June 2021: Robertson Opposed Raising Taxes On Wealthier Americans In The Name Of “National Harmony”

June 2021: In A Video Entitled “Fostering National Harmony,” Robertson Said Of Taxes On Wealthier Americans, “When People Say That Some People Just Aren’t Paying Their Fair Share, It’s Just Not True. They’re Trying To Divide Us.” Robertson for Congress posted on Facebook, “We need more harmony in our country. Some people try to turn us against each other. I would like to expose one of the techniques they use with a
story about two best friends, Tina One & Tina Two. #robertsonforcongress #NV03 #GOP Please visit RobertsonforCongress.com for more information” In the linked video, Robertson stated, “Here are the facts. According to the IRS, the top 1% of all income earners pay 39% of all the taxes. The top 25% pay 86%, and the top half of all income earners pay 97% of taxes, with the bottom half paying 3%. So when people say that some people just aren’t paying their fair share, it’s just not true. They’re trying to divide us. Don’t let them do it.”

April 2021: Robertson Argued Raising Corporate Tax Rates Would Increase Unemployment And Prices

April 2021: Robertson Argued Raising Corporate Tax Rates Would Increase Unemployment And Prices. “Raising corporate taxes makes US companies less competitive in a global marketplace and leads to job loss and price increases.” [Robertson for Congress, 4/12/21]

Robertson Is An Anti-Choice Extremist

December 2021: Robertson Called For Overturning Roe

[Robertson For Congress Twitter, 12/5/21]
January 2022: Robertson Claimed There Was No Constitutional Right To Abortion Despite The Roe v. Wade Ruling. “[ROBERTSON:] Roe vs. Wade said that there’s a constitutional provision [inaudible] that abortion is a constitutional right. I’d like someone to point that to me. Go to the Constitution and show me [inaudible, audience member speaks] I am pro-life, I think that an unborn child is a person and is entitled to life, liberty, and freedom. I do make exceptions in the case of rape, incest, and the life of the mother, but I’m pro-life.” [Mark Robertson Speech at Creakers Gun Club via Vantage, “2022 01 11 Mark Robertson Speech, Henderson NV,” 1/11/22] (VIDEO) 28:57

Robertson Claimed He Supported Exceptions To Abortion Bans For Rape & Incest...

January 2022: Robertson Said He Made Exceptions To His Pro-Life Stance For Rape, Incest, And When A Woman’s Life Was At Risk. “[ROBERTSON:] Roe vs. Wade said that there’s a constitutional provision [inaudible] that abortion is a constitutional right. I’d like someone to point that to me. Go to the Constitution and show me [inaudible, audience member speaks] I am pro-life, I think that an unborn child is a person and is entitled to life, liberty, and freedom. I do make exceptions in the case of rape, incest, and the life of the mother, but I’m pro-life.” [Mark Robertson Speech at Creakers Gun Club via Vantage, “2022 01 11 Mark Robertson Speech, Henderson NV,” 1/11/22] (VIDEO) 28:57

…But Robertson Applauded Texas’ Six-Week Abortion Ban Without Exceptions For Rape Or Incest And Called For Other States To “Follow Suit”

September 2021: Robertson: “I Applaud Texas For The ‘Heartbeat Bill’ They Passed Into Law Last Week And I Hope, For The Good Of Our Nation, That Other States Follow Suit.” “I believe that life begins at conception. I believe that we are all made in the image of God. Unborn babies have a right to life. A human, no matter how small, has a right to not have their life taken away from them. Even those who are not religious can agree that life is sacred. I know that there are many arguments made for abortion, but I believe that they’re all trumped by one simple, indisputable fact: abortion ends an innocent human life. No matter how many euphemisms we cloak it in, I don’t think it is justified. One of the most vital roles of government is to protect the vulnerable. The level of morality of a society can be measured by how they treat their most helpless. Our unborn babies deserve dignity and we must defend their right to Life. If we want God to bless America, we cannot stand by while His most miraculous creations are destroyed. I applaud Texas for the ‘heartbeat bill’ they passed into law last week and I hope, for the good of our nation, that other states follow suit.”
Robertson Repeatedly Equated Abortion With Murder

April 2022: Robertson: “When A ‘Woman’s Right To Choose’ Ends In The Murder Of A Child, It Is Not Justified.” “I believe that life begins at conception. I believe that we are all made in the image of God. Unborn babies have a right to life. A human, no matter how small, has a right to not have their life taken away from them.”
Even those who are not religious can agree that life is sacred. I know that there are many arguments made for abortion, but I believe that they’re all trumped by one simple, indisputable fact: abortion ends an innocent human life. We cannot be deceived by euphemisms. I support women and I support freedom, but when a ‘woman’s right to choose’ ends in the murder of a child, it is not justified. One of the most vital roles of government is to protect the vulnerable. The level of the morality of a society can be measured by how they treat their most helpless. It is the responsibility of the strong to protect the weak. Our unborn babies deserve dignity, and we must defend their right to life. [...] Thankfully, there has been a nationwide wave of pro-life laws recently, such as the ‘Texas Heartbeat Act’ which has stood victorious through several legal challenges from the abortion industry. The members of the House of Representatives want to pass the ‘Born Alive Abortion Survivors Act.’ Every Republican in the House supports it, but the Democrats and Nancy Pelosi refuse to bring it up for a vote.” [Robertson for Congress Facebook, 4/11/22]

April 2022: Robertson: The Question “Can We Murder Babies In The Womb?” “Should NOT Be Controversial.” “These things should NOT be controversial: What is a woman? Should schools discuss sexual orientation with children? Can we murder babies in the womb? Should we secure our borders? Should we have a strong military? Is defunding and demonizing the police going to make us safer? Can America be energy independent? Should American leaders put the best interests of American citizens first? Should we teach our children to hate America? Is it progress to judge each other on our immutable characteristics? Is it fair for biological men to compete in women’s sports? Won’t there be consequences if we keep spending (and printing) money we don’t have? I could go on and on… At the very least, we need to restore common sense and basic decency back to Washington DC.”

