFact: Raising The Debt Ceiling Does Not Provide A “Blank Check” For Unlimited Spending, But Means Money Already Borrowed By The Government, Including During The Trump Administration, Can Be Paid Back. “Hinson told constituents she would continue to vote against raising the debt ceiling and prevent Democrats from having a blank check for unlimited spending. Raising the debt ceiling does not mean the U.S. government can spend money on additional costs. It means money the government borrowed, some of it during the Trump Administration, will be paid back. The Senate and House voted to temporarily cap the ceiling at $28.9 trillion but must vote each time it raises the ceiling. Hinson’s claim of a blank check book is inaccurate, so we rate it False.” [PolitiFact, 10/27/21]

Becker Repeatedly Blamed Democrats For Inflation

That’s why I am running for Congress.’” [Facebook, April Becker, 10/20/21] (VIDEO)

- The Claim That Inflation Caused Families To Spend $175 More A Month Was Rated Mostly True By PolitiFact, Which Noted Inflation Was Not Only Traceable To Biden-Era Policies But Also Trump-Era Policies. “Inflation in President Biden’s America is costing households an extra $175 a month, Sen. Chuck Grassley tweeted to his followers Oct. 19. Inflation is currently at an unusually high level, but the $175 per household figure, which was calculated by a credible economist, is for the median-income household, and the impact on other households could be higher or lower depending on total income earned. There are also a few caveats to note. The current level of inflation is not all traceable to Biden’s policies; some of the federal spending increases blamed for inflation were approved on a bipartisan basis during the pandemic and were signed by Trump. It’s also worth noting that wages have gone up modestly, helping households cope with some, but hardly all, of the increase in prices. The statement is accurate but needs additional information, so we rate it Mostly True.” [PolitiFact, 10/21/21]

I’m sorry, voters, I should say.’ Becker: ‘Absolutely. It has. And we are just kinda fed up with the misinformation and the contradictions that are occurring with our government officials right now. The American Rescue Plan Provided $1,400 Direct Payments, Aid To State And Local Governments, Schools, And Small Businesses, An Expanded Child Tax Credit, And Vaccine Distribution Funds. “President Biden signed the $1.9 trillion American Rescue Plan Act into law on Thursday, finalizing an early policy victory that will send much-needed aid to millions of Americans still struggling from the COVID-19 pandemic. […] The American Rescue Plan provides $1,400 direct payments to individuals making up to $75,000 annually, $350 billion in aid to state and local governments and $14 billion for vaccine distribution. The bill also provides $130 billion to elementary, middle and high schools to assist with safe reopening. […] It includes an additional $300 billion in weekly jobless benefits through September and an expanded tax credit of up to $3,600 per child, initially distributed in monthly installments. The child tax credit could raise 4 million children out of poverty, according to an analysis by the Center on Budget and Policy Priorities. More than $50 billion will be distributed to small businesses, including $7 billion for the Paycheck Protection Program. The bill also provides $25 billion for relief for small and mid-sized restaurants, which have suffered significantly during the pandemic.” [CBS News, 3/12/21]

The American Rescue Plan Distributed Direct Payments Of $1,400 To Most Americans

Individuals In Nevada Received $3.9 Billion In Third Round Economic Impact Payments Of Up To $1,400 Through The American Rescue Plan. “The U.S. Department of the Treasury and the Internal Revenue Service (IRS) released state-by-state data through early June for the 163.5 million Economic Impact Payments (EIPs) totaling nearly $390 billion received by individuals through the American Rescue Plan Act. With this round of payments, the IRS and the Bureau of the Fiscal Service (BFS) have delivered more EIPs and more total direct relief than in any previous round of direct relief. All 50 states saw more total relief with this round of payments than in previous rounds. […] The EIPs under the American Rescue Plan included payments of up to $1,400 per qualifying dependent, a significant increase over the $500 and $600 per qualifying child from the first and second rounds of payments, respectively.” [Department of the Treasury, Press Release, 6/29/21]

The American Rescue Plan Expanded The Child Tax Credit To Help Families And Provided Funding To Keep Child Care Centers Open

According To Estimates From The Joint Economic Committee Made Using State-Level Data From The Treasury, NV-03 Had Received $38.2 Million In Child Tax Credit Payments As Of August 2021. According to estimates from the Joint Economic Committee, NV-03 had received $38.2 million in Child Tax Credit payments as of August 2021: “Using state-level data from the Treasury Department on advance Child Tax Credit (CTC) payments, the Joint Economic Committee estimated the number of qualifying children, total number of payments, and total payment amount by congressional district in August 2021, when the second round of CTC payments was distributed.” [Joint Economic Committee, 9/9/21; Joint Economic Committee, Estimates of Advance Child Tax Credit Distribution by Congressional District, 9/9/21]

