I Am A Pro-Life Republican And I Will Always Vote That Way.” “So what I would like to say is as a Granite State woman with the overturning of Roe v. Wade, none of my rights are going to be threatened. In fact, it’s just going to ensure that the people that we elect at the state and local level make the decisions on this issue. And on this case, I support the overturning of Roe v. Wade, I am a pro life Republican and I will always vote that way.” [Good Morning New Hampshire, Interview with Karoline Leavitt, 5/10/22] (AUDIO)

LEAVITT: “Chris Pappas has followed in line as he always does with his party and is lying to the people of the Granite State. This is what Chris has just said about the overturning of Roe v. Wade that would threaten the safety, the freedom and the rights of Granite State women that is an egregious lie. The overturning of Roe v. Wade just returned more power to the people of New Hampshire and allows our state legislature to pass and govern laws on the issue of abortion as they just did in the recent budget, as you mentioned Jack with the 24 week ban. […] So what I would like to say is as a Granite State woman with the overturning of Roe v. Wade, none of my rights are going to be threatened.” [Good Morning New Hampshire, Interview with Karoline Leavitt, 5/10/22] (AUDIO)

Leavitt: “I Am A Woman, And Not One Of My Rights Is Going To Be Taken Away If Roe v. Wade Is Overturned.” LEAVITT: “Like clockwork, you saw the Democrat regime, everyone in the media, my Democrat opponent who I am running against in my home district here, spewing out the same baseless lies and talking points, that this is going to threaten the health, the safety, the rights of women. I am a woman, and not one of my rights is going to be taken away if Roe v. Wade is overturned.” [Newsmax, Interview with Karoline Leavitt, 5/4/22] (VIDEO) 17:50

I Personally Would Like It Taken A Little Bit Further. … I Will Ensure That Our Legislators In Concord Are Taking Tangible Action.” LEAVITT: “I believe in the overturning of Roe v. Wade. I believe in our Supreme
Court, and I believe in our United States Constitution that makes it very clear that this issue to be left to the will of the people. We have more of a say on the issue of abortion as Granite Staters. We can elect pro-life legislators to our state house in Concord to pass tangible legislation in our state. We just did it in the recent budget with the six-month ban. I think that’s a great first step for our state. I personally would like it taken a little bit further but that should be left to our state legislators in Concord, not our federal representatives in DC. […] I will always speak for life, and I will ensure that our legislators in Concord are taking tangible action.” [WMUR, Interview with Karoline Leavitt, 8/28/22] (VIDEO) 5:30

When Asked About Whether Republicans Should Have A “Bold Agenda When It Comes To Family,” Including Abortion Policy, Leavitt Said: “We Have To Go On Offense With The Issues Of Our Time.” HOST: “There is a narrative that we have to stop talking about social issues, Roe versus Wade was just reversed. This is going to be the most pro-life generation in history, and do you believe that the Republican Party should have a bold agenda when it comes to family or should we just talk about tax cuts and whatever else the Republican Party focuses on?” LEAVITT: “We have to go on offense with the issues of our time, which is the culture war. The left has been waging a culture war in our country for decades, and conservatives – I put them in quotes – conservatives have not conserved anything. We have Republicans in office right now who are not even up there defending the most basic inherent value that we not only hold as Americans but as human beings, that men and women are different but equal. And I am a woman, by the way, to any of the Democrats that are watching this, tracking me, trying to get opposition research for my campaign. But we as conservatives have to fundamentally preserve and protect the traditional social values that make this the greatest country in the world.” [Turning Point USA Student Action Summit, Remarks by Karoline Leavitt, 7/23/22] (VIDEO)

Leavitt Refused To Say Whether She Would Support A Federal Abortion Ban. “Karoline Leavitt's campaign did not offer a yes or no on the question of a federal abortion ban, saying more generally that she would ‘vote in favor of legislation that makes the federal government smaller and empowers our state Legislature in Concord to make decisions.’” [WMUR, 7/6/22]

Leavitt: “I Support The Overturning Of Roe v. Wade. I Am A Pro-Life Republican And I Will Always Vote That Way.” “So what I would like to say is as a Granite State woman with the overturning of Roe v. Wade, none of my rights are going to be threatened. In fact, it's just going to ensure that the people that we elect at the state and

- Leavitt Said She Would Always Vote In Accordance With Her Pro-Life Ideology In Congress. LEAVITT: “And as a woman, it is the most amazing thing that we can do to reproduce. That's why we're here. That's why, you know, God made men and women. It is, it is so special, but unfortunately our society, our culture does not view life in that way or the issue of abortion in that way so I look forward to really talking about this issue with compassion, ensuring that we stand up for life. I will of course always vote that way in Congress, and I believe this is an issue that we have the ability to change hearts and minds. We just need to be more vocal about it, quite frankly. And again, win that messaging war because unfortunately, we have lost it particularly with my generation of young women and girls. If you look at any of the data or polling on this issue they largely and overwhelmingly identify as pro choice, but again I'm - that doesn't discourage me, in fact that encourages me and makes me want to step into this fight even more and always, of course, stand up for life.” [Catholic Current Podcast, Interview with Karoline Leavitt, 10/20/21] (AUDIO)

Terry Leavitt Column: Leavitt Said She Wanted To End Abortion. “She added: ‘I was raised in what I believe are conservative values: hard work, a lack of government dependence, a love of country, a love of family, a love of God, a love of community.’ These families inform her passion to cut government spending, end abortion, protect gun rights and secure the nations borders.” [Conway Daily Sun, Terry Leavitt Op-Ed, 6/29/22]

Leavitt Said She Believed Life Began At Conception

Leavitt Said She Believed Life Began At Conception. “I believe life begins at conception, and like most Granite Staters, I vehemently oppose the Democrats' radical belief in allowing abortion until the moment of birth. In Congress, I will vote in favor of legislation that makes the federal government smaller and empowers our state legislature in Concord to make decisions rather than Nancy Pelosi and Washington DC.” [WMUR, 8/1/22]

Leavitt Said Abortion Was “Not About Women’s Health”