[Robertson for Congress Facebook, 4/4/22]

January 2022: Robertson: “I Believe That Life Begins At Conception. [...] Abortion Ends An Innocent Human Life. No Matter How Many Euphemisms We Cloak It In, It Is Not Right.” “The right to ‘Life’ is not granted by man, but rather is an endowment from our ‘Creator.’ In other words, life is given by God and only God should take it away. I believe that life begins at conception. I believe that we are all made in the image of God. Unborn babies have a right to life. A human, no matter how small, has a right to not have their life taken away from them. Even those who are not religious can agree that life is sacred. I know that there are many arguments made for abortion, but I believe that they’re all trumped by one simple, indisputable fact: abortion ends an innocent human life. No matter how many euphemisms we cloak it in, it is not right. One of the most vital roles of government is to protect the vulnerable. The level of morality of a society can be measured by how they treat their most helpless. Our unborn babies deserve dignity and we must courageously and clearly defend their right to Life.”
Robertson, A Proponent Of School Vouchers, Called For Abolishing The Department Of Education And Using Its Budget To Fund Block Grants To The States

Robertson Called For Abolishing The Department Of Education And Funding Block Grants To The States With Its Budget

January 2022: Robertson: “I Believe We Must Abolish The Department Of Education And Block Grant Their $86 Billion Budget Back To The States And The Parents.” “[ROBERTSON:] Parents also need to have the freedom to choose where they send their child to school. School choice will provide competition and competition is what makes this country great. It encourages innovation, creativity and success. There is nothing in our constitution that gives our government control of our education system and that is why I believe we must abolish the Department of Education and block grant their $86 billion budget back to the states and the parents. I think the timing is right. Parents are waking up to what is going on in public schools. We can resurrect some of what Ronald Reagan wanted to do. There is parental and political momentum to make those changes.” [Nevada Globe, 1/28/22]

Robertson Supported School Vouchers And Claimed Democrats “Force [Children] To Attend Substandard Government-Run Schools”
January 2022: Robertson Pledged To “Cut Those Strings” That Allowed “DC Bureaucrats [To Tell] Parents What To Do Out Here In Nevada” In Support Of “School Choice.” “[ROBERTSON:] School choice is really mostly a local issue, but there are things at the federal level. For example, we shouldn’t have bureaucrats in DC telling parents what to do out here in Nevada, and so I would look to cut those strings that are in the federal government.” [The Johnny Bru Show via YouTube, “Las Vegas School Choice Fair - S3E3,” 1/23/22] (VIDEO) 5:46

January 2022: Robertson: Democrats “Force [Children] To Attend Substandard Government-Run Schools With No Freedom To Choose The Educational Option That Is Best For The Child.” “The Democrat [sic] party has pledged allegiance to the radical progressive agenda that claims the state has more rights to our children than the parents do. Their idea of taking care of children seems to be aborting them before they’re born. If that doesn’t work, they do everything they can to break the bonds of the traditional family, encourage children to alter their gender, and teach them that race is the single most important factor for determining their value in society. They force them to attend substandard government-run schools with no freedom to choose the educational option that is best for the child. They label parents who show up to school board meetings as ‘domestic terrorists.’ They justify robbing them of normal childhood experiences with false statistics about their risk of coronavirus and scare them with Armageddon-like predictions regarding climate change.” [Robertson for Congress Facebook, 1/25/22]

August 2021: Robertson Supported “School Choice” And Vouchers For Parents To Enroll Children In Private Schools. “Robertson also supports school choice and a voucher system for parents who wish to enroll their students in private or charter schools. ‘Our children deserve the improvement in education that comes from competition and the innovation that competition brings,’ he said.” [Las Vegas Review-Journal, 8/5/21]

2021: Robertson: “Education Funding Should Follow The Child.” “Parents should have the choice of how to educate their children. Education funding should follow the child. Public, private and co-op schools should answer to parents and compete for the privilege of educating our youth. We need to return to the basics of math, science, reading and writing. Critical race theory and social engineering should have no place in our schools.” [Robertson Ballotpedia Candidate Connection Survey, 2021]

Robertson Held Radical Anti-Immigration Positions

January 2022: Robertson Called For An End To “Anchor Babies,” Of Whom He Said, “That Child Should Not Be An American Citizen.” “[ROBERTSON:] The other second feature that needs to be eliminated is this idea of anchor babies, that you come here intentionally pregnant in your ninth month or your final trimester and you hang around long enough that your child is born in America. That child should not be an American citizen. That family shouldn’t be get to be able to stay in the country just because they got sneaky and came here to have a baby.” [Mark Robertson Speech at Creakers Gun Club via Vantage, “2022 01 11 Mark Robertson Speech, Henderson NV,” 1/11/22] (VIDEO) 23:22

2021: Robertson Called For “Immediately Ending Chain Migration, Visa Lotteries And Vacation-Birth Citizenship” After Securing The Borders. “Before talking about comprehensive immigration reform, we need to secure our borders and stop the illegal flow of people coming into our country. It is a matter of national security. I support legal immigration. We should allow people to enter our country legally if they can contribute to the prosperity of our nation. Once our borders are secure, we can then discuss reforms such as immediately ending chain migration, visa lotteries and vacation-birth citizenship. We also need to modernize and update our current system. Too often, deserving people must wait years for approval. This delay is one of the reasons so many people attempt to enter illegally.” [Robertson Ballotpedia Candidate Connection Survey, 2021]
2022: Robertson Called For Increasing Deportations, Which He Equated To “Cleaning Up”

January 2022: Robertson Called For Deportations, Of Which He Said “Part Of The Cleaning Up Is Getting People Out Who Don’t Belong Here.” “[ROBERTSON:] Then we need to get back in and fix the broken immigration system. Two things that we need to fix. [AUDIENCE MEMBER:] Deportations. [ROBERTSON:] That’s right. Deportation. Part of the cleaning up is getting people out who don’t belong here.” [Mark Robertson Speech at Creakers Gun Club via Vantage, “2022 01 11 Mark Robertson Speech, Henderson NV,” 1/11/22] (VIDEO) 22:00

February 2022: Robertson Retweeted The House Republicans’ Criticism Of Declining Deportations Under Biden. “There have been OVER two million illegal crossings at our southern border since Biden took office. But the administration DROPPED deportations by 70% last year as the historic #BidenBorderCrisis worsened. This is a dangerous failure in leadership.”

[Robertson For Congress Twitter, 2/25/22]

October 2021: Robertson Supported Trump’s Border Wall

October 2021: Robertson: “We Need To Finish That Wall!” “If walls don’t work, why is Biden spending $457,000 to build one around his beach house? Because they do work. Trump knew it and Biden knows it too. He just doesn’t think America is worth protecting. Last week, it was reported that the Department of Homeland Security shelled out $456,548 (of tax-payer money!) to a construction company in Delaware to install a fence around Biden’s vacation home. […] Closing our borders is a matter of national security. Sex-trafficking, drug-trafficking and violent crime are serious threats to humans on both sides of the line. Without a strong border, we don’t have a strong country. We need to finish that wall! (And send the Democrats packing in 2022)! #BorderCrisis #BorderSecurity #BuildTheWall”
January 2022: Robertson Equated Vaccine Mandates With Nazism

January 2022: Robertson Said Of Vaccine Mandates That Mean “You Have To Show Your Papers To Go Someplace:” “Isn’t That Nazi?” “[ROBERTSON:] I’m against this idea that you have to show your papers to go someplace. Yeah, I mean isn’t that Nazi? I mean that was big in Germany, you have to show your papers. The people coming across the border don’t have to show their papers.” [Mark Robertson Speech at Creakers Gun Club via Vantage, “2022 01 11 Mark Robertson Speech, Henderson NV,” 1/11/22] (VIDEO) 44:27

Note: An audience member’s question preceded Robertson’s statement. It is unclear except for the words “vaccination card.”