- JEC Analysis Showed The CTC Had Dramatically Reduced Food Insecurity And Financial Hardship, And Was Expected To Inject Nearly $19.3 Billion Into Local Economies Each Month. “JEC analysis of data from the Census Bureau show the expanded CTC is already having a major impact on family budgets, with
dramatic declines in food insufficiency and financial hardship, and the JEC estimates that monthly CTC payments will inject nearly $19.3 billion into local economies each month. The expanded CTC will generate nearly $19.3 billion in spending in local economies across the U.S. each month. Family finances improved significantly following the first monthly expanded CTC payments in July. Data from the Census Bureau show that following the July payments, there were significant declines in the share of households with children reporting financial hardship and food insufficiency. Families are using the expanded CTC payments to meet the needs of their household. Among those who responded to the Census Bureau’s survey: 47% spent their CTC payment on food, 28% spent it on internet and other utilities, 26% spent it on school expenses, and 17% of those with at least one child under age 5 spent it on child care.” [Joint Economic Committee, 9/9/21]

### Coronavirus State And Local Fiscal Recovery Funds – Law Enforcement

**The American Rescue Plan Provided $350 Billion In State And Local Funding To Hire Law Enforcement Officials, Pay Overtime For Community Policing, And Restore Law Enforcement To Pre-Pandemic Levels.** “Today, the Treasury Department is highlighting that communities experiencing a surge in gun violence as a result of the pandemic may use the American Rescue Plan’s $350 billion in state and local funding for purposes such as: Hiring law enforcement officials – even above pre-pandemic levels – or paying overtime where the funds are directly focused on advancing community policing strategies in those communities experiencing an increase in gun violence associated with the pandemic. […] In addition, the Treasury Department is clarifying that any community may use ARP state and local aid for the above strategies and any other public safety programs, up to the level of revenue loss the jurisdiction experienced during the pandemic. And any community may use ARP funds to rehire police officers and other public servants to restore law enforcement and courts to their pre-pandemic levels.” [White House, Press Release, 6/23/21]

**Department Of The Treasury: “There Are Many Ways In Which The State And Local Fiscal Recovery Funds […] Can Support Communities Working To Reduce And Respond To Increased Violence.”** “Under Treasury’s Interim Final Rule, there are many ways in which the State and Local Fiscal Recovery Funds (“Funds”) under the American Rescue Plan Act can support communities working to reduce and respond to increased violence due to the pandemic. […] In all communities, recipients may use resources to rehire police officers and other public servants to restore law enforcement and courts to their pre-pandemic levels. […] In communities where an increase in violence or increased difficulty in accessing or providing services to respond to or mitigate the effects of violence, is a result of the pandemic they may use funds to address that harm. This spending may include: Hiring law enforcement officials – even above pre-pandemic levels – or paying overtime where the funds are directly
focused on advancing community policing strategies in those communities experiencing an increase in gun violence associated with the pandemic. Community Violence Intervention (CVI) programs, including capacity building efforts at CVI programs like funding and training additional intervention workers.” [Department of the Treasury, 7/19/21]

**Biden: “The American Rescue Plan, Which We Passed In The First 100 Days Of My Administration, Is Providing Much-Needed, Historic Relief To Bring Back Those Law Enforcement Jobs.”** President Biden: “The American Rescue Plan, which we passed in the first 100 days of my administration, is providing much-needed, historic relief to bring back those law enforcement jobs and social service jobs. Much of this relief has already arrived. The rest is on its way. And we’re now providing more guidance on how they can use the $350 billion nationally that the American Rescue Plan has available to help reduce crime and address the root causes. For example, cities experiencing an increase in gun violence were able to use the American Rescue Plan dollars to hire police officers needed for community policing and to pay their overtime. Mayors will also be able to buy crime-fighting technologies, like gunshot detection systems, to better see and stop gun violence in their communities. They can use the funding to scale up wraparound services for the residents as well, including substance abuse and mental health services that we know will make a difference in prevention of crime.” [White House, 6/23/21]
Education Issues

Significant Findings

✓ Becker sent her children to private school and sat on the Board of Trustees for the Meadows School where her children attended.

✓ May 2021: Becker’s husband, Matthew Becker, was the Board of Trustees’ chairman.

✓ The Meadows School Board of Trustees found the school’s diversity strategic plan “did not contain enough in the way of deliverables and did not hold the school, its administration, or the board accountable enough for its success.”

✓ Becker supported giving parents “choices” on education including allowing parents to use tax-funded vouchers to educate their children in private or religious schools.

✓ Becker supported opportunity scholarships, which gave businesses tax credits for donating scholarships to families to attend private schools.

✓ Becker claimed that Nevada had a failing education system and argued schools should be run like businesses, with accountability measures for schools and teachers.

✓ Becker criticized “divisive political arguments, like critical race theory” in school curriculum.

✓ Becker criticized her 2020 opponent’s push for meeting education funding needs through the extension of a 2019 payroll tax that was later deemed unconstitutional by the Nevada Supreme Court as it did not meet the required 2/3 support from lawmakers.