Leavitt On Abortion: “It Is Not About Women’s Reproductive Rights. It Is Not About Women’s Health. It Is About Life And Protecting That, Period.” HOST: “What are your stance on the life issues, protection of the unborn specifically?” LEAVITT: “I am proudly pro life, and I look forward to voting that way in Congress. I truly believe this is one of the pivotal issues facing our country and, quite frankly, our world as you mentioned. I know you have a global audience here, and the issue of life is of the utmost importance. Look, it is very clear in our Constitution, right, without the right to life, nothing else matters. And so as a young woman, I feel as though I'm in a very unique position to really message this issue in a way that resonates with young women across our country. We need to, we need to instill a culture that breeds and fosters and cares for life again because unfortunately again the left has really owned the messaging on this issue. It is not about women's reproductive rights, it is not about women's health. It is about life and protecting that period. And as a woman, it is the most amazing thing that we can do to reproduce. That's why we're here.” [Catholic Current Podcast, Interview with Karoline Leavitt, 10/20/21] (AUDIO) 34:30

Leavitt Said She Would Write The Bill To Privatize Social Security. SEXTON: “Karoline, do you believe social security should be privatized?” LEAVITT: “I do believe that eventually we are going to need to find solutions to the problem of Social Security. Look, this is a daunting challenge for America. It has been for many, many years. And as a young candidate, I'm particularly interested in this issue because the truth is, it's going to be insolvent by the time that I am of a retirement age. I've been paying into the system for 10 years, and that money probably won't be there if we don't find both short term solutions, but also long term and the privatization of social security while grandfathering in those who have already paid into the system, including myself, I think is a solution that should be looked at very closely. And I would certainly be interested in proposing legislation to do that when I get to Congress.” [WMUR, Close Up, Interview with Karoline Leavitt, 1/23/22] (VIDEO) 6:00

- National Committee To Preserve Social Security & Medicare: Privatizing Social Security Could Result In “Huge Cuts In Social Security Benefits.” “Privatization results in huge cuts in Social Security benefits with no guarantee that private investment can replace lost benefits. Most plans would reduce guaranteed Social Security benefits over time, even for those people who do not choose a private account. For those who opt for a private account, benefits would be reduced even further.” [National Committee to Preserve Social Security & Medicare, 10/18/21]

- 2021: 65 Million Americans Per Month Received A Social Security Benefit. “In 2021, an average of 65 million Americans per month will receive a Social Security benefit, totaling over one trillion dollars in benefits paid during the year.” [Social Security Administration, Accessed 8/1/22]

I believe our federal government, as our founding fathers intended, should be spending money on two things: on national defense and our homeland security.” [Government Integrity Project Meet and Greet, Remarks by Karoline Leavitt, 7/14/22] (AUDIO) 21:00

Leavitt: “We Should Absolutely Repeal Obamacare, 100 Percent”

Leavitt: “We Should Absolutely Repeal Obamacare, 100 Percent. With The Caveat That Always, Always Protect People With Pre-Existing Conditions.” LEAVITT: “First, we should absolutely repeal Obamacare. 100 percent. With the caveat that always, always protect people with pre-existing conditions. My Democrat friend over here is going to run and tell his friends that I don’t want to protect people with pre-existing conditions so I’m going to go on the record and say I absolutely do.” [Government Integrity Project Meet and Greet, Remarks by Karoline Leavitt, 7/14/22] (AUDIO) 49:45

Leavitt Issues Page: “Obamacare Was A Disastrous Policy That Sent Premiums Sky-High For Millions Of Americans, And We Can’t Allow President Biden To Pass Similar Policies.”

Repealing The Affordable Care Act Would Gut Health Care Protections For People With Pre-Existing Conditions, Take Away Coverage For Over 55,000 Granite Staters, And Allow Insurance Companies To Charge An “Age Tax” On Older Americans

Politifact Found That AHCA “Would Weaken Protections” For Those With Pre-Existing Conditions, “Would Allow States To Give Insurers The Power To Charge People Significantly More.” “An ad by the
American Action Network says that under the American Health Care Act ‘people with pre-existing conditions are protected.’ The only kernel of truth here is that the amendment has language that states insurers can’t limit access to coverage for individuals with pre-existing conditions. However, the ad omits that the House GOP health plan would weaken protections for these patients. The legislation would allow states to give insurers the power to charge people significantly more if they had a pre-existing condition. While Republicans point to the fact that those patients could get help through high-risk pools, experts question their effectiveness. Current law does not allow states to charge people with pre-existing conditions significantly more. We rate this claim Mostly False.” [PolitiFact, 5/24/17]

CAP, 2017: CBO Data Showed 55,000 Granite Staters Would Lose Health Care Coverage By 2026 If Lawmakers Repealed The Affordable Care Act. [Center for American Progress, 5/25/17]

The AHCA Included An “Age Tax” On Older Americans That Would Allow Insurers To Charge Seniors Five Times More. “The original version included an age tax, which would allow insurance companies to charge people over age 50 five times as much as they charge younger people. Currently, insurers are limited to charging three times as much. Estimates by AARP have found that the age tax in the AHCA could hike insurance premiums for people ages 60-64 by more than $3,000 a year — to almost $18,000 annually. People between 50 and 59 would see a $1,500 hike to almost $13,000 a year.” [AARP, 3/21/17]

Leavitt Opposed The Inflation Reduction Act, A New Law Which Will Lower The Price Of Prescription Drugs And Other Life-Saving Medications

Leavitt Said She Would Have Voted Against The Inflation Reduction Act. “Leavitt said that while there are some elements of the Inflation Reduction Act that are good for people, she would have voted against the measure.” [Seacoast Current, 8/26/22]

Commonwealth Fund: The Inflation Reduction Act Allowed Medicare Parts B And D To Negotiate Prices For 10 Drugs With No Generic Or Biosimilar Competition. “The federal government was prohibited from directly negotiating drug prices in Medicare Part D, the prescription drug coverage program created in 2003. The IRA allows the government, under Medicare Parts B and D, to negotiate prices for 10 drugs with no generic or biosimilar competition starting in 2026, increasing to 20 drugs by 2029. In addition to lowering drug prices, Medicare negotiations are projected to reduce government spending by approximately $100 billion over 10 years.” [Commonwealth Fund, 8/15/22]