February – March 2022: Hoffman Spears Propagated The “New World Order” Conspiracy Theory, Denied Climate Change, And Denigrated Zelenskyy On Social Media

March 2022: Hoffman Spears Appeared To Reject The Ideas That The “New World Order” Was “Just A Conspiracy Theory” That Was “Definitely Not Predicted In The Bible.”
Anti-Defamation League: The “New World Order” Conspiracy Claims The U.S. Is Under Attack From A Tyrannical, Socialist Force That Has Already Taken Over The Rest Of The World. “A term used to refer to a right-wing conspiracy theory that became popular among anti-government extremists from the 1990s onwards. ‘New World Order’ conspiracists believe that a tyrannical, socialist ‘one-world’ conspiracy has already taken over most of the planet and schemes to eliminate the last bastion of freedom, the United States, with the help of collaborators within the government. Through repressive measures, as well as manufactured crises such as terrorist attacks and pandemics, the globalist conspirators seek to eliminate dissent and to disarm Americans so that the ‘New World Order’ can move in and enslave them. ‘New World Order’ conspiracists also commonly believe that hundreds of concentration camps have been built in the U.S., ready to house dissenters; that the government will declare martial law, possibly on a pretext such as responding to a terrorist attack; and that the government will engage in mass gun confiscations.” [Anti-Defamation League, accessed 4/28/22]

February 2022: Hoffman Spears Called Climate Change “A LIE And An Excuse To Usurp Freedom And Destroy The West.” “If American was energy independent (like we were under Trump!), we’d have some leverage in this situation. Instead, Biden canceled the Keystone pipeline, banned fracking, and committed to getting rid of fossil fuels completely. (Climate change is a LIE and an excuse to usurp freedom and destroy the West. That’s it. Stop trying to save the environment while you let humans suffer). Besides being impossible and downright stupid, in the meantime, it makes us dependent on foreign oil. We are literally PAYING Russia millions of dollars a day for gas. We are financing the dictator’s expansion of his evil empire.” [Holly Hoffman Spears Facebook, 2/28/22]

February 2022: Hoffman Spears Wrote Zelenskyy “Is Not Simply The Handsome Underdog Hero-Type They’re Trying To Make Him Out To Be” And Insinuated He Was “Dirty.” “The Ukrainian government is corrupt. Their president is not simply the handsome underdog hero-type they’re trying to make him out to be. Putin is bad. Russia should not be attacking Ukraine. But all of the problems in the world cannot simply be pinned on him. He didn’t just wake up one day and decide to launch a war. There is a long and complicated history here that no one is discussing. The American government is not blameless and they are not acting rationally. There are many warmongers among our ranks who want conflict, mostly because they profit off of it. There is true evil being perpetrated by some of the people in power and this war provides cover for them. The goal of the elites is ENDLESS war, NOT successful war. Don’t forget that. It is possible to believe that Zelensky is dirty, Putin is crazy, Biden is dangerous, AND that the people of Ukraine are innocent AND that America should not get involved.” [Holly Hoffman Spears Facebook, 2/28/22]

Robertson And Hoffman Spears’ Social Media Posts On Ukraine Appeared To Echo One Another

[Robertson For Congress Twitter, 2/23/22]
3/3/22: Hoffman Spears Facebook: “The American Southern Border Matters More To Me Than The Ukrainian Border.” “(Unpopular opinion. (I’m full of those. And obviously, I don’t care.)) The American southern border matters more to me than the Ukrainian border. What’s happening on our southern border is an invasion. Almost 2 million people crossed our border illegally in the last year alone. I am more worried about the cartels infiltrating our country, the unprecedented and dangerous rise in drug trafficking, sex trafficking, and violent crime as well as the destruction of our culture, language, values, and economy— than a dispute thousands of miles away.”

Robertson Opposed The American Rescue Plan That Provided Billions In Pandemic Relief For Nevadans

Robertson Called The ARP “Plain Wrong For America”

March 2021: Robertson Called ARP “Plain Wrong For America.” “The so-called ‘American Rescue Plan’ ($1.9T COVID relief bill) is plain wrong for America. Not a whiff of bipartisanship. I've highlighted a few items that should concern you about this bill - click the link below. #NV03 #GOP https://t.co/ZnGALX8Icr”

I’ve highlighted a few items that should concern you about this bill - click the link below. #NVD3 #GOP

Robertson Criticized ARP’s Child Tax Credit, Which Granted $154 Million To Nevada Families, As “Universal Basic Income”

Robertson Criticized ARP’s Child Tax Credit As “Universal Basic Income” And Added, “Adding Liberal, Socialist Programs And Nearly $2 Trillion More To Our National Debt Is Unforgivable.” “Universal Basic Income. Part of the Rescue plan instructs the IRS to send monthly checks to every household with children who have income below a certain level ($200,000 for single parents and $400,000 to two parents). Children under six receive $3,600 per year while those children who are 6-17 receive $3,000 per year. This means a family with four children (two under six and two over six) will receive $1,100 tax-free every month. The bill treats this as a ‘tax credit’ therefore it is not considered income and will therefore not reduce any other welfare benefits they are receiving. Although this provision expires after one-year, Democrats are already daring Republicans to oppose making it permanent. Adding liberal, socialist programs and nearly $2 trillion more to our National Debt is unforgivable. We need to do everything we can to restore checks and balances to our Government by sending Republicans to Congress to end one-party rule.” [Robertson for Congress, 3/28/21]

As Of August 2021, Nevada Had Received $154 Million In Child Tax Credit Payments As Part Of The American Rescue Plan. As of August 2021, Nevada had received $154,047,000 in Child Tax Credit payments:
“The U.S. Department of the Treasury and the Internal Revenue Service announced today that more than $15 billion were paid to families that include roughly 61 million eligible children in the second monthly payment of the expanded and newly-advanceable Child Tax Credit from the American Rescue Plan passed in March. [...] Eligible families received a payment of up to $300 per month for each child under age 6 and up to $250 per month for each child age 6 to 17. This tax relief is having a real impact on the lives of America’s children. According to the Census Bureau’s Household Pulse Survey data released earlier this week, parents reported having less trouble covering the costs of food and other household expenses after receiving their first CTC payment. The share of families reporting that they sometimes or often did not have enough to eat in the past week dropped to the lowest percentage since the pandemic began. Parents are using their CTC payments to pay for basics for their kids.” [Department of the Treasury, Press Release, 8/13/21]