Meadows School

Becker Sent Her Children To The Meadows School, A Private School Where She And Her Husband Served On The Board Of Trustees

Becker Sent Her Children To A Private School Named The Meadows School. “Donald: ‘How are you and your husband educating your children?’ Becker: ‘I’m on the Board of Trustees on the Meadow School, one of the better schools on the west coast. All three of my children went there. I find it unfortunate that every parent can have the choice of school option. I sent my kids to a private school because Nevada has a poor education system. I want every parent to have school choice.’” [IVoteNevada, 5/19/20]

Board Of Trustees Found That The School’s Diversity Strategic Plan Was Inadequate

2019-2020: The Board Found That The School’s Diversity Strategic Plan “Did Not Contain Enough In The Way Of Deliverables And Did Not Hold The School, Its Administration, Or The Board Accountable Enough For Its Success.” “2019-2020 […] Also in March, the Board of Trustees examined a draft diversity plan that was meant to deliver on the ‘Diversity’ section of the strategic plan. However, the board felt that the plan did not contain enough in the way of deliverables and did not hold the school, its administration, or the board accountable enough for its success. Moreover, the board expressed concerns that the plan made no mention of neurodiversity or learning differences. The school shutdown in response to the global coronavirus pandemic meant a return to this plan had to wait until the 2020-2021 school year.” [The Meadows School, Diversity, Equity, and Inclusion Plan 2020-2021, accessed 2/1/22]

School Choice

Becker Voiced Support For Letting Parents Take Tax Dollars To Send Children To Private Schools

Becker Supported School Choice And Said Parents Should Be Able To Take Their Tax Dollars And Use It To Educate Their Children Wherever They Desire. “Education can fail and we keep funding it and empowering it to fail even more. There is very little accountability in the Nevada education system, it can continue to fail without recourse. Parents should be able to take their tax dollars and use it to educate their children wherever they desire. I am a candidate that supports education choice because choice creates accountability at every level.” [IVoteNevada, 5/19/20]

Becker Said School Choice “Allows Children To Escape Failing Schools.” “We must empower parents to make the choices that fit their children the best. School Choice is a common-sense approach that allows children to escape failing schools and find a better fit for their individual needs.” [Voteaprilbecker.com, accessed 1/27/22]

Becker Said Nevada Needed To “Shake Things Up” And Give Parents “Choices” On Education. “We need to shake things up, rethink how we teach our kids and stop doing what they’ve done for decades – it isn’t working. Parents need choices, schools need accountability and our leaders need the courage to make real changes rather than just do what a few special interests tell them to do. There are innovators making real strides in education all across the country, but we need to elect leaders in Nevada who are willing to make changes and reject the status quo. We need lawmakers who will make education a priority – our current leadership fought to pay themselves more before working to improve our schools. That is ridiculous, and it’s why we need a change.” [April Becker For State Senate, Values, 8/7/20]

Becker Opposed The Scaling Back Of Opportunity Scholarships Which Gave Businesses Tax Credits For Donating Scholarships To Families To Attend Private Schools. “Becker also criticized moves to scale back
Opportunity Scholarships, which give businesses tax credits for donations to scholarships that families can use to attend private schools” [Nevada Independent, 10/18/20]

### Running Schools Like A Business

**Becker Claimed That Nevada Had A Failing Education System And Compared Running Schools To Running A Business.** “Donald: ‘Your website lists education as one of your priorities…why is it Nevada has a failing education system and what’s your answer to it?’ Becker: ‘Nevada does have a failing education system. Our approach has been to dump more money into the system and to remove the accountability structure. If a business lacks accountability, has poor customer service it will eventually fail, but that’s not true with education. Education can fail and we keep funding it and empowering it to fail even more. There is very little accountability in the Nevada education system, it can continue to fail without recourse. Parents should be able to take their tax dollars and use it to educate their children wherever they desire. I am a candidate that supports education choice because choice creates accountability at every level.’” [IVoteNevada, 5/19/20]

**Becker Said That Education Should Be Run Like A Business With Accountability Measures For Schools And Teachers.** “Becker, who serves on the board of trustees at the private Meadows School in Las Vegas, said that education should be run like a business, with accountability measures in place for schools and teachers. ‘I don’t think throwing more money at it is the fix,’ Becker said.” [Las Vegas Review Journal, 9/27/20]

### Critical Race Theory

**Becker Attacked “Divisive Political Arguments, Like Critical Race Theory”**

**Becker Said “Divisive Political Arguments, Like Critical Race Theory,” Needed To Be Kept Out Of Schools.** “We need to keep divisive political arguments, like Critical Race Theory, out of our schools. We should teach our students the good and the bad of our history, not a political theory that seeks to divide and segregate them.” [Voteaprilbecker.com, accessed 1/27/22]

**Becker Criticized Critical Race Theory And Government Intervention In School Curriculum.** “Help me send a clear message to the Biden administration. If you had enough government interference, please sign the petition!” [Facebook, @VoteAprilBecker, 11/20/21]

**VIDEO: Becker Criticized The Government For Mandating Vaccines And Controlling What Kids Are Taught At School.** [1:20] “Becker: ‘If Pink Floyd released that song today he’d be cancelled faster than Dave Chappelle by the radical left. That song was truth then and its truth now. That song isn’t bashing teachers or education. It’s a metaphor about the government trying to control the thoughts and actions of people. It was about fear and how arrogant people use fear as an instrument of control and domination over those who don’t have any power. And that’s exactly what the government is up to right now. Mandating that you get a vaccine or else. Telling you not to question your kids are learning in school. Just let the government control them.’” [Facebook, April Becker, 10/12/21] (VIDEO)