The Inflation Reduction Act Instituted A $2,000 Annual Cap For Beneficiaries’ Part D Spending. “The IRA also includes several other provisions that directly reduce some Medicare beneficiaries’ out-of-pocket costs. Most notably, it institutes a $2,000 annual cap for beneficiaries’ Part D spending (which currently has no cap), starting in 2025. Once this limit is reached, patients would have no cost-sharing requirement. Along with the annual limit, there is a monthly cap meant to smooth patient costs throughout the year. These provisions will help the 1.4 million Medicare patients who spend more than $2,000 on medications each year, including people who need high-cost cancer drugs.” [Commonwealth Fund, 8/15/22]

The Inflation Reduction Act Limited Insulin Copays To $35 Per Month For Medicare Part D Beneficiaries. “A new legislative package signed into law by President Joe Biden on Tuesday is a big win for Medicare patients who struggle to cover the cost of insulin to manage their diabetes. […] The bill limits insulin copays to $35 per month for Medicare Part D beneficiaries starting in 2023.” [CNBC, 8/16/22]

Leavitt Said She Supported Passing National Constitutional Carry Legislation. And I actually believe in strengthening our ability to carry across state lines as we have a problem with here in New Hampshire heading down to Massachusetts. I will always protect your Second Amendment rights.” [YouTube, Government Integrity Project, NH-01 GOP Primary Debate, 8/13/22] (VIDEO) 1:14:00

Leavitt Opposed The Bipartisan Infrastructure Bill, Which Is Bringing Around $2 Billion In Funding To New Hampshire To Repair Roads And Bridges, Among Other Projects

Leavitt Said The House Republicans Who Voted For The Bipartisan Infrastructure Bill Should Be Stripped Of Their Committee Assignments. HOST: “If you were in Congress today, would you agree with Elise Stefanik, should these 13 collaborators in the House, should they be stripped of their committee assignments, ma’am?” LEAVITT: “Unequivocally, yes. Those 13 Republicans, I put out a statement last Saturday when the House passed the bill and I put out another statement this morning on social media. Those people ripped off their voters but even worse, they handed this victory to Pelosi and Biden on a silver platter. The left wouldn’t have had the votes if it wasn’t for these 13 Republicans so they literally neglected this economic crisis that you and Russ were talking about earlier.” [YouTube, Karoline for Congress, Leavitt Interview on Bannon’s War Room, 11/10/21] (VIDEO)

Leavitt Said The House Republicans Who Voted For The Bipartisan Infrastructure Bill Should Be Primaried. LEAVITT: “Yes, all 13 of those people should be held accountable. They should be primaried, and I’ll tell you, I believe voters are going to send them home. If you are not truly committed to America first, you have no place in this party. We will see that in 2022.” [YouTube, Karoline for Congress, Leavitt Interview on Bannon’s War Room, 11/10/21] (VIDEO)

Leavitt Said She Opposed The Bipartisan Infrastructure Deal, Which She Said Was Full Of Crap. HOST: “Do you support or oppose the bipartisan infrastructure deal.” LEAVITT: “I absolutely oppose the infrastructure deal. It’s $1.8, I believe, trillion dollars and there’s a lot of crap in that deal. We need straightforward infrastructure. That’s of course our roads, railways, bridges, increases to rural broadband. Those are the priorities we need to be focusing on. And the price tag is way too high. A trillion dollars? I mean, that’s difficult for some to comprehend. It’s so much money. With inflation on the rise, we can’t be supporting massive, massive bills like that right now.” [Soundcloud, WKXL Feltes & Cail, Interview with Karoline Leavitt, 10/1/21] (AUDIO)

The Infrastructure Investment And Jobs Act Is Bringing Around $2 Billion To New Hampshire To Repair Roads And Bridges, Improve Water Infrastructure, Expand Broadband Access, And Develop New Hampshire’s Airports

New Hampshire Was Set To Receive $1.325 Billion In Infrastructure Bill Funds For Road And Bridge Repair And Replacement. “Topping the funding is an estimated $1.1 billion over five years to repair highways in the state, and another $225 million for bridge repair and replacement over five years. That would help to address many of the state’s over 300 ‘red-list’ bridges, which means they’ve been identified as structurally deficient, as well as some 700 miles of highway that are in ‘poor condition.’” [Concord Monitor, 11/29/21]

New Hampshire Was Set To Receive $418 Million In Infrastructure Bill Fund To Improve Water Infrastructure. “New Hampshire would also get $418 million to improve water infrastructure, which would help address problems like lead pipes and contamination of drinking water.” [Concord Monitor, 11/29/21]
New Hampshire Was Set To Receive $125 Million In Infrastructure Bill Fund To Improve Public Transportation In The State. “Another $125 million would pay for improving public transportation options around the state, including a proposed commuter rail line linking Boston with Nashua, Manchester and possibly Concord — a project that’s already in the design phase.” [Concord Monitor, 11/29/21]

New Hampshire Was Set To Receive $100 Million In Infrastructure Bill Funds To Expand Broadband Access. “The bill also includes $100 million to expand broadband across New Hampshire, focusing on underserved rural communities in the northern and western parts of the state.” [Concord Monitor, 11/29/21]

New Hampshire Was Set To Receive $45.6 Million In Infrastructure Bill Funds For Development At New Hampshire Airports. “In addition, the bill sets aside $45.6 million for infrastructure development at New Hampshire airports, $5.6 million to help in wildfire protection and $12.4 million to beef up the state’s cybersecurity.” [Concord Monitor, 11/29/21]

Leavitt Continued To Spread The “Big Lie” That Trump Won The 2020 Election And Supported Using Taxpayer Money To Conduct Nationwide Election Audits Proving So

Leavitt Unequivocally Believed Trump Won The 2020 Election

March 2022: Leavitt Continued To Claim The 2020 Election Was Stolen. “After Trump was voted out of office, Leavitt continued to support his false claims that President Joe Biden stole the 2020 election. ‘I stayed with President Trump through the election and unfortunately, I believe it was stolen away from us. I really do. I think they were widespread irregularities that occurred,’ she said.” [NBC Boston, 3/24/22]