**Robertson Criticized ARP’s Funding For Local And State Governments’ Pandemic Recovery; ARP Granted Nevada Received $2.7 Billion In Coronavirus State And Local Fiscal Recovery Funds**

Robertson Called ARP’s Funding For Local And State Governments’ Pandemic Recovery “Rewards For Incompetence.” “The so-called ‘American Rescue Plan’ ($1.9T COVID relief bill) is plain wrong for America. It promises to further divide Americans while burying our country in even more debt. Without even a whiff of bipartisanship, the Democrats passed a bill that is loaded with far-left socialist programs. Here are just a few items that should concern you about this bill. [...] Rewards for Incompetence. The bill provides hundreds of billions to State and local governments. Those State and Local leaders who have mismanaged their Cities and States get much more than those who were wise stewards.” [Robertson for Congress, 3/28/21]

Nevada Received $2.7 Billion In Coronavirus State And Local Fiscal Recovery Funds As Part Of The American Rescue Plan To Help Governments Respond To The Pandemic And Bring Back Jobs. Nevada received $2,738,837,228.70 in Coronavirus State and Local Fiscal Recovery Funds as part of the American Rescue Plan: “The American Rescue Plan will deliver $350 billion for eligible state, local, territorial, and Tribal governments to respond to the COVID-19 emergency and bring back jobs. [...] Recipients may use these funds to: support public health expenditures, by, for example, funding COVID-19 mitigation efforts, medical expenses, behavioral healthcare, and certain public health and safety staff, address negative economic impacts caused by the public health emergency, including economic harms to workers, households, small businesses, impacted industries, and the public sector, replace lost public sector revenue, using this funding to provide government services to the extent of the reduction in revenue experienced due to the pandemic, provide premium pay for essential workers, offering additional support to those who have and will bear the greatest health risks because of their service in critical infrastructure sectors, invest in water, sewer, and broadband infrastructure, making necessary investments to improve access to clean drinking water, support vital wastewater and stormwater infrastructure, and to expand access to broadband internet, within these overall categories, recipients have broad flexibility to decide how best to use this funding to meet the needs of their communities. [Department of the Treasury, Allocation for States, accessed 9/8/21; Department of the Treasury, accessed 9/8/21]

**Robertson Criticized ARP’s Loan Forgiveness For Socially Disadvantaged Farmers**

Robertson Equated ARP’s Loan Forgiveness For Farmers Of Color With Reparations And Called It “Blazenly [Sic] Racist.” “The so-called ‘American Rescue Plan’ ($1.9T COVID relief bill) is plain wrong for America. It promises to further divide Americans while burying our country in even more debt. Without even a whiff of bipartisanship, the Democrats passed a bill that is loaded with far-left socialist programs. Here are just a few items that should concern you about this bill. [...] Reparations. The far-left added billions of dollars only for non-white people. Farmers of color may receive 120% forgiveness of their farm loans. White farmers can’t even apply. This means that a farmer of color who borrowed $1,000,000 can receive a government check for $1,200,000. Not only is this brazenly racist, it will further divide the Country down racial lines.” [Robertson for Congress, 3/28/21]
ARP Included Provisions For The USDA To Pay Up To 120 Percent Of Loan Balances For Socially Disadvantaged Farmers. “The American Rescue Plan Act (ARPA) Section 1005 includes provisions for USDA to pay up to 120% of loan balances, as of January 1, 2021, for Farm Service Agency (FSA) Direct and Guaranteed Farm Loans and Farm Storage Facility Loans (FSFL) to any Socially Disadvantaged producer who has a qualifying loan with FSA. This includes producers who are one or more of the following: Black/African American, American Indian, Alaskan Native, Hispanic/Latino, Asian American, or Pacific Islander. The 120% payment represents the full cost of the loan to include 100% toward loan balances as of January 1, 2021, and the 20% portion is available for tax liabilities and other fees associated with payment of the debt. Any payments by borrowers made since January 1 will be reimbursed in full.” [USDA, accessed 4/28/22]

Robertson Claimed ARP Would Hurt The Economy Through Unemployment Insurance

Robertson Claimed Unemployment Insurance In ARP Would Disincentivize People From Working. “The so-called ‘American Rescue Plan’ ($1.9T COVID relief bill) is plain wrong for America. It promises to further divide Americans while burying our country in even more debt. Without even a whiff of bipartisanship, the Democrats passed a bill that is loaded with far-left socialist programs. Here are just a few items that should concern you about this bill. […] Incentives not to Work. The bill extends Federal ‘kickers’ to unemployment benefits. Many people now make more collecting unemployment than they would make if they went back to work.” [Robertson for Congress, 3/28/21]

May 2021: Robertson Retweeted Sen. Tim Scott: ARP “Incentivizes Unemployment And Destroys Our Economy.” “Republicans have been warning about this since Day 1. The Biden plan incentivizes unemployment and destroys our economy. Americans are getting vaccinated and our communities are reopening—it’s time to help people get back to work! https://t.co/bbfPGmVt7D”

Robertson Claimed The ARP Expanded The Affordable Care Act By $30 Billion; ARP Further Incentivized Medicaid Expansion
Robertson Claimed The ARP Expanded The Affordable Care Act By $30 Billion. “The so-called ‘American Rescue Plan’ ($1.9T COVID relief bill) is plain wrong for America. It promises to further divide Americans while burying our country in even more debt. Without even a whiff of bipartisanship, the Democrats passed a bill that is loaded with far-left socialist programs. Here are just a few items that should concern you about this bill. […] Expanding Obamacare. More than $30 billion goes to expanding Obamacare, a long-term Democratic policy goal.” [Robertson for Congress, 3/28/21]

Center For American Progress: ARP Further Incentivized Medicaid Expansion By Having The Federal Government Pay For An Additional 5 Percent Of Medicaid Costs For Two Years After States Expand. “The American Rescue Plan further incentivizes Medicaid expansion by having the federal government pay for an additional 5 percentage points of Medicaid costs in the traditional Medicaid program for two years after states expand. This boost is in addition to the 6.2 percentage point increase for the traditional Medicare program in place via the FFCRA for the duration of the public health emergency. Boosting the traditional Medicaid FMAP by 5 percentage points would represent a massive flow of federal funds to states because even in states that have expanded their Medicaid programs, spending in the traditional Medicaid program accounts for almost 80 percent of overall program spending.” [Center for American Progress, 3/11/21]

Note: Further research needed to confirm whether Robertson is referring to a specific $30 billion program related to the ACA in ARP; preliminary searches did not yield relevant results.