### Education Funding

**Becker Criticized Her 2020 Opponent’s Proposed “Illegal Tax.”** “Becker makes hay out of Cannizzaro’s ‘illegal tax.’ A self-identified nerd, Becker says she’s driven to distraction by conflicting or poorly constructed statutes. And she’s no fan of regulations. (Her ice cream truck was subject to all kinds of rules, she discovered.)” [Las Vegas Review Journal, 10/18/20]
clamoring for more funding beyond the $62 million that lawmakers added to the general school budget over the weekend. It could put pressure on Republicans, who have called for more education funding and decried school safety cuts as lawmakers freed up more than $200 million from the governor’s budget, but who have been staunchly opposed to extending the payroll tax rate. The funding would be directly allocated from a portion of the Modified Business Tax, which is assessed on payroll, that would not exist if the rate decreases at the end of the fiscal year because of provisions of a 2015 law requiring the tax rate to drop if certain taxes overperformed.” [Nevada Independent, 5/27/19]

- **The Extension Of The Tax Rate Was Predicted To Spark A Constitutional Crisis As There Is A Constitutional Provision That Required Two-Thirds Of Lawmakers To Vote To Raise A Tax.**
  “Legislative Democrats earlier this month received an opinion from the Legislative Counsel Bureau stating that a two-thirds vote wasn’t needed to extend the tax rate — something Republicans have warned could spark a ‘constitutional crisis.’ […] Business groups have argued against the MBT extension on the grounds that it erodes the meaning of the constitutional provision requiring two-thirds of lawmaker votes to raise a tax” [Nevada Independent, 5/27/19]

- **2021: The Nevada Supreme Court Ruled That The 2019 Tax Extension Unconstitutional.** “The Nevada Supreme Court has declared a 2019 payroll tax and Department of Motor Vehicles fee extension unconstitutional, setting up a question mark in the state’s budgeting process with days left to go in the legislative session. The decision upholds a District Court ruling and ends a protracted legal fight that has been ongoing since soon after the 2019 legislative session. In the final days of the 2019 session, Democrats voted to extend both the payroll tax and a DMV transaction fee on a party line vote. That vote raised the ire of Republicans, as tax increases in Nevada require a two-thirds vote and Democrats did not hold a supermajority in the Senate.” [Las Vegas Sun, 5/13/21]

Becker Criticized Nevada Democrats For Cutting Education Funding During A Special Legislative Session To Close The $1.2 Billion Budget Deficit. “Becker, a Las Vegas attorney, criticized Democrats for the cuts they made to education and health care the budgets of which make up roughly two-thirds of the state’s total budget during the special session over the summer to close the $1.2 billion budget deficit.” [Las Vegas Review Journal, 9/27/20]
**Election Law & Campaign Finance Issues**

- Becker argued Nevada should not use mail-in ballots and claimed that it would lead to “electoral shenanigans,” however the Nevada Republican Secretary of State found “no evidence” of voter fraud in Nevada’s 2020 election, in which all voters were sent absentee ballots.

- Becker complained about the law passed during the pandemic mailing absentee to all registered Nevada voters, “Pushing through our election laws two months before an election was the wrong thing to do.”

Over the weekend, the Democratic-controlled Nevada state legislature passed a sweeping election bill along party lines. Gov. Steve Sisolak, a Democrat, signed the legislation Monday afternoon. **Becker Complained Too Much Of Health Care Was Controlled By “The State”**

Becker Complained Too Much Of Nevada’s Health Care System Was “Being Controlled By The State” Specifically Referencing Medicare. “Donald: ‘What is your approach to improve Nevada’s healthcare system?’ Becker: ‘We need to attract good doctors, that’s at the top of my list of healthcare needs. Medicare has doctors working in an environment not unlike pro-bono work. Insurance companies want to pay doctors the lowest fee possible and they want to only pay the same rate Medicare is paying. This means the physicians have to see a huge number of patients in order to drive revenue. When people asked me about healthcare, I did not understand how much of it is being controlled by the state. Becker Accused Biden Of Removing And Then Reinstating Trump’s “Remain In Mexico” Border Policy, Claiming “Biden Decided Trump’s Policy Works And Is Expanding It.” “President Biden was court ordered to reinstate a Trump-era ‘Remain in Mexico’ policy that Biden suspended on his first day of office. […] The policy was first implemented in 2019 by former President Donald Trump amid an increase in Central American families crossing the southwest border. About 70,000 migrants have been returned to Mexico under the policy since 2019, according to the American Immigration Council. […] President Joe Biden suspended the policy on his first day in office, citing the violence migrants faced waiting in Mexico for their court hearings, and formally ended it in June. But Republican-led states of Texas and Missouri sued the Biden administration in April over the program’s suspension. In August, a federal judge for the Northern District of Texas sided with the states and ordered the administration to reinstate the policy pending the outcome of the lawsuit. The administration appealed to the Supreme Court which blocked its efforts to end the policy.” [CNBC, 12/2/21]
Becker Called For The United States To “Secure Our Borders Just Like Every Other Country Does” And Supported Sending FEMA And Federal Troops To The Border