November 2021: Leavitt Said There Was “Absolutely No Way Joe Biden Legitimately Won More Votes Than Donald Trump.” “Leavitt has run hard on her Trump connections and continued loyalty to the former president, even denying Trump lost the 2020 election. When contacted Monday, she repeated the unfounded claim that Trump defeated Joe Biden. ‘I am the only candidate who has the courage to say what the majority of Republican voters here in New Hampshire know – there is absolutely no way Joe Biden legitimately won more votes than Donald Trump,’ Leavitt said. ‘Granite Staters want a homegrown fighter, and that is why I am in this race.’” [NH Journal, 11/29/21]

Leavitt: I’m “The Only Candidate To Stand With Voters And Publicly Reject That Joe Biden Won 81 Million Votes.” “Leavitt said: ‘I was the first candidate in this race to publicly call for an audit of New Hampshire, and I am glad to see Tim Baxter has followed my lead. I’m also the only candidate to stand with voters and publicly reject that Joe Biden won 81 million votes. We must get to the bottom of 2020 before 2022.’” [WMUR, 9/30/21]

Leavitt: “I Am The First Candidate In This Race To Say There Is No Way President Biden Won 81 Million Votes In The 2020 Election. I Stand By That Statement.” LEAVITT: “I am the first candidate in this race to say there is no way President Biden won 81 million votes in the 2020 election. I stand by that statement. I stand by President Trump as we fight for election integrity as we head into 2022 and of course 2024.” [OANN, Interview with Karoline Leavitt, 8/26/21] (VIDEO)

Leavitt Said The 2020 Election Was Stolen By Bureaucrats Who Rewrote Election Laws. “She also continues to question the 2020 election results, here she said bureaucrats rewrote election laws to allow mail-in and absentee votes that had not been allowed in the past. Election officials say there is no evidence that there was any widespread fraud. ‘I have been very vocal about the fact that I believe there were widespread irregularities and fraud that occurred in the 2020 election,’ she said.” [Conway Daily Sun, 6/27/22]
Leavitt: “I Do Believe That If We Were To Audit All 50 States In This Country, There Is Absolutely No Way We Would Find Joe Biden Legitimately Won 81 Million Votes. I Fundamentally Do Not Believe That.”
HOST: “I did see on Close Up, Karoline, that in response to a question from Adam Sexton that Trump beat Biden, Trump won the election. That, in my view, is hurting – that’s the kind of narrative that’s hurting our democracy. What facts do you have to support the notion that Trump won the election?” [...] LEAVITT: “In terms of the election, Dan, I do believe that if we were to audit all 50 states in this country, there is absolutely no way we would find Joe Biden legitimately won 81 million votes. I fundamentally do not believe that, and I will tell you the majority of voters on the Republican side do not believe that either. We feel as though this election was taken away from us.” [Soundcloud, WKXL Feltes & Cail, Interview with Karoline Leavitt, 10/1/21] (AUDIO)

Leavitt Said She Supported A Forensic Audit Of New Hampshire's 2020 Election. LEAVITT: “I've been very vocal and strong about that. I support a forensic audit of the state of New Hampshire, I know others do. We have to get to the bottom of what occurred in 2020 so let's use that as an opportunity to do better for all of the elections that will take place before 2022 and especially in 2022 and 2024.” [Good Morning New Hampshire, Interview with Karoline Leavitt, 9/8/21] (AUDIO)

Leavitt Said She Was Pushing To Achieve A Statewide New Hampshire Election Audit Before The Midterms. LEAVITT: “And you mentioned what happened in Windham, it's a perfect example of those precautions that were taken in the guise of COVID-19. Particularly the mass absentee ballots that lead to chaos and irregularities. The folks in Windham were unable to test that machine ahead of time. And it resulted in miscounted votes for every candidate in that race. How many other towns cities board that that happened and we should have an audit of the state to get to the bottom of it. Voters deserve that truth and that transparency and I'm fighting with them before 2022 we need to get that done. There are ways to improve, we should be honest with ourselves and do it. And I know that there are great legislators in Concord, who are looking to get that done.” [WMUR, 9/12/21] (VIDEO)

Leavitt: “Every American Should Support [Election] Audits. I Certainly Do.” OANN HOST: “Congress, they're working a lot towards the future, towards stopping H.R. 1. But do you think they're doing enough on the past election? Because if you talk to Trump voters, when they talk election integrity, they care about what happened November 3rd but we don't see a lot of action there in DC right now.” LEAVITT: “Oh absolutely you don't because Democrats are in control in DC and they are afraid to unveil the truth. They are afraid to unveil transparency. What are they so afraid of? Every American should support audits. I certainly do. The audit we are seeing in Arizona right now is making the people of Arizona believe in their elections again I hope, as it should. We should support audits across our country because we need truth and transparency, and that is the way we will make sure the American people across our country believe in the sanctity of our elections. We need to get this done. Republicans are on the side of election integrity, and we need to make sure we elect leaders who truly are to Washington, DC, and I'll tell you and your viewers right now that I most certainly am.” [OANN, Interview with Karoline Leavitt, 7/21/21] (VIDEO)

Leavitt Accused Democrats Of Being “Afraid To Unveil The Truth” By Pursuing Audits Of The 2020 Election. LEAVITT: “Oh absolutely you don't because Democrats are in control in DC and they are afraid to unveil the truth. They are afraid to unveil transparency. What are they so afraid of? Every American should support audits. I certainly do. The audit we are seeing in Arizona right now is making the people of Arizona believe in their elections again I hope, as it should. Leavitt Said Democrats Used Ballot-Stuffing And Harvesting Techniques To Steal The 2020 Election.
LEAVITT: “I was working in the swing of President Trump’s White House during the 2020 election. We saw the Democrats in plain sight seize on COVID-19 and use it to their advantage. They circumvented state legislatures across this country which was unconstitutional to begin with. They used masks and absentee ballots and ballot stuffing and harvesting to their advantage.” [YouTube, Government Integrity Project, NH-01 GOP Primary Debate, 8/13/22] (VIDEO) 1:51:00