Robertson Claimed The ARP Included “Handouts To Unions” By Bailing Out Union-Negotiated Pension Plans

Robertson Claimed The ARP Included “Handouts To Unions” By Bailing Out Union-Negotiated Pension Plans. “The so-called ‘American Rescue Plan’ ($1.9T COVID relief bill) is plain wrong for America. It promises to further divide Americans while burying our country in even more debt. Without even a whiff of bipartisanship, the Democrats passed a bill that is loaded with far-left socialist programs. Here are just a few items that should concern you about this bill. […] Handout to Unions. The bill spends $86 billion bailing out union-negotiated multi-employer pension plans.” [Robertson for Congress, 3/28/21]

Robertson Criticized The ARP For Granting Stimulus Checks To Federal Employees

Robertson Criticized The ARP For Granting Stimulus Checks And “Extra Paid Leave” To Federal Employees. “The so-called ‘American Rescue Plan’ ($1.9T COVID relief bill) is plain wrong for America. It promises to further divide Americans while burying our country in even more debt. Without even a whiff of bipartisanship, the Democrats passed a bill that is loaded with far-left socialist programs. Here are just a few items that should concern you about this bill. […] Gives Away to Federal Employees. Although no Federal worker lost their job during the pandemic, nearly 100% of them will receive $1,400 stimulus checks and extra paid leave.” [Robertson for Congress, 3/28/21]

2021 – 2022: Robertson Criticized All Federal Infrastructure Investment, Including The Bipartisan Infrastructure Framework (BIF)

January 2022: Robertson Criticized BIF For Investing In Charging Stations

January 2022: Robertson Criticized BIF For Investing In Charging Stations And Added That “The Market Took Care Of” Constructing Gas Stations. “[ROBERTSON:] Green energy, it’s so great we have to force you to do it. If it’s really that great, it would happen. The market would provide that. In the infrastructure bill that you mention, there’s hundreds of – billions of dollars in there set aside to build charging stations throughout the United States. You know, it seems to me that we have gas stations everywhere we need them and the government never
had to build any of those. The market took care of that. So I’m not against green energy, but I’m an all of the above type of person. […] So I’m an all of the above, including nuclear. I think we’ve come a long way in the decade since Three Mile Isle and the mistakes that we made in nuclear, and nuclear is a green energy, you know, it’s renewable, and so I’m an all of the above, and I don’t think the government, you and I, the taxpayers ought to be subsidizing these ventures the government wants to get into. Let the free market do that.” [Mark Robertson Speech at Creakers Gun Club via Vantage, “2022 01 11 Mark Robertson Speech, Henderson NV,” 1/11/22] (VIDEO) 31:03

April 2021: Robertson Criticized Federal Investment In State And Local Infrastructure, Which He Said “Result[ed] In Greater Power To Washington Bureaucrats”

April 2021: Robertson Campaign Blog Headline: “The Liberal ‘Infrastructure And Jobs Plan’ Is Wrong For America.” [Robertson for Congress, 4/12/21]

- Robertson: “Nowhere In The US Constitution Will You Find A Clause That Says The Federal Government Has A Role In Fixing Pot-Holes, Building Local Schools Or Funding Green Energy Projects.” “Most true infrastructure projects are local (not National). Nowhere in the US Constitution will you find a clause that says the Federal Government has a role in fixing pot-holes, building local schools or funding green energy projects. When the Federal Government doles out ‘free money’ to States and local governments, there are always costly strings and regulations attached, resulting in greater power to Washington bureaucrats.” [Robertson for Congress, 4/12/21]

BIF Invested Billions In Nevada’s Roads And Bridges, Public Transit, Water Infrastructure, And Wildfire Prevention

BIF Invested $2.5 Billion For Federal-Aid Highway Apportioned Programs, $459 Million For Public Transportation, $403 Million For Water Infrastructure, And $293 Million For Airport Improvements In Nevada. “The breakdown of Nevada’s minimum expected funding contained in the Investing Infrastructure and Jobs Act is as follows: $2.5 billion for federal-aid highway apportioned programs $459 million for public transportation $403 million for water infrastructure $293 million for airport improvements $225 million for bridge replacement and repairs $100 million for broadband infrastructure $38 million for the expansion of electric vehicle charging stations $12 million in cybersecurity infrastructure $8.6 million for wildfire prevention” [Gov. Robertson Called Build Back Better, Legislation That Invested In Child Care And Lowered Prescription Drug Prices, A Change “For The Worse”

December 2021: Robertson Insinuated BBB Would Change America “For The Worse”

December 2021: Robertson Claimed Democrats Wanted To “Spend 2 Trillion Dollars To ‘Fundamentally Change’ America For The Worse.” “I want to balance the budget and put a stop to this destructive inflation. The Democrats want to spend 2 trillion dollars to ‘fundamentally change’ America for the worse. We are not the same. #robertsonforcongress #freedomfamilyprosperity #fiscalresponsibility”

[Robertson For Congress Twitter, 12/17/21]

- October 2021: Biden: BBB “Will Fundamentally Change The Lives Of Millions Of People For The Better.” “Today, with my Democratic colleagues, we have a framework for my Build Back Better initiative. And here’s how it will fundamentally change the lives of millions of people for the better.” [White House, Remarks by President Biden Announcing the Framework for His Build Back Better Agenda and Bipartisan Infrastructure Bill, 10/28/21]

BBB Would Invest In Child Care, Improve Energy Efficiency, Lower Drug Prices For Seniors, And Cut Taxes For Most Families

Roosevelt Institute: Build Back Better Act Would Invest In Child Care, Creating Jobs And Allowing Parents To Get Back To Work. “Convenient, affordable childcare is a major obstacle for working parents, illuminated even more so by school and daycare closures during the COVID-19 pandemic, which has disproportionately impacted women’s labor force participation. Increasing the capacity of industries in order to curb inflation of specific prices requires increasing the supply of labor. The Build Back Better Act invests in existing and new childcare facilities in underserved areas and provides subsidies to make childcare more affordable for qualifying households. Together, these investments would increase the supply of childcare, create new jobs, and allow parents to get back to work. [Roosevelt Institute, Fact Sheet, 9/28/21]

Center For American Progress: Build Back Better Act Would Invest In Clean Electricity And Energy Efficiency, Reducing Energy Costs By $500 Per Year For The Average Household. “Build Back Better helps break the United States’ dependence on fossil fuels—an industry that’s particularly vulnerable to extreme weather, which has and will continue to be exacerbated by climate change—consumer energy costs will be reduced. Specifically, proposed investments in clean electricity and energy efficiency will make energy costs more affordable, saving the average household approximately $500 a year in reduced energy costs. This much-needed investment in clean energy would come at a time when energy prices have pushed up inflation for consecutive months.” [Center for American Progress, 11/16/21]

- E&E News: The Budget Resolution Set “The Stage For Unprecedented Investments To Tackle Climate Change And Reduce Greenhouse Gas Emissions.” “Senate Democrats unveiled a $3.5 trillion budget resolution this morning, setting the stage for unprecedented investments to tackle climate change and reduce greenhouse gas emissions.” [E&E News, 8/9/21]