AUDIO: Becker Wanted To “Secure Our Borders Just Like Every Other Country Does.” [7:16] “Becker: ‘Wow, where do you start? It’s unbelievable the crisis that’s going on our borders. We need to secure our borders just like every other country does. We need to vet people coming through. We need to put things in place. It’s unbelievable, it’s hard to watch what’s going on and the hypocrisy.’” [670 AM KMZQ Kevin Wall Radio, 3/19/21] (AUDIO)

[8:40] “Kevin Wall: ‘Sending FEMA to the border, sending federal troops maybe to the border, is there answer to how you do fix it?’ Becker: ‘Yeah, I think that would be something that should be done. I mean, you hear the governors and the people that are in charge of these facilities and they are begging for help. They are overrun, over worked, and it’s really scary to think whose gotten into the country and how are we going to get them back out.’” [670 AM KMZQ Kevin Wall Radio, 3/19/21] (AUDIO)

Becker Supported Securing The Border To Limit The Amount Of Fentanyl Being Trafficked Across The Border

Becker Supported Securing The Border To Limit The Amount Of Fentanyl Being Trafficked Across The Border. “Another critical reason to secure our borders is the thousands of pounds of fentanyl pouring into our communities. The drug is being trafficked across our border and is ravaging American families.” [Voteaprilbecker.com, accessed 1/27/22]

• Fentanyl Seizures Have Increased Since 2018 With A Large Jump From 2020 To 2021. “Customs and Border Protection seized more fentanyl so far in 2021 than all of 2020. As of April, 6,494 pounds of fentanyl were seized by authorities at the border, compared to 4,776 pounds in all of 2020. In fact, fentanyl seizures have been increasing since 2018.” [ABC News, 5/18/21]

Becker Defended The Use Of Family Separation While Criticizing Biden For Losing Thousands Of Migrant Children At The Border

Becker Defended Family Separation On The Border With The Logic That When American Citizens Are Arrested For Committing A Crime, Children In Their Custody Are Placed In Police Custody. “If an American citizen is arrested for committing a crime while in custody of their child…the child goes into police (government) custody. The child doesn’t go to jail with the adult. This type of settlement sets a ridiculous precedent that reaches far beyond illegal border crossings.” [Facebook, April Becker, 11/9/21]
Becker Claimed A Potential Settlement Compensating Families That Were Unlawfully Separated At The Border “Sets A Ridiculous Precedent That Reaches Far Beyond Illegal Border Crossings,” Implying It Could Impact Prosecution Of Crimes By US Citizens. “If an American citizen is arrested for committing a crime while in custody of their child…the child goes into police (government) custody. The child doesn’t go to jail with the adult. This type of settlement sets a ridiculous precedent that reaches far beyond illegal border crossings.” [Facebook, April Becker, 11/9/21]

Becker Criticized The Biden Administration For “Losing Track” Of Thousands Of Migrant Children At The Border. “Thousand of migrant children are crossing our borders daily and the U.S. government is losing track of them! Joe Biden is failing America. Sign the petition to stand against Joe Biden's border policy!” [Facebook, April Becker, 9/14/21]

* An Advocate For Migrant Children Argued That Failing To Make Contact With Migrant Minors Did Not Mean That They Were In Danger Or The Government Did Not Know Where The Child Is. “According to Axios, the records show that during the first five months of 2021, ‘care providers made 14,600 required calls’ to migrant minors released from shelters run by the Department of Health and Human Services and 4,890 of the attempts failed to make contact. But ‘that doesn’t mean the child is lost or the child is necessarily in danger — it means no one picked up the phone,’ said Jennifer Podkul, vice president of policy and advocacy at Kids in Need of Defense, a nonprofit that provides legal services to migrant children. Podkul said the government does collect information, including addresses, on sponsors, who assume responsibility to care for migrant children as they go through deportation proceedings. Sponsors are also required to undergo background checks. While there are legitimate reasons to be concerned about migrant children given their vulnerability, Podkul said, ‘we don’t have any information to suggest these children were ‘taken.’ ‘Even if the sponsor didn’t answer or return a call, she said, that alone doesn’t mean the government doesn’t know where the child is or that the child isn’t still participating in court proceedings.” [AP, 9/9/21]

**Illegal Immigration**

Becker Retweeted Kevin McCarthy’s Tweet Claiming The Build Back Better Bill’s “Mass Amnesty” Would Benefit Smugglers And Criminal Cartels While Hurting Americans

Becker Retweeted Kevin McCarthy's Tweet Claiming “Democrats’ Mass Amnesty” Would Benefit Smugglers And Criminal Cartels While Hurting Americans. ‘The winners of Democrats' mass amnesty would be the smugglers and the criminal cartels. Allowing illegal immigration fuels more illegal immigration. The losers
would be the rule of law, legal immigrants, and most importantly, American citizens.”

The winners of Democrats' mass amnesty would be the smugglers and the criminal cartels.