Leavitt Supported Efforts To Restrict The Right To Vote In New Hampshire
Leavitt Said She Supported Eliminating Same-Day Voter Registration In New Hampshire. LEAVITT: “We need to take measures such as getting rid of same-day registration, mandating voter ID. We have a ban on ballot harvesting here in New Hampshire. We need to ensure that stays for 2022 and there’s a lot of work to be done.” [Soundcloud, WKXL Feltes & Cail, Interview with Karoline Leavitt, 10/1/21] (AUDIO)

Leavitt Said She Supported Eliminating Same-Day Registration In New Hampshire. LEAVITT: “There’s a lot we can do to improve our elections. Here in New Hampshire, particularly, there are a few things we need to get rid of same-day registration, we need to ensure voter id there were also anomalies that occurred in our voting machines.” [WMUR, 9/12/21] (VIDEO)

Leavitt Said Only People With Physical Disabilities, Members Of The Military, And People With A “Legitimate Excuse To Be Out Of State On Election Day” Should Be Able To Cast Absentee Ballots. HOST: “Should senior citizens who are fearful, either through pre-existing conditions or by virtue of being a senior citizen, fearful to vote in person on Election Day be allowed to cast an absentee ballot?” LEAVITT: “Only people that have a physical disability, members of our military, or a legitimate excuse to be out of state on Election Day should be voting absentee, period. It’s not a mental disability. It’s a physical disability. If you cannot make it to the polls for a physical reason, then that’s okay. You should be able to have a family member, a friend, a neighbor bring your absentee ballot to the poll for you in person and drop it off. That’s the only exception, of course, members of our military as well. But it is not acceptable to have no reason at all to just not go to the polls and to have mass absentee ballots, and that’s what the Democrats want to do.” [Soundcloud, WKXL Feltes & Cail, Interview with Karoline Leavitt, 10/1/21] (AUDIO)

When Asked Whether Senior Citizens Should Be Able To Cast Absentee Ballots, Leavitt Said Only Those With Physical Disabilities Should Be Able To Do So. HOST: “Should senior citizens who are fearful, either through pre-existing conditions or by virtue of being a senior citizen, fearful to vote in person on Election Day be allowed to cast an absentee ballot?” LEAVITT: “Only people that have a physical disability, members of our military, or a legitimate excuse to be out of state on Election Day should be voting absentee, period. Leavitt Claimed New Hampshire College Students Consistently Committed Widespread Voter Fraud To Elect Communists. LEAVITT: “Our whole federal delegation is a bunch of communists, I’ll tell you. Because our elections are unfair, because we allow college students, non-resident college students to vote in our state. It’s a major problem that needs to be fixed. […] And so there has been some push before this election and I pray that it passes because these college students literally stuff ballots in their dorms. It’s one of the reasons Republicans have lost in the past, and you look at where they lost those votes, and it was always in our college towns. And so it’s a

major issue that we need to fix. Once we get rid of these non-residents voting in our elections, we’ll be a truly red state in the northeast.” [Charlie Kirk Show, Interview with Karoline Leavitt, 4/2/22] (AUDIO)

Leavitt Said Allowing New Hampshire College Students From Other States To Vote In New Hampshire “A Major Problem.” LEAVITT: “He added an amendment to that piece of legislation that would require all states across the country to ensure that college students in those states are allowed to vote in those elections. That is a major problem that we have with our elections right here in New Hampshire. […] I went to college here, and I saw voters from Massachusetts going to our polls. And now our Democrat representative want to enforce that on every state across the country. That’s not his place, and it’s not the place of any member of Congress in Washington, DC to decide the manner in which states institute their elections.” [OANN, Interview with Karoline Leavitt, 9/2/21] (VIDEO)

Leavitt Said Global Climate Change Was A “Manufactured Crisis By The Democrat Party” And “BS.”

Leavitt: “The Alleged ‘Existential Threat Of Climate Change’ Is A Manufactured Crisis By The Democrat Party To Frighten The American People Into Supporting The Passage Of The Green New Deal.” Q: “Do you think Congress needs to pass climate change legislation? If so, what is your top priority, if not, why not?” “No. The alleged ‘existential threat of climate change’ is a manufactured crisis by the Democrat Party to frighten the American people into supporting the passage of The Green New Deal, which is a socialist takeover of our economy and society.” [WMUR, 8/1/22]

Leavitt Called Global Climate Change An “Existential Alleged Climate Crisis That [Democrats] Are Manufacturing Themselves.” LEAVITT: “COVID has long been over, but the Democrats still want to talk about it. They want to talk about abortion. They want to talk about, to your point, this existential alleged climate crisis that they are manufacturing themselves.” [Good Morning New Hampshire, Interview with Karoline Leavitt, 7/20/22] (AUDIO)

Leavitt Accused Democrats Of Trying To “Brainwash [Her] Generation With All This BS About Climate Change.”

Leavitt Said Democrats Were “Trying To Brainwash My Generation With All This BS About Climate Change.” LEAVITT: “I’m generation Z. I’m 24, I’ll be 25 in a few weeks. […] The Democrats are not speaking to that. They’re trying to brainwash my generation with all this BS about climate change and these things that don’t matter. But the scary reality is, Jack, my generation is eating that up. […] Federal Student Aid, a part of the U.S. Department of Education, is the largest provider of student financial aid in the nation. Leavitt Said She Supported Abolishing The Department Of Energy, Which She Called A “Useless Three-Letter Agency.” “Well, as I previously stated, I will absolutely fight to abolish the Department of Education. I will fight to abolish the Department of Energy, which is supposed to be unleashing our energy independence and they're waging a war on our domestic energy production so we can get rid of that useless three letter agency and then what I'll also seek to do as well is to move these bureaucratic agencies out of Washington DC.” [YouTube, Government Integrity Project, NH-01 GOP Primary Debate, 8/13/22] (VIDEO) 1:42:00

### Leavitt Supported Defunding The National Institute Of Health And Withholding Funds From The World Health Organization