The Build Back Better Deal Lowered Drug Prices For Seniors By Reducing Co-Pays And Establishing A $2,000 Out-Of-Pocket Limit in Medicare Part D. “Pelosi celebrated the drug-pricing agreement: ‘For a generation, House Democrats have been fighting to deliver real drug price negotiations that will lower costs. With today’s agreement on strong lower drug price provisions for the Build Back Better Act, Democrats have a path forward to make good on this transformational agenda for our seniors.’ She said the deal will lower drug prices for seniors, reduce their out-of-pocket co-pays and establish a $2,000 out-of-pocket limit for seniors’ expenses in Medicare Part D. The bill would also halt price hikes above inflation, which would affect all Americans, she said.” [NBC News, 11/2/21]

Robertson Would Endanger Nevadans’ Earned Benefits

2022: Robertson Pledged To Support A Balanced Budget Amendment, Which Would Subject Medicare And Social Security To “Potentially Deep Cuts”

2022: Robertson Pledged To “Support An Amendment To The Constitution That Would Require A Balanced Budget Unless Sanctioned By A Two-Thirds Vote In Both Houses Of Congress.” “Support an amendment to the Constitution that would require a balanced budget unless sanctioned by a two-thirds vote in both houses of Congress. As a nation, we must get our budget and debt under control. The Federal deficit is approaching $30 trillion and growing by billions (even trillions) each year. Printing and spending money we don’t have is the biggest contributor to inflation. Families find it difficult to pay for gas and groceries. The problem is that politicians are afraid to be honest with their constituents. These politicians ignore the problem and pass it along to future generations. They pass ‘take-it-or-shut-down-the-government’ spending bills, while refusing to do the hard work of examining every program within the budget. All the while, the financial position of the Nation continues to deteriorate. It is now one of our top national security issues.” [Robertson for Congress, accessed 4/28/22]

AARP Opposed The Balanced Budget Amendment Because It Would “Likely Harm Social Security And Medicare, Subjecting Both Programs To Potentially Deep Cuts.” “AARP is writing to express our opposition to a balanced budget amendment to the Constitution of the United States. […] A balanced budget amendment would likely harm Social Security and Medicare, subjecting both programs to potentially deep cuts without regard to the impact on the health and financial security of individuals. It would also likely diminish the resources available for programs assisting Americans who are least able to provide for themselves – services such as meals or heating for those who are too poor or physically unable to take care of their basic needs without some support.” [AARP, Letter, 4/9/18]

2021: Robertson Pledged To “Develop Entitlement Reform”

2021: Robertson Pledged To “Develop Entitlement Reform That Can Shore Up Benefits For Future Generations, Without Increasing Government Debt” “If elected to Congress, I will do the following: Strengthen Social Security and Medicare Protect and strengthen Medicare and Social Security so that we can deliver the promised benefits that our Senior Citizens have earned. While protecting entitlements for Americans over age 55, develop entitlement reform that can shore up benefits for future generations, without increasing government debt.”
Robertson Supported Major Restrictions On Vote-By-Mail, Despite Having Voted By Mail In 2020

2021 – 2022: Robertson Supported Limiting Vote-By-Mail To The Military And Those With Medical Limitations From Voting In Person

April 2022: Robertson: “Unless You Have Medical Limitations Or Are Deployed With The Military, I Think You Should Have To Show Up In Person With A Valid ID To Cast Your Vote.” “Democrats in Nevada have created the worst election laws in the nation. In Nevada it is against the law to ask voters for ID. In Nevada, third-party ballot harvesting is legal. In Nevada every registered voter will receive a mail-in ballot whether they requested one or not. Unless you have medical limitations or are deployed with the military, I think you should have to show up in person with a valid ID to cast your vote. That is a small price to pay for being a good citizen in a free country. Standing in line at the polling place is nothing compared to crossing the Delaware River in the middle of winter.”
October 2021: Robertson Called For “Stop[ping] Mass Mail-In Voting.” “This is one of my top issues! We need to: Audit the 2020 election. Prosecute voter fraud. Institute voter ID. Stop mass mail-in voting. Eliminate ballot harvesting. Vote!!! Don’t sit out and hand victory over to the democrats.”
August 2021: Robertson Supported Limiting Vote-By-Mail To Absentee Voting. “Robertson said election and border security are key issues for him. He would seek to outlaw ballot harvesting, enact voter ID laws and limit mail-in voting to only those who request an absentee ballot, as he did for many years in the military. Asked if ‘election integrity’ one of Republicans’ many favored buzz terms over the past 10 months meant to him that the results of the 2020 election in Nevada were not accurate, Robertson said there was likely some fraud in recent elections, but he had not seen enough evidence to show a result should have been overturned.” [Las Vegas Review-Journal, 8/5/21]

2020: Robertson Voted In The Primary Election By Mail

Robertson Claimed Sec. Lloyd Austin, A Decorated Four-Star General, “Out To Be Ashamed Of Himself”

May 2021: Robertson Said Sec. Lloyd Austin “Ought To Be Ashamed Of Himself” For Pushing “Identity Politics And Critical Race Theory”

• Robertson: “Secretary Austin Seeks To Bring […] Divisive Woke Philosophies And Cancel-Culture Into The World’s Finest Military.” “Lloyd Austin has a distorted view of the military. He took the extreme measure of ordering a worldwide pause in military activities with a ‘Leadership Stand-Down’, threatening the careers of men and women who dare to disagree with his ‘Woke’ vision of the Department of Defense. […] Weeding out those who promote and act on any form of political extremism (left or right) is imperative. Our officers and NCOs have been doing this since George Washington formed our first Army in 1775. They do not need a woke political appointee threatening to destroy the careers of those who think differently than him. Secretary Austin seeks to bring the same divisive woke philosophies and cancel-culture into the world’s finest military. Our foes rejoice, but I do not. I have great confidence in the men and women who voluntarily don the uniforms of the United States military.” [Robertson for Congress, accessed 4/28/22]

May 2021: Robertson Claimed Sec. Lloyd Austin “Baselessly Slanders” Military Servicemembers By Promoting “Identity Politics And Critical Race Theory.” “By promoting left-wing philosophies of identity politics and critical race theory, Secretary Austin baselessly slanders many valiant men and women who selflessly serve our nation. #robertsonforcongress #NV03 #GOP #MarkMyWords https://t.co/uURPOwEw6a”
Sec. Austin Was A Decorated Four-Star General

Secretary Of Defense Lloyd Austin Was A Four-Star General Who Served In The Army For 40 Years And Received A “Slew” Of Honors. “In his more than 40 years in the United States Army, Austin met every challenge with extraordinary skill and profound personal decency,” Biden wrote in The Atlantic. […] He retired in 2016 as a four-star general awarded the military's third highest military decoration for valor, five of the highest non-combat related military awards and a slew of other honors.” [CNN, 12/9/20]