Allowing illegal immigration fuels more illegal immigration.

The losers would be the rule of law, legal immigrants, and most importantly, American citizens.

Becker Claimed That Immigration Was Also A Matter Of Economic Security As It Drives Down Wages.

“Immigration is not just a matter of national security; it’s also a matter of economic security. Mass immigration drives down wages and leads to businesses’ cutting corners and taking advantage of individuals.” [Voteaprilbecker.com, accessed 1/27/22]

- 2017 Study By The National Academies Of Sciences, Engineering, And Medicine Found “Little Evidence” To Prove Immigration Lowered Wages For Native-Born Workers. “The question: Have immigrants taken jobs from and lowered wages for American blue-collar workers? The short answer: Economists disagree whether or how much an influx of immigrants depresses wages. Some have found that new immigrants depress wages for certain groups, such as teenagers or workers with a high school diploma or less. Others say the overall effect on the economy is tiny, and an influx of immigrant workers vitalizes the economy overall. But an earlier study on the boatlift, from 1990 by Princeton economist David Card, looked at wages of ‘less-skilled’ workers overall (as opposed to just high school dropouts) and found ‘virtually no effect on the wages or unemployment rates of less-skilled workers, even among Cubans who had immigrated earlier.’ The debate remains unsettled, and it’s impossible to extrapolate the effect of the boatlift on Miami to the whole country. A recent analysis commissioned and published by the National Academies of Sciences, Engineering, and Medicine found ‘the literature on employment impacts finds little evidence that immigration significantly affects the overall employment levels of native-born workers.’ Overall, the analysis called the influx of foreign-born people ‘a relatively minor factor in the $18 trillion U.S. economy.’ However, the analysis does cite recent research that immigration could reduce the number of hours worked by teenagers and some evidence that recent immigrants reduce the employment rate of prior immigrants.” [NPR, 8/4/17]

Becker Claimed That Biden Promised Free Health Care And Government Benefits To Undocumented Immigrants; USA Today Fact Check Rated A Similar Claim False

Becker Claimed That Biden Promised Free Health Care And Government Benefits To Illegal Immigrants.

“Politicians like President Biden and Vice President Kamala Harris have made outlandish promises of free healthcare and government benefits to those who come here illegally. This has caused good people to risk their lives and their children’s lives pursuing these false guarantees.” [Voteaprilbecker.com, accessed 1/27/22]

USA Today Fact Check Ruled “False” The Claim That Biden Said US Taxpayers Should Pay For Health Care For Undocumented Immigrants. “There is no evidence showing Biden saying that U.S. taxpayers have an obligation to provide health care for undocumented immigrants, beyond the emergency treatment they are already eligible for under federal law. His proposals for dealing with the issue involve allowing access to a public option,
which, under his plan, is not taxpayer subsidized. The evidence addresses what he, or his team, have stated, not with the feasibility of such a plan.” [USA Today, 7/24/20]

**Becker Criticized The Infrastructure Investment & Jobs Act (IIJA), Citing A False Claim About The Bill Taxing Small Businesses**

Becker Criticized Democrats’ “TRILLION-Dollar Infrastructure Plan,” Claiming It Included A “Hidden Tax Hike On Small Business Owners.” “Joe and Nancy Pelosi are pushing for passage of their TRILLION-dollar infrastructure plan that includes a hidden tax hike on small business owners. This will be disastrous for many small businesses still recovering from the Covid shutdowns. Our country deserves better leadership. Will you help me fight for small businesses and hard-working families? Please donate to support my campaign for Congress!” [Facebook, April Becker, 9/2/21]

Becker’s Claim About A “Hidden Tax Hike” Resembled A False Facebook Post About A 3% Property Tax

PolitiFact Rated “Pants On Fire” A Viral Facebook Claim That The Infrastructure Bill Contained A 3% Property Tax On Residential And Commercial Property Hidden On Page 2,385 Of The Legislation. “Facebook posts claim that the ‘infrastructure bill’ on page 2385 presents a federal property tax of 3% on all homes and land - both residential and commercial.” Three tax policy experts who have extensively reviewed the Biden infrastructure agenda said the claim was inaccurate. Pages 2,385 in both the Build Back Better Act and the Infrastructure Investment and Jobs Act don’t mention a federal property tax. A direct federal property tax as described in the post would be very difficult to make constitutional. We rate this claim Pants on Fire!” [Politifact, 10/4/21]
Republicans Who Voted For IIJA Noted It Did Not Raise Taxes

Sen. Rob Portman: IIJA Invested In Infrastructure “Without Raising Taxes.” “U.S. Senator Rob Portman (R-OH) issued the following statement today after the U.S. House of Representatives voted to approve the Infrastructure Investment & Jobs Act by a bipartisan vote of 228-206 [...] ‘Nationwide, it represents a historic $542 billion investment in the roads, bridges, ports, waterways, railroads, electrical grids, broadband networks, and more. It will create hundreds of thousands of good paying jobs, and it does all of this without raising taxes.’” [Office of Sen. Rob Portman, Press Release, 11/5/21]