Leavitt Said She Supported Defunding The NIH. LEAVITT: “Well, once again, as I said, we need to take back the house with a strong America first majority that will go on offense against all of the bureaucrats that have been ripping us off for so long. Dr. Fauci is certainly at the top of that list, Congress should hold it congressional hearings and investigations, but it's pretty simple. I mean, we have him on tape. He lied under oath to Congress, saying that he did not have any knowledge of the gain of function. Research that was going on. And then it obviously turns out, we know that we are funding him, so we will hold him accountable for that lie. And therefore, if you lie under Congress, you're gonna get behind bars. And so I absolutely support putting Fauci in prison. And by the way, we give one more tax dollar to the World Health Organization. Or the NIH, which enabled Fauci in this as well.” [YouTube, Government Integrity Project, NH-01 GOP Primary Debate, 8/13/22] (VIDEO) 1:29:00

Leavitt: “I Am Absolutely In Favor Of Abolishing The IRS.” QUESTION: “Would you support an amendment to abolish the IRS with the 16th amendment, and propose – and there are several in Congress already that are proposing that?” LEAVITT: “I am absolutely in favor of abolishing the IRS, the Federal Reserve, the Department of Education, and essentially nearly every single federal agency that is a three-letter acronym. It is going to be a long fight to do that, though.” [Government Integrity Project Meet and Greet, Remarks by Karoline Leavitt, 7/14/22] (AUDIO) 42:30

Following The Raid At Mar-a-Lago, Leavitt Said She Supported “Investigate[ing], Litigate[ing], And Incarcerat[ing]” The FBI

Leavitt Called The News Of An FBI Raid At Mar-a-Lago A “Weaponization of Government Against The People.” ‘News of the FBI raid at former President Donald Trump’s Mar-a-Lago home on Monday inspired a passionate reaction from Republicans in New Hampshire. ‘The Democrat Regime did everything they could to remove President Trump from office, including stealing our election,’ tweeted First Congressional District GOP primary candidate Karoline Leavitt. ‘Now, they’re doing everything they can to keep him out. This isn’t a ‘right-wing conspiracy theory’ — this is the weaponization of government against the people.’” [NH Journal, 8/8/22]

Leavitt Said She Supported Abolishing The Federal Minimum Wage. HOST: “Do you support the idea of a universal basic income?” LEAVITT: “No, I also don’t support the idea of a federal minimum wage mandate, thank you very much. I don’t even think there should be a minimum wage mandate. I think we need free market enterprise and allowing people to choose how much their workers are paid.” [Government Integrity Project Meet and Greet, Remarks by Karoline Leavitt, 7/14/22] (AUDIO) 50:50

**Leavitt Supported The 2017 Republican Tax Bill That Cut Taxes For Corporations And The Wealthy And Signed A Pledge To Protect Tax Breaks For Big Corporations**

**Leavitt Supported The Tax Cuts And Jobs Act, Which Gave A Trillion-Dollar Tax Cut To Corporations**

Leavitt Supported The Tax Cuts And Jobs Act.
Since the Tax Cuts and Jobs Act, the United States has climbed to the top of the global competition ladder, empowering American workers along the way

President Biden’s tax hikes will kick America, and inevitably the middle class, right back to the bottom

Corporate Tax Cut Cost Roughly $1 Trillion. “It still amounts to roughly a $1 trillion tax cut for businesses over the next decade. Republicans argue this will make the economy surge in the coming years, but most independent economists and Wall Street banks predict only a modest and short-lived boost to growth.” [Washington Post, 12/15/17]

In 2027, The Top One Percent Would Claim 83 Percent Of The Benefits Of The Bill, And Would See An Average Tax Cut Of $20,660. “The rich and ultrarich, by contrast, would continue to see massive tax breaks due to the corporate provisions. The top 1 percent would claim 82.8 percent of the benefit of the bill, and receive an average cut of $20,660. The top 0.1 percent, the richest of the rich earning $5.1 million or more a year, would get $148,260 back on average.” [Vox, 12/18/17]

Leavitt Signed A Pledge To Protect Tax Breaks For Big Corporations, Including Those That Outsource Jobs

Leavitt Signed Americans For Tax Reform’s Taxpayer Protection Pledge. “Americans for Tax Reform (ATR) commends congressional candidate Karoline Leavitt for signing the Taxpayer Protection Pledge, a written commitment to Granite State taxpayers that she will oppose and vote against all income tax hikes. Candidates running for public office like to say they will not raise taxes, but often turn their backs on the taxpayer once elected. The idea of the Taxpayer Protection Pledge is simple enough: Make them put their no-new-taxes rhetoric in writing, so the promise is much harder to break. For those candidates who refuse to sign the Pledge, voters should wonder why this politician chooses to leave the door open to tax hikes. ‘New Hampshire voters are looking for solutions that get Americans back to work and grow the economy. I commend Karoline Leavitt for signing the Taxpayer Protection Pledge and promising to hold the line on taxes. It’s the first step in jump-starting the economy,’ said Grover Norquist, President of Americans for Tax Reform” [Americans for Tax Reform, Press Release, 9/28/21]
Signers Of The Taxpayer Protection Pledge Promised To Oppose “Any And All Efforts To Increase The Marginal Income Tax Rates” For Individuals And Businesses And To Oppose “Any Net Reduction Or Elimination Of Deductions And Credits, Unless Matched Dollar For Dollar By Further Reducing Tax Rates.”