Sec. Austin Pushed Initiatives To Address White Supremacists And Racial Inequities In The Military

Sec. Austin Pushed Initiatives To Address White Supremacists And Racial Inequities In The Military. “Racial issues have come under increased scrutiny in the military. Efforts by Defense Secretary Lloyd Austin to combat extremism in the ranks, for example, reflect in large part a concern about white supremacists. Race gained added attention last year when President Donald Trump criticized the military for considering renaming Army bases that are named after Confederate officers who fought against the Union in the Civil War to preserve the institution of slavery. Asked about Milley's comments, Austin's press secretary, John Kirby, said Austin agrees with Milley and has made a priority of addressing racial inequities since he took office in January. ‘The secretary believes this has got to be a concerted effort, an everyday effort, and it's got to be led,’ Kirby said. ‘If leaders across the department don't take this on as a personal commitment, it's not going to change. Kirby said Austin believes racial diversity makes the military stronger and better prepared. ’It is important for the force to look like the country it serves — absolutely. But he strongly believes diversity is a readiness issue because it allows different perspectives, additional context, different lived experiences to inform the way we make decisions, the policies that we craft, the operations that we lead,' Kirby said.” [ABC News, 5/5/21]

April 2022: Robertson Distributed A Survey That Listed His Policy Positions And Personal Background Without A Disclaimer That It Was Paid For By His Campaign

April 2022: Robertson Posted A SurveyMonkey Survey On His Campaign Facebook Page That Listed His Policy Positions And Personal Background. Forward it on to your friends who would like to learn more about me.” The survey listed Robertson’s positions, including: “Colonel Mark Robertson believes we should secure the border, so that we can stop the flow of drugs, guns, gangs, and people who enter our country illegally,” “Colonel Mark Robertson believes that we need
to curb inflation by ending wasteful government spending and ending government policies that pay people not to work,” and “Colonel Mark Robertson believes that parents should have the freedom to choose which education option is best for their children and that education dollars should follow the child.” The survey asked about respondents’ reactions to Robertson’s personal background, including: “Colonel Mark Robertson served 30 years in the U.S. Army including combat tours in Afghanistan, Kuwait, and Iraq. The FEC Required A “Clear And Conspicuous” Disclaimer On Any Public Communication Made By A Political Committee

The FEC Required A “Clear And Conspicuous” Disclaimer On Any “Public Communication” Made By A Political Committee, Including Communications That Did Not Solicit Contributions. “Any public communication made by a political committee—including communications that do not expressly advocate the election or defeat of a clearly identified federal candidate or solicit a contribution—must display a disclaimer. Furthermore, disclaimers must also appear on political committees’ internet websites that are available to the general public, and in certain email communications. Political committees must also include additional information on their solicitations. As explained on this page, in addition to the requirements for public communications, printed communications, radio and television communications (or any broadcast, cable or satellite transmission) may have additional requirements. August 2021: Robertson Claimed Big Tech Companies “Censor[ed]” Trump And Deleted His Social Media Post About Cuba. “Fighting to protect individual freedoms, including First and Second Amendment rights, are also important campaign tenets, Robertson said. ‘Monopolistic tech companies have the power to censor a U.S. president,’ he said, referring to Facebook, Twitter and other companies’ decisions to ban former President Donald Trump from their platforms. ‘I posted a Facebook Live talking about what’s happening in Cuba, and it disappeared. No warning or notice of violation.’” [Las Vegas Review-Journal, 8/5/21]

February 2022: Robertson Said He Would Leave Potential Pardons Of Insurrectionists Up To “Whichever President Is Serving Us At That Time” And Added He Would Support Trump. “[AUDIENCE MEMBER:] Hi Colonel Robertson, my name is Russell and my question is: will you support Trump in his work to pardon the patriots who were at January 6th? [ROBERTSON:] Hi Russell, thanks for the question! I— I— the question of whether I support President Trump— it will take a Presidential pardon and if President Trump is the Republican nominee for President I’ll support him completely. And then it will be his sole discretion of whether or not he pardons those people who were involved in trespassing our Capitol in January 6th, that’s a presidential prerogative, Congress doesn’t have a say in that so I would leave that up to whichever president is serving us at that time. Good question Russell, thank you for that.” [Mark Robertson Zoom Meet and Greet via Vantage, “2022 02 03 Mark Robertson Speech, NV,” 2/3/22] (VIDEO) 10:15

August 2021: Robertson Claimed Fraud Occurred In Nevada In The 2020 Election, But Did Not Support Overturning The Results Because Of It. Robertson said election and border security are key issues for him. He would seek to outlaw ballot harvesting, enact voter ID laws and limit mail-in voting to only those who request an absentee ballot, as he did for many years in the military. Asked if ‘election integrity’ one of Republicans’ many favored buzz terms over the past 10 months meant to him that the results of the 2020 election in Nevada were not accurate, Robertson said there was likely some fraud in recent elections, but he had not seen enough evidence to show a result should have been overturned.” [Las Vegas Review-Journal, 8/5/21]

Education Issues

April 2022: Robertson Defended Florida’s “Don’t Say Gay” Bill

April 2022: Robertson: Florida’s “Don’t Say Gay” Bill “Prevents Gender Ideology From Being Injected Into The Classroom.” “Governor DeSantis in Florida recently signed into law the ‘Parental Rights in Education Act.’ The radical Left has termed it the ‘don’t say gay bill’ even though it says absolutely nothing of the sort. The bill prevents gender ideology from being injected into the classroom in grades K-3 and requires that parents receive
notification about healthcare services offered at school. Parents SHOULD have control over what their children are learning at school. When parents entrust their children to a school teacher each day, they do so with the expectation that the teacher will teach them reading, writing, math, history, and science. They expect them to objectively teach facts. They do not give them permission to indoctrinate the children with social ideologies—especially those that may contradict what is being taught at home. Teachers do not need to be discussing sensitive, personal topics with minors at school. Controversial topics like gender ideology, sexual education, and critical race theory have no place in standard classroom curriculum.” [Robertson for Congress Facebook, 4/1/22]

If it’s really that great, it would happen. The market would provide that. In the infrastructure bill that you mention, there’s hundreds of – billions of dollars in there set aside to build charging stations throughout the United States. You know, it seems to me that we have gas stations everywhere we need them and the government never had to build any of those. The market took care of that. So I’m not against green energy, but I’m an all of the above type of person. […] So I’m an all of the above, including nuclear. I think we’ve come a long way in the decade since Three Mile Isle and the mistakes that we made in nuclear, and nuclear is a green energy, you know, it’s renewable, and so I’m an all of the above, and I don’t think the government, you and I, the taxpayers ought to be subsidizing these ventures the government wants to get into. Robertson Called The Withdrawal From Afghanistan “Humiliating” After Previously Calling For An Even Earlier Withdrawal