Sen. Mitt Romney: IIJA Was “Not Going To Raise Taxes.” “U.S. Senator Mitt Romney (R-UT) today spoke on the Senate floor ahead of the introduction of legislative text of the Infrastructure Investment and Jobs Act, bipartisan infrastructure legislation negotiated by U.S. Senator Mitt Romney (R-UT) and his colleagues. ‘They say that making law is like making sausage, but I have seen sausage made and it’s a prettier process and it’s a lot easier. But this has been a lot more rewarding. I have enjoyed the time we have had together. My good friend from West Virginia talked about how much money we are spending here, how big this is, but let me underscore something. This is paid for, this is not going to raise taxes on people. This is instead taking some money that was already appropriated—not used—for COVID relief. We are going to bring that back and use it to help build infrastructure. This is a bill which is paid for and that gives the American people what they desperately need, and that is an upgrade in our infrastructure.’” [Office of Sen. Mitt Romney, Press Release, 8/2/21]

The Metro Police Protective Association, The Union For Las Vegas Metropolitan Police Officers, Endorsed Becker In 2020 After Endorsing Cannizzaro In 2016. “Much of the criticism stems from a single piece of
legislation that Cannizzaro, a prosecutor in the Clark County district attorney’s office, sponsored in 2019 that increased protections for police officers under investigation for misconduct. That bill came under scrutiny from reform advocates in the wake of the death of George Floyd, who died in Minneapolis police custody in May, who bashed it for being tone deaf. During a policy-focused special session this summer, Democrats proposed a partial repeal of that bill that progressives said didn’t go far enough in addressing their concerns. But it also drew the ire of the Metro Police Protective Association, the union for Las Vegas Metropolitan Police officers, which voiced heavy opposition to the repeal efforts. [7:40] “Becker: ‘What made me start thinking about running was 2015. If you’re familiar or lived here in 2015, you know that we had a Republican majority in the State Senate and the State Assembly and we had a Republican governor. And rather than passing voter ID laws or something constituents actually wanted they passed the largest tax increase in the history of our state.’” [NV GOP First Friday, 1/7/22] (VIDEO)

Becker Wrote That She Wanted To “Bring Back The Business Friendly Environment That Las Vegas Was Built On By Curtailing Government Regulations And Taxes.”

8/29/21: April Becker Signed Grover Norquist’s Federal Taxpayer Protection Pledge. [Twitter, @ChuckMuth, 9/12/21]

• The Taxpayer Protection Pledge Promised No Increase In Income Taxes And The Opposition Of Any Reduction Or Elimination Of Deductions And Credits. “Known in Republican circles simply as ‘The Pledge,’ the Americans for Tax Reform (ATR) Taxpayer Protection Pledge has steered GOP tax policy for decades, applying pressure to any candidate, lawmaker, or president who would raise taxes. […] It reads: I, _______, pledge to the taxpayers of the _____ district of the state of _______ and to the American people that I will: One, oppose any and all efforts to increase the marginal income tax rates for individuals and/or businesses; and Two, to oppose any net reduction or elimination of deductions and credits, unless matched dollar for dollar by further reducing tax rates” [ABC News, 11/26/12]

**Corporate Tax**
Becker Criticized The Biden Administration’s Corporate Tax Rate Increase Proposal, Claiming It Would Cause Higher Utility Bills. “ALERT: Nevada Residents Will Get Stuck with Even Higher Utility Bills Due to Biden Corporate Tax Rate Hike atr.org/nevada-residen…” [Twitter, @VoteAprilBecker, 9/12/21]

Rhodium Group Report Found Build Back Better Agenda, Which Included Energy Investments And Corporate Tax Increase, Would Save The Average Household $500/Year In Energy Costs. “A recent report from the Rhodium Group analyzed the combined effects of the Build Back Better agenda, potential actions of the states that have been leading on climate, and an aggressive timetable for implementation of the Clean Air Act and other bedrock environmental laws. The report found that, thanks principally to the proposed investments in clean electricity, electrification, and energy efficiency, the average household would save $500 annually in reduced energy costs.” [Center for American Progress, 10/21/21]

Mandez Op-Ed: The Build Back Better Bill Will Save The Average Family $500 A Year In Energy Bills. “The Build Back Better Act will save the average family $500 a year on energy bills, with major investments in energy efficiency and clean energy. This is a game-changer for Nevada’s low-income families who on average spend 6-8% of their income on home energy costs, forcing them to decide between energy bills or groceries, medicine and other essentials.” [Las Vegas Sun, Verna Mandez op-ed, 12/16/21]

Sales Tax

Becker Criticized The Nevada Legislature For Increasing The Local Sales Tax. “Nevadans are innovators, risk takers, and pioneers. Government should nurture and promote the Nevada spirit, not hold it back. What our current leaders don’t seem to realize is that, while government is not responsible for creating jobs, it certainly should not get in the way of the private sector doing it! We can empower job creators, while nurturing an environment for all workers to succeed. Just last year, the Nevada Legislature passed 67 anti-business bills, effectively increased our local sales tax, dramatically increased the size of our government, and they even raised taxes without a 2/3rds vote against the Nevada Constitution. It seems current leadership is determined to take more and more of our hard-earned dollars. I want to do exactly the opposite! We need to roll back the regulations and keep taxes low. We need to encourage investment and promote growth, not grow government and tax employers out of business.” [April Becker For State Senate, Values, 8/7/20]