The Current Tax Code Allowed Offshoring Corporations To Claim Millions In Profits Abroad, Tax-Free In The United States, By Holding “Tangible Assets” Overseas. “Under the current tax system, corporations actually get a special accommodation for ‘tangible assets’ held overseas. The US gives them a tax discount for what is considered the routine rate of return for physical assets, like factories and equipment, held overseas. For now, that rate of return is set at 10 percent, meaning that for every $10 million in tangible assets a company has overseas, the first $1 million it earns in profits every year is tax-free. Basically, the more equipment and factories a company has overseas, the more tax-free profit it can earn. This not only gives multinational companies a tremendous tax advantage over companies that manufacture in the US, it also hurts American workers. Take the hundreds of workers that General Electric laid off in 2018 when it closed its plant in Salem, Virginia and transferred their positions to a new, $200 million factory in Pune, India. Those workers didn’t just have to worry about cheaper competition in other countries, they also had to worry about the United States government literally subsidizing their jobs being shipped overseas. And now General Electric, thanks to its investment in Pune, can claim about $20 million in profits a year completely tax-free.” [CNBC, 6/2/21]

Leavitt Opposed Congress’ Vote To Raise The Debt Ceiling And Pledged To Oppose Another “Negligent Raise Of Our Nation’s Debt Ceiling” If Elected

September 2021: Leavitt Said She Opposed Congress’ Vote To Raise The Debt Ceiling And Pledged To “Oppose Another Negligent Raise Of Our Nation’s Debt Ceiling” If Elected.
Failure To Raise The Debt Ceiling In October 2021 Threatened $20 Billion In Social Security Payments

Washington Post: Failing To Raise The Debt Limit Threatened $20 Billion In Social Security Payments For Seniors. “If Congress fails to increase the debt limit, Treasury would be unable to pay debts as they come due. Treasury Secretary Janet L. Yellen said earlier this week that such a default would be unprecedented in U.S. history. Moody’s ‘best estimate’ is that this date is Oct. 20, although Treasury has not given a more precise day. At that point, Treasury officials would face excruciating choices, such as whether to fail to pay $20 billion owed to seniors on Social Security, or to fail to pay bondholders of U.S. debt — a decision that could undermine faith in U.S. credit and permanently drive federal borrowing costs higher.” [Washington Post, 9/21/21]

Failure To Raise The Debt Ceiling Would Result In A “Cataclysmic” Economic Catastrophe In The United States, Threatening 6 Million Jobs And $15 Trillion In Household Wealth

Moody’s Analytics: If Congress Failed To Raise The Debt Limit, The U.S. Economy Would Lose 6 Million Jobs And $15 Trillion In Household Wealth And The Unemployment Rate Would Surge To 9 Percent. “The United States could plunge into an immediate recession if Congress fails to raise the debt ceiling and the country defaults on its payment obligations this fall, according to one analysis released Tuesday. Mark Zandi, chief economist at Moody’s Analytics, found that a prolonged impasse over the debt ceiling would cost the U.S.
Moody’s Analytics: “This Economic Scenario Is Cataclysmic. … The Downturn Would Be Comparable To That Suffered During The Financial Crisis” Of 2008. “‘This economic scenario is cataclysmic. … The downturn would be comparable to that suffered during the financial crisis’ of 2008, said the report, written by Zandi and Bernard Yaros, assistant director and economist at Moody’s Analytics.” [Washington Post, 9/21/21]

Mejia, a UNH graduate and Carsey School for Public Policy Fellow, told parents during a public hearing last week that he would not step down from the organization and that he did not see it as conflicting with his duties at the school. ‘I am Black and I can never separate myself from Black Lives Matter,’ Mejia said. ‘My life matters.’” [NH Journal, 8/24/21]

And she is working it hard behind the scenes, sources say. ‘I’m proud to have served in the Trump White House,’ Leavitt said. ‘We went to war every day with the ‘fake‘ news media, who slandered President Trump and, worse, all of us who supported what he was trying to do. ‘The American people should not feel bad about wanting to put America

Leavitt: “The American People Overwhelmingly Distrust The Media For Good Reason.” “What’s wrong is a major US cable network displaying apparent, incessant bias against an elected president 24/7 for 4 years. Enough with the self righteousness. The American people overwhelmingly distrust the media for good reason.” [Karoline Leavitt, Twitter, 10/28/20]

Leavitt Openly Criticized New Hampshire Educators

Leavitt Claimed New Hampshire Educators Were “Teaching Racial Division Instead Of Reading, Writing, And Math.”

Leavitt Claimed New Hampshire Educators Were “Teaching Racial Division Instead Of Reading, Writing, And Math.” “Leavitt, a 24-year-old former Trump Administration assistant press secretary, said New Hampshire parents are ‘infuriated’ by CRT being taught in schools and she wants to make sure it stops. ‘Critical Race Theory is a racist ideology that divides us based on our skin color,’ Leavitt said. ‘It reverses what heroes like Martin Luther King fought for — that we judge each other on our behavior, not the color of our skin. It is evil to teach young children to view each other differently based on what we look like.’ Leavitt says parents want schools to get back to basics, and that is not teaching Critical Race Theory. ‘I saw the passion of parents, angry that our schools were teaching racial division instead of reading, writing, and math,’ Leavitt said.” [NH Journal, 8/24/21]

Karoline Leavitt Said She Supported Gov. DeSantis’ And Florida Republicans’ “Don’t Say Gay” Bill. Q: “Karoline tell me your thoughts on ‘Don’t Say Gay Bill,’ that never mentions gay in the bill.” LEAVITT: “I am obviously vehemently opposed to what the Democrats, Disney World, and what I like to call the ‘Democrat Machine’ are saying. As you pointed out, they are factually incorrect. The bill does not say gay, not once. Ron Desantis is doing what's right, and quite frankly what is common sense. He is ensuring that our young children in our public school system [...] are not being taught this crap.” [Newsmax, Interview with Karoline Leavitt, 3/30/22] (VIDEO) 4:40

Leavitt Said She Wished More States Would Enact Laws Similar To Florida’s “Don’t Say Gay” Bill. LEAVITT: “China and Russia and our adversaries around the world are not teaching their children about who is gay and being transgender and all of this other baloney. They are teaching them math and arithmetic and reading
and writing, and that is why our children are falling behind. Quite frankly, this is a national security risk for our country, and I definitely support Ron DeSantis and I wish all governors across the country would follow suit.” [Newsmax, Interview with Karoline Leavitt, 3/30/22] (VIDEO) 5:48

Leavitt Called The Capitol Riot A “Peaceful Protest”

Leavitt: “Jan. 6 Was A Peaceful Protest And There Were Rioters Who Caused Destruction And Violence And They Need To Be Held Accountable.” “Despite the report, Leavitt said the Jan. 6 riots were a peaceful protest that went wrong because of some individual action. ‘Jan. 6 was a peaceful protest and there were rioters who caused destruction and violence and they need to be held accountable. They do not represent the America First movement,’ Leavitt said.” [NH Journal, 10/25/21]