January 2022: Robertson Called The Withdrawal From Afghanistan “Humiliating.” “Robertson’s service and expertise made for an easy segue into foreign policy. With Ukraine in the headlines, China threatening Taiwan, and the botched Afghanistan withdrawal, Robertson provided his insights: […] ‘Anyone who worked with Afghan forces knew their heart wasn’t in it and were not surprised at how quickly the Taliban took over. The incompetence of President Biden and The Pentagon is unforgivable, and I have yet to see any accountability for the withdrawal that resulted in 13 deaths of our American soldiers and numerous Afghans, and Americans left behind. It was a humiliating withdrawal and we did it without telling NATO. It was a terrible decision to close Bagram air base. I
have been to Bagram and I have been to Fort Knox. Bagram was more secure than Fort Knox.” [Nevada Globe, 1/28/22]

August 2021: Robertson: “I Supported ‘A’ Departure From Afghanistan. President Biden Did It The Absolutely Wrong Way.” “I supported ‘a’ departure from Afghanistan. • Robertson: The Biden Administration “Is Making Another Big Mistake” By Moving Its Withdrawal From Afghanistan From May To September 2021. “The current administration is making another big mistake by delaying our departure from Afghanistan. 2022: Robertson Defended Gun Ownership, Including Of AR-15s, As Key To Resist Tyranny
January 2022: Robertson Defended AR-15 Ownership “So We Can Protect Ourselves From A Tyrant Government, Or From Foreign Governments For That Matter.” “[ROBERTSON:] Yeah, you know, the Second Amendment, liberals like to say, ‘Why do you need an AR-15 to go hunting?’ We don’t – the founders didn’t say we have a right to bear arms so that we can go hunting. They said we – so we can protect ourselves from a tyrant government or from foreign governments, for that matter.” [Mark Robertson Speech at Creakers Gun Club via Vantage, “2022 01 11 Mark Robertson Speech, Henderson NV,” 1/11/22] (VIDEO) 43:39

March 2022: Robertson Defended Gun Ownership As “Vital For Resisting Tyranny And Keeping The Government In Check.” “To own a firearm is to affirm that freedom is not a gift from the state. The possession of firearms is vital for resisting tyranny and keeping the government in check. To be disarmed by the state is tantamount to being enslaved by it. The possession of firearms by the people is the ultimate guarantee that the government governs only with the consent of the governed.” [Robertson for Congress, 3/1/22]

Policing & Public Safety

May 2021: Robertson Denied That Black Americans Faced Disproportionate Violence From Police

May 2021: Robertson Campaign Website: “African Americans Are Not Unfairly Targeted” By Police. “Of the hundreds of millions of police interactions with the public each year, 99.9974% ended without a fatal shooting by a police officer (Washington Post). In fact, a police officer is nearly 20 times more likely to be killed by a black male, than an unarmed black male is to be killed by a police officer (FBI statistics). African Americans are not unfairly targeted. The same FBI statistics show that greater than 50% of all violent crimes are committed by African Americans, but less than 25% of fatal shootings are against blacks. Those who claim police departments are systemically racist are lying.” [Robertson for Congress, 5/3/21]

February 2022: Robertson Claimed Democrats Supported ‘Soft On Crime’ Policies, Including Defunding The Police. “Democrats’ soft on crime policies are not popular. With Ukraine in the headlines, China threatening Taiwan, and the botched Afghanistan withdrawal, Robertson provided his insights: ‘I last deployed in 2011 to Afghanistan. I saw first hand the corruption in the Afghan government. I have pictures of the pallets of cash that we flew into Afghanistan to pay their security forces. I watched as the money was skimmed by the mayor, then by the police chief, and others—until the lonely Afghan standing at the security post would finally get what was left. But that was their culture. They didn’t see it as corrupt.’” [Nevada Globe, 1/28/22]

a head dive into Socialism and I want our children and our grandchildren to grow up with the same freedoms I had. It’s the love of country and the love of my kids that compelled me to run. I am not looking for a third job. But all of my experience in the military is at the national and international level. I worked at the Pentagon and worked on national policy and defense. I worked as a military planner. I was on the US global coalition on ISIS and sat with 68 countries. I have deployed to 10 countries and three combat zones. All of my experience is the best experience for the US Congress.” [Nevada Globe, 1/28/22]

[…] The coalition formed a strategic plan that included efforts to provide military support, isolate the region from foreign fighters, eliminate ISIS’s resources, and counter ISIS’s propagandistic narrative. In his civilian role, he assists clients in defining their financial objectives, creating financial plans and monitoring their portfolios’ progress which are skills that can also be applied during joint operational planning for real-world operations. ‘Being able to think outside the box and find innovative solutions to meet objectives, either in helping a client with their financial planning or in support of joint

As Of 2013, Robertson Was A Member Of The Reserves’ Joint Planning Support Element, Which “Provide[s] Joint Planning Capabilities” Within The Joint Enabling Capabilities Command. “The Joint Enabling Capabilities Command’s reserve component members bring valuable insight, unique experiences and a variety of skill sets from their civilian occupations and previous military assignments. The JECC uses a ‘total force’ construct, in which active duty and Reserve members train and deploy side-by-side, to strengthen the knowledge base of its force and meet mission requirements. The ‘total force’ construct allows the JECC to pull from its personnel’s broad-range of expertise to create a more tailored, suitable team for mission-specific requirements. In particular, the Joint Planning Support Element, one of JECC’s three subordinate joint commands, relies heavily on their reserve component to provide joint planning capabilities in the functional areas of: operations, plans, logistics, intelligence support and knowledge management. U.S. Navy Cmdrs. Douglas Harrington and Clayton Kendrick-Holmes and U.S. Army Maj. Mark Robertson, three JPSE members, represent the diverse experience reserve members bring to the command.” [Defense Visual Information Distribution Service, 8/5/13]

In fact, when they finally settled in Henderson, they had been married nine years and were moving into their tenth home. Thirty years later, they are still glad they made the move to Southern Nevada.” [Mark Robertson for Congress, accessed 4/28/22]

Note: Robertson’s campaign website noted he “moved around a lot in the Army” before settling in Nevada, and his Nexis Comprehensive Person report lists previous addresses in Provo, UT; Sandy, UT; Indianapolis, IN; Columbia, SC; North Chesterfield, VA; Blackstone, VA; Newton, AL; and Daytona Beach, FL. Both of his parents served in the Navy before Mark was born. Growing up, his Mom was a nurse and his Dad was a butcher. For a while, his Dad owned a small meat market, but it was tough going. Mark’s parents eventually went back to college. This was not easy with five children at home. From this experience, Mark learned the value of education and hard work.” [Mark Robertson for Congress, accessed 4/28/22]