Small Business Taxes

Becker Claimed Nevada Was “Becoming More Like California Every Day With Additional Regulations, Government Agencies, And Increased Taxation Of Small Businesses.” “Our leaders are out of touch, they don’t understand what’s good for the people of Nevada and for our business community. We’re becoming more like California every day with additional regulations, government agencies, and increased taxation of small businesses. I see so many of our businesses closing, with no plan to reopen.” [IVoteNevada, 5/19/20]

Becker Said One Of Her Top Priorities In The State Senate Was “Rolling Back The Taxes On Small Businesses.” “Donald: ‘Tell Nevada voters the first things you will tackle after being sworn in.’ Becker: ‘Where do I start? One of my top priorities is to see us increase our Republican seats. We are not going to have a majority until possible 2022. We have a Democrat-controlled government. I would like to see more GOP candidates. If not, we could lose the state forever. I’m going to work on education and improving it. Rolling back the taxes on small businesses. Making the creation of businesses and jobs easier by rolling back regulations. When I go to Carson City, I want to find ways to deal with this economic meltdown that has been created by the shutdown.’” [IVoteNevada, 5/19/20]

2019 Nevada Payroll Tax Extension

Becker Criticized The Nevada Legislature For Raising Taxes Without A 2/3rd Vote, Which She Claimed Was “Against The Nevada Constitution.” “Nevadans are innovators, risk takers, and pioneers. Government should
nurture and promote the Nevada spirit, not hold it back. What our current leaders don’t seem to realize is that, while government is not responsible for creating jobs, it certainly should not get in the way of the private sector doing it! We can empower job creators, while nurturing an environment for all workers to succeed. Just last year, the Nevada Legislature passed 67 anti-business bills, effectively increased our local sales tax, dramatically increased the size of our government, and they even raised taxes without a 2/3rds vote against the Nevada Constitution. It seems current leadership is determined to take more and more of our hard-earned dollars. I want to do exactly the opposite! We need to roll back the regulations and keep taxes low. We need to encourage investment and promote growth, not grow government and tax employers out of business.” [April Becker For State Senate, Values, 8/7/20]

**Becker Opposed Two Bills That Raised DMV Fees And The Nevada Payroll Tax, And Claimed They Were “Illegally Signed Into Law By A Party Line Vote.”** “April Becker, the Republican candidate for State Senate District 6, recently came out swinging against controversial bills that were passed by the Nevada Legislature this past June. ‘Senators take an oath to defend the constitution. Nicole Cannizzaro and the rest of the Senators in her caucus violated their oath. She failed to build consensus, then she failed to follow the law.’ Senate Bill 542 which increases DMV fees, and Senate Bill 551 which raises the payroll tax that was scheduled for a decrease both failed to receive the constitutionally required 2/3rds vote. Both bills were illegally signed into law by a party line vote.” [April Becker For State Senate, Press Release, 2/5/20]

- **The Extension Of The Tax Rate Was Predicted To Spark A Constitutional Crisis Over Nevada’s State Constitutional Provision That Required Two-Thirds Of Lawmakers To Vote To Raise A Tax.** “Legislative Democrats earlier this month received an opinion from the Legislative Counsel Bureau stating that a two-thirds vote wasn’t needed to extend the tax rate — something Republicans have warned could spark a ‘constitutional crisis.’ […] Business groups have argued against the MBT extension on the grounds that it erodes the meaning of the constitutional provision requiring two-thirds of lawmaker votes to raise a tax” [Nevada Independent, 5/27/19]

- **Becker Said She Opposed The Tax Increases And Supported Groups Who Filed A Lawsuit To Block Them.** “At a recent event, April Becker told friends and supporters that she opposes the tax increases and supports the groups who have filed a lawsuit to stop them. ‘Senator Cannizzaro and her colleagues chose to recklessly abandon bridge building and our state’s constitution. This is not leadership – it is partisanship at its worst. Raising taxes illegally on 23,000 Nevada employers hurts jobs and threatens our Nevada way of life. It’s time to roll back the illegal taxes.’” [April Becker For State Senate, Press Release, 2/5/20]

**2021: The Nevada Supreme Court Ruled That The 2019 Tax Extension Was Unconstitutional.** “The Nevada Supreme Court has declared a 2019 payroll tax and Department of Motor Vehicles fee extension unconstitutional, setting up a question mark in the state’s budgeting process with days left to go in the legislative session. The decision upholds a District Court ruling and ends a protracted legal fight that has been ongoing since soon after the 2019 legislative session. In the final days of the 2019 session, Democrats voted to extend both the payroll tax and a DMV transaction fee on a party line vote. That vote raised the ire of Republicans, as tax increases in Nevada require a two-thirds vote and Democrats did not hold a supermajority in the Senate.” [Las Vegas Sun, 5/13/21]