Leavitt Repeatedly Decried The Treatment Of What She Called “Peaceful Protesters” Who Were Detained And Prosecuted For Their Roles In The Capitol Riot

Leavitt: “We Have These Protesters Who Were At The Capitol For A Peaceful Protest, And They’re Being Tortured In Our Prison System. It’s Disturbing. We Have A Two-Tiered Justice System.” LEAVITT: “We have these protesters who were at the Capitol for a peaceful protest, and they’re being tortured in our prison system. It’s disturbing. We have a two-tiered justice system. We have to talk about it. And I agree with President Trump, the January 6th committee is an absolute sham. Anyone who has been a part of it should be absolutely primaried and elected out of office. It’s a waste of taxpayer dollars. So many issues in our country right now because Joe Biden is destroying it singlehandedly. Congress should be focused on the issues that matter to the American people, not another witch hunt against President Trump and his supporters.” [Real America News, Interview with Karoline Leavitt, 2/1/22; Twitter, @AccountableGOP, 2/2/22] (VIDEO)

Leavitt Decried “Peaceful Protester[s] On January 6th” Being Thrown In Jail For Years. LEAVITT: “The Biden Department of Justice is a two tier justice system in Washington D.C. If you were a peaceful protestor on January 6th, who committed nonviolent crimes, you are going to jail at the helm of this Department of Justice for years. But if you're a powerful democrat attorney, like Sussman, who represents Hilary Clinton and helped orchestrate,[...], the greatest political scandal in American History, [...] you get off scot free.” [One America News, Interview with Karoline Leavitt, 5/31/22] (VIDEO)

Leavitt Complained About January 6th Protesters Being Prosecuted, Saying: “There’s A Two-Tiered Justice System In The United States Of America Right Now.” “And the Jan. 6 riots? ‘I would say there’s a two-tiered justice system in the United States of America right now,’ Leavitt said, noting that those who showed up on Jan. 6 to protest are being prosecuted while Black Lives Matter and Antifa protesters are not. She called the hearings partisan and a distraction from the real issues facing the country: inflation, gas prices, open borders and ‘public school systems that are not meeting the standards that they should for children.’” [Conway Daily Sun, Terry Leavitt Op-Ed, 6/29/22]

Leavitt Gave Credence To A Conspiracy Theory That The FBI Was Behind The Capitol Riot, Saying: “We Need A Simple Answer To This Question. Who Is Ray Epps, And Where Is He? I Mean, Really? These Are The Questions That Congress Should Be Answering.” “Would you support an investigation into Nancy Pelosi Chuck Schumer and other Democratic leadership that turned down President Trump's request for National Guard troops days before the breaching of the Capitol who only turned around and accused him of inciting the very violent he sought to prevent?” […] LEAVITT: “We need to play a massive role in looking at the government's knowledge of January 6. Nancy Pelosi’s role. We need a simple answer to this question who is Ray Epps, and where is he? I mean, really? These are the questions that Congress should be answering.” [YouTube, Government Integrity Project, NH-01 GOP Primary Debate, 8/13/22] (VIDEO) 2:04:00

Leavitt Said The Idea That American Democracy Was In Jeopardy Was A “Manufactured Talking Point”

Leavitt Said The Idea That American Democracy Is In Jeopardy Was A “Manufactured Talking Point By The Left-Wing Media To Push Their Assaults On Our Constitutional Rights.” Q: “Why do you think polls show a majority of Americans believe democracy is in jeopardy?” “The basis of this question is a manufactured talking point by the left-wing media to push their assaults on our constitutional rights, advance their woke agenda, and a desperate ploy to distract voters from the abysmal agenda of Joe Biden and the Democrats in DC. Americans aren’t losing faith in our democracy, they are losing trust in our institutions because the Democrats are overreaching with them every chance they can get.” [WMUR, 8/1/22]

Leavitt Said Elise Stefanik Was A Role Model For Young Women In Politics. “In turn, I was more interested in learning about her story, and I asked her who was most influential in her decision to run for office. Leavitt Said Helping Replace Rep. Liz Cheney With Stefanik In House GOP Leadership Was One Of The “Greatest Honors” Of Her Career

Leavitt Said Helping Replace Liz Cheney With Elise Stefanik In House GOP Leadership Was One Of The “Greatest Honors” Of Her Career. “It was one of the greatest honors of my professional career to help replace warmongering Liz Cheney with my America First Warrior former boss Elise Stefanik, as House Republican Chairwoman. Liz Cheney shouldn’t even waste her time flying to New Hampshire because she has a 0% chance of being elected. If she chooses to run, I look forward to watching President Trump destroy Liz Cheney on a debate stage in New Hampshire on his way to a 3rd first-in-the-nation primary victory. In 2022 and 2024, we will destroy the Bush/Cheney political machine once and for all.” [Twitter, @kleavittnh, 9/28/21]

Leavitt Said She Would Have Voted Against A $40 Billion Aid Package For Ukraine. “Candidate Karoline Leavitt said that if she was serving in Congress, she would have been a firm ‘no’ against the $40 billion in aid. ‘It is my goal to represent the needs of the people of New Hampshire, not the people of Ukraine, and right now, the people of New Hampshire are facing record-high inflation. There are mothers in this state that cannot find baby formula. There are restaurant owners who cannot afford to buy food to put it on their menus this summer,’ she said.” [WMUR, 5/20/22]

Leavitt Said It Was “Unconscionable” That The United States Sent More To Ukraine Than Any Other Country In FY 2022. LEAVITT: “How could I in good conscience as a representative of New Hampshire’s first district go to DC and vote for $40 billion taxpayer dollars to go overseas to a country very, very far away who we already gave $14 billion to back in February? Right? So in three months, we’ve given $54 billion to Ukraine. That’s more than we’ve given to any other country in the world for the entire fiscal year of 2020. So we’ve given more to the Ukraine than any other country in the world. Why are we not incentivizing and encouraging the best and brightest from around the world who want to come here, fulfill jobs that we need to be filled. That we cannot fill with American labor.
